FAST-41 INITIATION NOTICE

If a project sponsor believes that their infrastructure project meets the definition of a Covered Project under FAST-41, they may submit this form to apply to have the project included as a Covered Project. The Executive Director and appropriate Facilitating Agency will review the information and determine whether the project meets eligibility requirements. Providing incomplete or inaccurate information may delay the application review and determination of project eligibility. Please note that submitted information will be made public if the project is determined to be included as a Covered Project. Participation in FAST-41 is voluntary.

Paperwork Reduction Act Statement - This information collection meets the requirements of 44 USC § 3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is XXXX-XXXX. We estimate that it will take 180 minutes to read the instructions, gather the facts, and answer the questions. Send only comments relating to our time estimate, including suggestions for reducing this burden, or any other aspects of this collection of information to:

General Services Administration, Regulatory Secretariat Division (M1V1CB), 1800 F Street, NW, Washington, DC 20405.

Project Purpose

Please provide a concise overview of the purpose and objective of the proposed project.

Project Description

Please provide a concise description, including the general location of the proposed project and a summary of geospatial information, if available, illustrating the project area and the locations, if any, of environmental, cultural, and historic resources.

Summary of Financing, Reviews and Authorizations

Please provide a description of any Federal financing, environmental reviews, and authorizations anticipated to be required to complete the proposed project.

Feasibility Statement

Please provide a statement regarding the technical and financial ability of the project sponsor to construct the proposed project, including the project team (i.e., public and/or private investors) and contractors (engineering, environmental, etc.).

Additionally, please provide a statement regarding the commercial viability of the project, to include the following information, as applicable: offtake agreements, demonstrated market demand for the project, degree of design development, status of right-of-way acquisition, status of environmental impact assessments (NEPA), and critical stakeholder support (e.g., is there a participating or programmatic agreement among critical stakeholders?).

Please provide the following additional information to help assess whether the proposed project meets the definition of a Covered Project.

Covered Under NEPA

Please indicate whether you believe that the project is subject to the National Environmental Policy Act (NEPA). Note that for NEPA purposes, if a project is not sufficiently formed or planned, it is not yet subject to NEPA.

Yes No Unsure

Please indicate whether you believe the project will require a full environmental impact statement (rather than an environmental assessment) under NEPA

Yes No Unsure

Project Value

What is the likely total investment cost for this project? \$

Covered by Other Statutes

Please indicate whether you are aware of whether the project is subject to any of the following statutes:

Section 139 of title 23, which is the environmental review process statute for the Federal Highway Administration, Federal Railroad Administration, and Federal Transit Administration.

Yes No Unsure

Programs administered now and in the future by the Department of Transportation [DOT] or its operating administrations under title 23, 46, or 49, United States Code, including direct loan and loan guarantee programs, or other Federal statutes or programs or projects administered by an agency pursuant to their authority under title 49 United States Code.” This includes DOT highway, rail, transit, aviation, port and multimodal projects, and projects funded under DOT’s TIGER and FASTLANE discretionary grant programs.

Yes No Unsure

Section 2348 of title 33, namely water resources development projects to be carried out by the Secretary of the Army, under §2045 of WRDA 2007.

Yes No Unsure

Additional Justification

Please provide additional information to clarify your responses above or support an assessment of whether your project meets the definition of a Covered Project.
