U.S. PRODUCERS' QUESTIONNAIRE

STANDARD STEEL WELDED WIRE MESH FROM MEXICO

This questionnaire must be received by the Commission by <u>July 14, 2020</u>

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its countervailing duty and antidumping investigations concerning standard steel welded wire mesh ("wire mesh") from Mexico (Inv. Nos. 701-TA-653 and 731-TA-1527 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

Name of firm _____

			State	;	Zip Code

PART I.—GENERAL INFORMATION

<u>Background</u>.--This proceeding was instituted in response to a petition filed on June 30, 2020, by Insteel Industries Inc., Mount Airy, North Carolina; Mid South Wire Company, Nashville, Tennessee; National Wire LLC, Conroe, Texas; Oklahoma Steel & Wire Co., Madill, Oklahoma; and Wire Mesh Corp., Houston, Texas. Countervailing and antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and dumping. Questionnaires and other information pertinent to this proceeding are available at

https://www.usitc.gov/investigations/701731/2020/standard_steel_welded_wire_mesh_mexico/preliminary.htm.

Standard steel welded wire mesh.--The product covered by this definition is uncoated standard welded steel reinforcement wire mesh ("wire mesh") produced from smooth or deformed wire. Subject wire mesh is produced in square and rectangular grids of uniformly spaced steel wires that are welded at all intersections. Sizes are specified by combining the spacing of the wires in inches or millimeters and the wire cross-sectional area in hundredths of square inch or millimeters squared. Subject wire mesh may be packaged and sold in rolls or in sheets.

Subject wire mesh is currently produced to ASTM specification A1064/A1064M, which covers carbonsteel wire and welded wire reinforcement, smooth and deformed, for concrete in the following seven styles:

- 1. 6X6 W1.4/W1.4 or D1.4/D1.4
- 2. 6X6 W2.1/W2.1 or D2.1/D2.1
- 3. 6X6 W2.9/W2.9 or D2.9/D2.9
- 4. 6X6 W4/W4 or D4/D4
- 5. 6X12 W4/W4 or D4/D4
- 6. 4X4 W2.9/W2.9 or D2.9/D2.9
- 7. 4X4 W4/W4 or D4/D4

The first number in the style denotes the spacing between the longitudinal wires and the second number denotes the spacing between the transverse wires. In the first style listed above, for example, "6X6" denotes a grid size of six inches by six inches. "W" denotes the use of smooth wire, and "D" denotes the use of deformed wire in making the mesh. The number following the W or D denotes the cross-sectional area of the transverse and longitudinal wires in hundredths of a square inch (i.e., W1.4 or D1.4 is .014 square inches).

Smooth wire is wire that has a uniform cross-sectional diameter throughout the length of the wire.

Deformed wire is wire with indentations or raised transverse ribs, which results in wire that does not have a uniform cross-sectional diameter throughout the length of the wire.

Rolls of subject wire mesh are currently produced in the following styles and actual width and length combinations:

```
Style: 6X6 W1.4/W1.4 or D1.4/D1.4 (i.e., 10 gauge)
Roll Sizes: 5' X 50'
5' X 150'
6' X 150'
5' X 200'
7' X 200'
7.5' X 200'
Style: 6X6 W2.1/W2.1 or D2.1/D2.1 (i.e., 8 gauge)
Roll Sizes: 5' X 150'
Style: 6X6 W2.9/W2.9 or D2.9/D2.9 (i.e., 6 gauge)
Roll Sizes: 5' X 150'
7' X 200'
```

All rolled wire mesh is included in scope regardless of length.

Sheets of subject standard welded wire mesh are currently produced in the following styles and actual width and length combinations:

```
Style: 6X6 W1.4/W1.4 or D1.4/D1.4 (i.e., 10 gauge)
Sheet Size: 3'6" X 7'
           4' X 7'
           X 7'6"
           5' X 10'
           7' X 20'
           7'6" X 20'
           8' X 12'6"
           8' X 15'
           8' X 20'
Style: 6X6 W2.1/W2.1 or D2.1/D2.1 (i.e., 8 gauge)
Sheet Size: 5' X 10'
           7' X 20'
           7'6" X 20'
           8' X 12'6"
           8' X 15'
           8' X 20'
Style: 6X6 W2.9/W2.9 or D2.9/D2.9 (i.e., 6 gauge)
Sheet Size: 3'6" X 20'
           5' X 10'
           7' X 20'
           7'6" X 20'
           8' X 12'6"
           8' X 15'
           8' X 20'
```

```
Style: 6X12 W4/W4 or D4/D4 (i.e., 4 gauge)
Sheet Size: 8' X 20'
```

Style: 4X4 W2.9/W2.9 or D2.9/D2.9 (i.e., 6 gauge)

Sheet Size: 5' X 10'
7' X 20'
7'6" X 20'
8' X 12'6"
8' X 12'8"
8' X 15'
8' X 20'

Style: 4X4 W4/W4 or D4/D4 (i.e., 4 gauge)

Sheet Size: 5' X 10'
8' X 12'6"
8' X 12'8"
8' X 15'
8' X 20'

Any product imported, sold, or invoiced in one of these size combinations is included in this definition.

ASTM specification A1064/A1064M provides for permissible variations in wire gauges, the spacing between transverse and longitudinal wires, and the length and width combinations. To the extent a roll or sheet of welded wire mesh falls within these permissible variations, it is included in this definition.

ASTM specification A1064/A1064M also defines permissible oversteeling, which is the use of a heavier gauge wire with a larger cross-sectional area than nominally specified. It also permits a wire diameter tolerance of + 0.003 inches for products up to W5/D5 and + 0.004 for sizes over W5/D5. A producer may oversteel by increasing smooth or deformed wire diameter up to two whole number size increments on Table 1 of A1064. Subject wire mesh has the following wire diameter ranges, which account for both oversteeling and diameter tolerance:

W/D No.	Maximum Oversteeling No.	Diameter Range (inch)
1.4	(i.e., 10 gauge)	3.4 0.093 to 0.211
2.1	(i.e., 8 gauge)	4.1 0.161 to 0.231
2.9	(i.e., 6 gauge)	4.9 0.189 to 0.253
4.0	(i.e., 4 gauge)	6.0 0.223 to 0.280

To the extent a roll or sheet of wire mesh falls within the permissible variations provided above, it is within this scope.

In addition to the tolerances permitted in ASTM specification A1064/A1064M, wire mesh in this definition includes combinations where:

- 1. A width and/or length combination varies by + one grid size in any direction, i.e., + 6 inches in length or width where the wire mesh's grid size is "6X6"; and/or
- 2. The center-to-center spacing between individual wires may vary by up to one quarter of an inch from the nominal grid size specified.

Length is measured from the ends of any wire and width is measured between the center-line of end longitudinal wires.

Additionally, although the subject wire mesh typically meets ASTM A1064/A1064M, the failure to include certifications, test reports or other documentation establishing that the product meets this specification does not remove the product from the scope. Wire mesh made to comparable foreign specifications (e.g., DIN, JIS, etc.) or proprietary specifications is included in the scope.

Excluded from the scope is wire mesh that is galvanized (i.e., coated with zinc) or coated with an epoxy coating. In order to be excluded as galvanized, the excluded welded wire mesh must have a zinc coating thickness meeting the requirements of ASTM specification A641/A641M. Epoxy coating is a mix of epoxy resin and hardener that can be applied to the surface of steel wire.

Wire mesh is currently imported under statistical reporting numbers 7314.20.0000 and 7314.39.0000. of the Harmonized Tariff Schedule of the United States ("HTSUS"). The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

<u>Reporting of information</u>.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. In addition, if your firm is a U.S. producer, the information you provide on your production and imports of wire mesh and your responses to the questions in Part I of the producer questionnaire will be provided to the U.S. Department of Commerce, upon its request, for use in connection with (and only in connection with) its requirement pursuant to section 702(c)(4)/732(c)(4) of the Act (19 U.S.C. § 1671a(c)(4)/1673a(c)(4)) to make a determination concerning the extent of industry support for the petition requesting this proceeding. Any information provided to Commerce will be transmitted under the confidentiality and release guidelines set forth above. Your

response to these questions constitutes your consent that such information be provided to Commerce under the conditions described above.

<u>D-GRIDS tool.</u>--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macroenabled MS Excel file available for download from the Commission's generic questionnaires webpage (https://www.usitc.gov/trade_remedy/question.htm) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is *optional*. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

I-1a. <u>OMB statistics</u>.--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

I-1b.	TAA information release In the event that the U.S. International Trade Commission (USITC)
	makes an affirmative final determination in this proceeding, do you consent to the USITC's
	release of your contact information (company name, address, contact person, contact person's
	title, telephone number, email address) appearing on the front page of this questionnaire to the
	Departments of Commerce, Labor, and Agriculture, as applicable, so that your firm and its
	workers can be made eligible for benefits under the Trade Adjustment Assistance program?

Yes	l l No	١
1 1 1 5	1 1110	,

I-2a. <u>Establishments covered</u>.--Provide the city, state, zip code, and brief description of each establishment covered by this questionnaire. Firms operating more than one establishment should combine the data for all establishments into a single report.

"<u>Establishment</u>"--Each facility of a firm involved in the <u>production</u> of wire mesh, including auxiliary facilities operated in conjunction with (whether or not physically separate from) such facilities.

Establishments covered ¹	City, State	Zip (5 digit)	Description

Mexico	Antidumping duty			

U.S. P	roducers' Questionnaire –	Standard Steel Welded Wire Mo	esh (Preliminary)	Page 8	
I-5.	OwnershipIs your firm owned, in whole or in part, by any other firm?				
	☐ No ☐ YesList the following information, relating to the ultimate parent/own				
	Firm name	Country	Extent owner (percen	ship	
I-6.	foreign, that are engage engaged in exporting wi	ortersDoes your firm have any d in importing wire mesh from Ner mesh from Mexico to the Unition the following information.	Mexico into the United States		
	Firm name	Country	Affiliation		

I-7.	<u>Related producers</u> Does your firm have any related firms, either domestic or foreign, that are engaged in the production of wire mesh?				
	No YesList the following information.				
	Firm name	Country	Affiliation		

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from Julie Duffy (202-708-2579, julie.duffy@usitc.gov). **Supply all data requested on a <u>calendar-year</u> basis**.

II-1.	<u>Contact information</u> Please identify the responsible individual and the manner by which
	Commission staff may contact that individual regarding the confidential information submitted
	in Part II.

Name	
Title	
Email	
Telephone	

II-2. <u>Changes in operations.</u>—Please indicate whether your firm has experienced any of the following changes in relation to the production of wire mesh since January 1, 2017.

(chec	k as many as appropriate)	(If checked, please describe; leave blank if not applicable)
	plant openings	
	plant closings	
	relocations	
	expansions	
	acquisitions	
	consolidations	
	prolonged shutdowns or production curtailments	
	revised labor agreements	
	other (e.g., technology)	

II-3a. **Production using same machinery.--**Please report your firm's production of products using the same equipment, machinery, or employees as used to produce wire mesh, and the combined production capacity on this shared equipment, machinery, or employees in the periods indicated.

"Overall production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

Note.--If your firm does not produce any out-of-scope merchandise on the same machinery and equipment as scope merchandise then the "overall production capacity" numbers reported in this question should be exactly equal to the "average production capacity" numbers reported in question II-7. If, however, your firm does produce out-of-scope merchandise using the same machinery and equipment as scope merchandise, then the "average production capacity" reported in question II-7 should exclude the portion of "overall production capacity" that was used to produce this out-of-scope merchandise.

"**Production**" – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

¹ Data reported for capacity (first line) should be greater than data reported for total production (last line).

II-3b. <u>Operating parameters.</u>—The production capacity reported in II-3a is based on the following operating paramaters:

Hours per week	Weeks per year

² Data entered for production of wire mesh will populate here once reported in question II-8.

³ Please identify these products: _____.

U.S. Pro	oducers' Q	uestionnai	re – Standard Steel Welded Wire Mesh (Preliminary) Page 12						
II-3c.		Capacity calculationPlease describe the methodology used to calculate overall production capacity reported in II-3a, and explain any changes in reported capacity.							
II-3d.		on constrai	ntsPlease describe the constraint(s) that set the limit(s) on your firm's						
II-4.	Product s	shifting.—							
		•	able to switch production (capacity) between wire mesh and other products me equipment and/or labor?						
	No	Yes	If yes—(i.e., have produced other products or are able to produce other products) Please identify other actual or potential products.						
	b	etween pro	ribe the factors that affect your firm's ability to shift production capacity oducts (e.g., time, cost, relative price change, etc.), and the degree to which s enhance or constrain such shifts.						
II-5.	_	Since Janua on of wire r	ary 1, 2017, has your firm been involved in a toll agreement regarding the nesh?						
	materials	and the se	agreement between two firms whereby the first firm furnishes the raw econd firm uses the raw materials to produce a product that it then returns a charge for processing costs, overhead, etc.						
	No	Yes	If yesPlease describe the toll arrangement(s) and name the firm(s) involved.						

II-6.	Foreign	trade	zones

(a) <u>Firm's FTZ operations</u>.--Does your firm produce wire mesh in and/or admit wire mesh into a foreign trade zone (FTZ)?

"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise. A foreign trade zone must be designated as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

No	If yesDescribe the nature of your firm's operations in FTZs and identify the specific FTZ site(s).

(b) Other firms' FTZ operations.--To your knowledge, do any firms in the United States import wire mesh into a foreign trade zone (FTZ) for use in distribution of wire mesh and/or the production of downstream articles?

No	Yes	If yesIdentify the firms and the FTZs.

- II-7. <u>Production, shipment, and inventory data</u>.--Report your firm's production capacity, production, shipments, and inventories related to the production of wire mesh in its U.S. establishment(s) during the specified periods.
 - "Average production capacity" or "capacity" The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).
 - "**Production**" All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.
 - "Commercial U.S. shipments" Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report <u>net values</u> (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.
 - "Internal consumption" Product consumed internally by your firm. Such transactions are valued at fair market value.
 - "Transfers to related firms" Shipments made to related firms. Such transactions are valued at fair market value.
 - "Related firm" —A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.
 - "Export shipments" Shipments to destinations outside the United States, including shipments to related firms.
 - "Inventories" Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-7. Production, shipment, and inventory data.--Continued

<u>RECONCILIATION OF US SHIPMENTS BY PRODUCT TYPE.</u>--Please ensure that the quantities reported for U.S. shipments by product types (i.e., lines O and P) across both columns equal the quantities reported for U.S. shipments (i.e., line D, F, H) in 2019 from question II-7. If the calculated fields below return values other than zero (i.e., "0"), the data reported must be revised prior to submission to the Commission.

Reconciliation	Calendar year 2019
O + P – D - F- H = zero ("0"), if not revise.	0

II-10. **Employment data**.--Report your firm's employment-related data related to the production of wire mesh and provide an explanation for any trends in these data.

"Production and Related Workers" (PRWs) includes working supervisors and all nonsupervisory workers (including group leaders and trainees) engaged in fabricating, processing, assembling, inspecting, receiving, storage, handling, packing, warehousing, shipping, trucking, hauling, maintenance, repair, janitorial and guard services, product development, auxiliary production for plant's own use (e.g., power plant), recordkeeping, and other services closely associated with the above production operations.

Average number employed may be computed by adding the number of employees, both full time and part time, for the 12 pay periods ending closest to the 15th of the month and divide that total by 12. For the January to March periods, calculate similarly and divide by 3.

If your firm had the same number of PRWs in all calendar years and had not experienced any changes in PRWs in the most recent interim period, you would have the same number of PRWs for the interim periods, regardless of whether the interim periods are Jan-Mar (Q1), Jan-June (Q1+Q2), or Jan-Sept (Q1+Q2+Q3)."

"Hours worked" includes time paid for sick leave, holidays, and vacation time. Include overtime hours actually worked; do not convert overtime pay to its equivalent in straight time hours.

"Wages paid" – Total wages paid before deductions of any kind (e.g., withholding taxes, old-age and unemployment insurance, group insurance, union dues, bonds, etc.). Include wages paid directly by your firm for overtime, holidays, vacations, and sick leave.

	Calendar years			January-March	
Item	2017	2018	2019	2019	2020
Average number of PRWs (number)					
Hours worked by PRWs (1,000 hours)					
Wages paid to PRWs (\$1,000)					

Explanation of trends:

II-11.	Related firmsIf your firm reported transfers to related firms in question II-7, please identify the firm(s) and indicate the nature of the relationship between your firm and the related firms (e.g., joint venture, wholly owned subsidiary), whether the transfers were priced at market
	value or by a non-market formula, whether your firm retained marketing rights to all transfers, and whether the related firms also processed inputs from sources other than your firm.

2.	Accounting sy accounting sys	stem.—Please provide the following information on your firm's financial stem.
	A.	When does your firm's fiscal year end (month and day)? If your firm's fiscal year changed during the data-collection period, explain below:
	B.1.	Describe the lowest level of operations (e.g., plant, division, company-wide) for which financial statements are prepared that include wire mesh:
	2.	Does your firm prepare profit/loss statements for wire mesh: Yes No
	3.	How often did your firm (or parent company) prepare financial statements (including annual reports, 10Ks)? Please check relevant items below. Audited, unaudited, annual reports, 10Ks, 10 Qs, Monthly, quarterly, semi-annually, annually
	4.	Accounting basis: U.S. GAAP, IFRS, cash, tax, or other comprehensive basis of accounting (specify)
	used in regard submit profit-d	As requested in Part I of this questionnaire, please keep all supporting documents/record the preparation of the financial data, as Commission staff may contact your firm ing questions on the financial data. The Commission may also request that your company copies of the supporting documents/records (financial statements, including internal and-loss statements for the division or product group that includes wire mesh, as well as a statements and worksheets) used to compile these data.
3.	Cost accounting cost, job order	ng systemBriefly describe your firm's cost accounting system (e.g., standard cost, etc.).

your most recently completed fiscal year. For "Input valuation" please describe the be recorded in your company's own accounting system, of the purchase cost from the resupplier; e.g., the related supplier's actual cost, cost plus, negotiated transfer price to approximate fair market value.				
approximate fair			St f	Loos
	market value. Related su	pplier	Share of total	l COGS

If no--In the space below, please report the valuation basis of inputs purchased from related suppliers as reported in question III-9a.

III-9a. Operations on wire mesh.--Report the revenue and related cost information requested below on the wire mesh operations of your firm's U.S. establishment(s).¹ Do not report resales of products. Note that internal consumption and transfers to related firms must be valued at fair market value. Input purchases from related suppliers should be consistent with and based on information in the firm's accounting books and records. Provide data for your firm's three most recently completed fiscal years, and for the specified interim periods. If your firm was involved in tolling operations (either as the toller or as the tollee), please contact David Boyland at (202) 708-4725 before completing this section of the questionnaire.

Quantity (i	in short tons) a	nd value (in \$1	,000)		
	Fisca	al years ended-		January-I	March
Item	2017	2018	2019	2019	2020
Net sales quantities: ² Commercial sales ("CS")					
Internal consumption ("IC")					
Transfers to related firms ("Transfers")					
Total net sales quantities	0	0	0	0	0
Net sales values: ² Commercial sales					
Internal consumption					
Transfers to related firms					
Total net sales values	0	0	0	0	0
Cost of goods sold (COGS): ³ Wire rod					
Other raw materials					
Total raw materials	0	0	0	0	0
Direct labor					
Other factory costs					
Total COGS	0	0	0	0	0
Gross profit or (loss)	0	0	0	0	0
Selling, general, and administrative (SG&A) expenses:					
Operating income (loss)	0	0	0	0	0
Other expenses and income: Interest expense					
All other expense items					
All other income items					
Net income or (loss) before income taxes	0	0	0	0	0
Depreciation/amortization included above					

¹ Include only sales (whether <u>domestic or export</u>) and costs related to your <u>U.S. manufacturing operations</u>.

Note --The table above contains calculations that will appear when you have entered data in the MS Word form fields.

² Less discounts, returns, allowances, and prepaid freight. The quantities and values should approximate the corresponding shipment quantities and values reported in Part II of this questionnaire.

³ COGS (whether for domestic or export sales) should include costs associated with CS, IC, and Transfers.

III-9b.	<u>Financial data reconciliation</u> The calculable line items from question III-9a (i.e., total net sales
	quantities and values, total COGS, gross profit (or loss), operating income or (loss), and net
	income (or loss)) have been calculated from the data submitted in the other line items. Do the
	calculated fields return the correct data according to your firm's financial records ignoring non-
	material differences that may arise due to rounding?

Yes	No	If noIf the calculated fields do not show the correct data, please double check the feeder data for data entry errors and revise. Also, check signs accorded to the post operating income line items; the two expense line items should report positive numbers (i.e., expenses are positive and incomes or reversals are negativeinstances of the latter should be rare in those lines) while the income line item also in most instances should have its value be a positive number (i.e., income is positive, expenses or reversals are negative). If after reviewing and potentially revising the feeder data your firm has provided, the differences between your records and the calculated fields persist please identify and discuss the differences in the space below.

III-10. Nonrecurring items (charges and gains) included in wire mesh financial results.--For each annual and interim period for which financial results are reported in question III-9a, please specify all material (significant) nonrecurring items (charges and gains) in the schedule below, the specific question III-9a line item where the nonrecurring items are included, a brief description of the relevant nonrecurring items, and the associated values (in \$1,000), as reflected in question III-9a; i.e., if an aggregate nonrecurring item has been allocated to question III-9a, only the allocated value amount included in question III-9a should be reported in the schedule below. Note: The Commission's objective here is to gather information only on material (significant) nonrecurring items which impacted the reported wire mesh financial results in question III-9a.

	Fiscal years ended			January-March

Nonrecurring item 7		

III-11.	<u>Classification of identified nonrecurring items (charges and gains) in the accounting books and records of the company</u> If non-recurring items were reported in question III-10 above, please identify where your company recorded these items in your accounting books and records in the
	normal course of business; i.e., just as responses to question III-10 identify where these items are reported in question III-9a.

III-12a. <u>Asset values</u>.--Report the <u>total</u> assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of wire mesh. If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for wire mesh in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with relevant cost allocations in question III-9a. Provide data as of the end of your firm's three most recently completed fiscal years.

Note: Total assets should reflect <u>net assets</u> after any accumulated depreciation and allowances deducted. Total assets should be allocated to the subject products if these assets are also related to other products.

Value (in \$1,000)

III-14.	Data consistency and reconciliationPlease indicate whether your firm's financial data for	or
	questions III-9a, 12, and 13 are based on a calendar year or on your firm's fiscal year:	

Calendar year	Fiscal year	Specify fiscal year

Please note the quantities and values reported in question III-9a should reconcile with the data reported in question II-7 (including export shipments) as long as they are reported on the same calendar year basis.

<u>RECONCILIATION OF TRADE VS FINANCIAL DATA</u>.--Please ensure that the quantities and values reported for total shipments in Part II equal the quantities and values reported for total net sales in Part III of this questionnaire in each time period unless the financial data from Part III are reported on a fiscal year basis, in which case only the interim periods must reconcile. If the calculated fields below return values other than zero (i.e., "0") and both are being reported on a calendar basis, please explain the discrepancy below.

	Fis	cal years ende	d	January	-March
Reconciliation	2017	2018	2019	2019	2020
Quantity: Trade data from question II-7 (lines D, F, H, and J) less financial total net sales quantity data from question III-9a, = zero ("0").	0	0	0	0	0
Value: Trade data from question II-7 (lines E, G, I, and K) less financial total net sales value data from question III-9a, = zero ("0").	0	0	0	0	0

Do these data in question III-9a reconcile with data in question II-7?

Yes	No	If no, please explain.

No	Yes		
		If yes, my firm has experienced ac	tual negative effects as follows.
	(ched	ck as many as appropriate)	(please describe)
		Cancellation, postponement, or rejection of expansion projects	
		Denial or rejection of investment proposal	
		Reduction in the size of capital investments	
		Return on specific investments negatively impacted	

III-16.	Effects of imports on growth and developmentSince January 1, 2017, has your firm
	experienced any actual negative effects on its growth, ability to raise capital, or existing
	development and production efforts (including efforts to develop a derivative or more advanced
	version of the product) as a result of imports of wire mesh from Mexico?

No	Yes		
		If yes, my firm has experier	nced actual negative effects as follows.
	(ched	ck as many as appropriate)	(please describe)
		Rejection of bank loans	
		Lowering of credit rating	
		Problem related to the issue of stocks or bonds	
		Ability to service debt	
		Other	

U.S. Producers	' Questionnaire –	- Standard Steel	Welded Wire Mesh	(Preliminary)
-----------------------	-------------------	------------------	------------------	---------------

III-17.	Anticipated effects of importsDoes your firm anticipate any negative effects due to imports of
	wire mesh from Mexico?

No	Yes	If yes, my firm anticipates negative effects as follows.

III-18.	Other explanationsIf your firm would like to further explain a response to a question in Part III for which a narrative box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

PART IV.--PRICING AND MARKET FACTORS

Further information on this part of the questionnaire can be obtained from Pamela Davis (202-205-2218, Pamela.Davis@usitc.gov).

IV-1. <u>Contact information</u>.--Please identify the individual that Commission staff may contact regarding the confidential information submitted in Part IV.

PRICE DATA

IV-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2017 of the following products produced by your firm.

Product 1.-- 6x6, 10 gauge, W/D1.4 W/D1.4, 5' x 150' rolls

Product 2.-- 6x6, 10 gauge, W/D1.4 W/D1.4, 8' x 20' sheets

Product 3.-- 6x6, 6 gauge, W/D2.9 W/D2.9, 8' x 20' sheets

Product 4.-- 6x6, 8 gauge, W/D2.1 W/D2.1, 8' x 20' sheets

Please note that values should be <u>f.o.b.</u>, <u>U.S.</u> point of shipment and should not include U.S.-inland transportation costs. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates).

IV-2a. During January 2017-March 2020, did your firm produce and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

YesPlease complete the following pricing data table as appropriate.
NoSkip to question IV-3.

IV-2b. <u>Price data</u>.--Report below the quarterly price data¹ for pricing products² produced and sold by your firm.

Report data in *short tons* and *actual dollars* (not 1,000s).

Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for wire mesh.				

IV-19. <u>Interchangeability.</u>—Is wire mesh produced in the United States and in other countries interchangeable (i.e., can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

A = the products from a specified country-pair are *always* interchangeable

F = the products are *frequently* interchangeable

S = the products are *sometimes* interchangeable

N = the products are *never* interchangeable

0 = no familiarity with products from a specified country-pair

Country-pair	Mexico	Other countries
United States		
Mexico		

For any country-pair producing wire mesh that is *sometimes* or *never* interchangeable, identify the country-pair and explain the factors that limit or preclude interchangeable use:

IV-20. <u>Factors other than price</u>.--Are differences other than price (e.g., quality, availability, transportation network, product range, technical support, *etc.*) between wire mesh produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

0 = *no familiarity* with products from a specified country-pair

Country-pair	Mexico	Other countries
United States		
Mexico		

For any country-pair for which factors other than price *always* or *frequently* are a significant factor in your firm's sales of wire mesh, identify the country-pair and report the advantages or disadvantages imparted by such factors:

IV-21.	Raw	materials.—	
--------	-----	-------------	--

(a) H	low have	wire mesh	raw material	costs changed	since January	√1, 2017?
-------	----------	-----------	--------------	---------------	---------------	-----------

Factor	Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for wire mesh.
Cost of raw materials					

(b) How did the imposition of tariffs under section 232 on imported steel/aluminum products impact raw material costs for Wire Mesh?

Factor	Overall increase	No change	Overall decrease	Fluctuate with no clear trend
Cost of raw materials after section 232 tariffs imposed				

(c) How did the imposition of tariffs under section 232 on imported steel/aluminum products impact your firm's sales price for wire mesh?

Factor	Overall Increase	No change	Overall Decrease	Fluctuate with no clear trend	Explanation
Prices for wire mesh					

IV-21. <u>Customer identification</u>.--List the names and contact information for your firm's 10 largest U.S. customers for wire mesh since January 1, 2017. Indicate the share of the quantity of your firm's total shipments of wire mesh that each of these customers accounted for in 2019.

IV-22.	Com	petition	from	im	ports

(a)	Lost revenue Since January 1, 2017: To avoid losing sales to competitors selling wire
	mesh from Mexico, did your firm:

Item	No	Yes
Reduce prices		
Roll back announced price increases		

(b) <u>Lost sales.</u>--Since January 1, 2017: Did your firm lose sales of wire mesh to imports of this product from Mexico?

No	Yes		

(c) The submission of lost sales/lost revenue allegations is to be completed only by NON-PETITIONERS.

If your firm indicated "yes" to any of the above, your firm can provide the Commission with additional information by downloading and completing the lost sales/lost revenues worksheet at http://usitc.gov/trade_remedy/question.htm. Note that the Commission may contact the firms named to verify the allegations reported.

Is your firm submitting the lost sales/lost revenues worksheet?

No—Please explain.
Yes—Please complete the worksheet and submit via the Commission dropbox. https://dropbox.usitc.gov/oinv/ . (PIN: WIRE)

IV-23. Other explanations.--If your firm would like to further explain a response to a question in Part IV for which a narrative response box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://www.usitc.gov/investigations/701731/2020/standard_steel_welded_wire_mesh_mexico/preliminary.htm

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: MESH

• E-mail.—E-mail the MS Word questionnaire to julie.duffy@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm does not produce this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

<u>Parties to this proceeding</u>.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
