U.S. PRODUCERS' QUESTIONNAIRE

SILICON METAL FROM BOSNIA-HERZEGOVINA, ICELAND, KAZAKHSTAN, AND MALAYSIA

This questionnaire must be received by the Commission by <u>July 14, 2020.</u>

See last page for filing instructions.

The information called for in this questionnaire is for use by the United States International Trade Commission in connection with its countervailing duty investigation concerning imports of silicon metal from Kazakhstan and the antidumping investigations concerning silicon metal from Bosnia-Herzegovina, Iceland, and Malaysia (Inv. Nos. 701-TA-652 and 731-TA-1524-1526 (Preliminary)). The information requested in the questionnaire is requested under the authority of the Tariff Act of 1930, title VII. This report is mandatory and failure to reply as directed can result in a subpoena or other order to compel the submission of records or information in your firm's possession (19 U.S.C. § 1333(a)).

PART I.—GENERAL INFORMATION

Background.-- This proceeding was instituted in response to a petition filed on June 30, 2020, by Globe Specialty Metals, Inc., Beverly, Ohio, and Mississippi Silicon LLC, Burnsville, Mississippi. Countervailing/antidumping duties may be assessed on the subject imports as a result of these proceedings if the Commission makes an affirmative determination of injury, threat, or material retardation, and if the U.S. Department of Commerce ("Commerce") makes an affirmative determination of subsidization and/or dumping. Questionnaires and other information pertinent to this proceeding are available at

https://www.usitc.gov/investigations/701731/2020/silicon_metal_bosnia_iceland_kazakhstan_and/prel_iminary.htm.

<u>Silicon metal</u> covered by these investigations is all forms and sizes of silicon metal, including silicon metal powder. Silicon metal contains at least 85.00 percent but less than 99.99 percent silicon, and less than 4.00 percent iron, by actual weight. Semiconductor grade silicon (merchandise containing at least 99.99 percent silicon by actual weight and classifiable under Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting number 2804.61.0000) is excluded from the scope of this investigation.

Silicon metal is currently classifiable under statistical reporting numbers 2804.69.1000 and 2804.69.5000 of the HTSUS. While the HTSUS numbers are provided for convenience and customs purposes, the written description of the scope remains dispositive.

Reporting of information.--If information is not readily available from your records, provide carefully prepared estimates. If your firm is completing more than one questionnaire (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions.

<u>Confidentiality</u>.--The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 1677f). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

<u>Verification</u>.--The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

Release of information.--The information provided by your firm in response to this questionnaire, as well as any other business proprietary information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Tariff Act of 1930 (19 U.S.C. § 1677f) and section 207.7 of the Commission's Rules of Practice and Procedure (19 CFR § 207.7). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals. In addition, if your firm is a U.S. producer, the information you provide on your production and imports of silicon metal and your responses to the questions in Part I of the producer questionnaire will be provided to the U.S. Department of Commerce, upon its request, for use in connection with (and only in connection with) its requirement pursuant to section 702(c)(4)/732(c)(4) of the Act (19 U.S.C. § 1671a(c)(4)/1673a(c)(4)) to make a determination concerning the extent of industry support for the petition requesting this proceeding. Any information provided to Commerce will be transmitted under the confidentiality and release guidelines set forth above. Your response to these questions constitutes your consent that such information be provided to Commerce under the conditions described above.

<u>D-GRIDS tool.</u>--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macroenabled MS Excel file available for download from the Commission's generic questionnaires webpage (https://www.usitc.gov/trade_remedy/question.htm) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is *optional*. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

I-1a. <u>OMB statistics</u>.--Please report below the actual number of hours required and the cost to your firm of completing this questionnaire.

Hours	Dollars

The questions in this questionnaire have been reviewed with market participants to ensure that issues of concern are adequately addressed and that data requests are sufficient, meaningful, and as limited as possible. Public reporting burden for this questionnaire is estimated to average 50 hours per response, including the time for reviewing instructions, gathering data, and completing and reviewing the questionnaire.

We welcome comments regarding the accuracy of this burden estimate, suggestions for reducing the burden, and any suggestions for improving this questionnaire. Please attach such comments to your response or send to the Office of Investigations, USITC, 500 E St. SW, Washington, DC 20436.

PART II.--TRADE AND RELATED INFORMATION

Further information on this part of the questionnaire can be obtained from Lawrence Jones (202-205-3358, <u>Lawrence.jones@usitc.gov</u>). Supply all data requested on a <u>calendar-year</u> basis.

II-1.		nationPlease identify the responsible aff may contact that individual regardir	individual and the manner by which ng the confidential information submitted
	Name		
	Title		
	Email		
	Telephone		

II-2. <u>Changes in operations.</u>—Please indicate whether your firm has experienced any of the following changes in relation to the production of silicon metal since January 1, 2017.

(chec	k as many as appropriate)	(If checked, please describe; leave blank if not applicable)
	plant openings	
	plant closings	
	relocations	
	expansions	
	acquisitions	
	consolidations	
	prolonged shutdowns or production curtailments	
	revised labor agreements	
	other (e.g., technology)	

II-3a. **Production using same machinery.--**Please report your firm's production of products using the same equipment, machinery, or employees as used to produce silicon metal, and the combined production capacity on this shared equipment, machinery, or employees in the periods indicated.

"Overall production capacity" or "capacity" – The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup).

Note.--If your firm does not produce any out-of-scope merchandise on the same machinery and equipment as scope merchandise then the "overall production capacity" numbers reported in this question should be exactly equal to the "average production capacity" numbers reported in question II-7. If, however, your firm does produce out-of-scope merchandise using the same machinery and equipment as scope merchandise, then the "average production capacity" reported in question II-7 should exclude the portion of "overall production capacity" that was used to produce this out-of-scope merchandise.

"**Production**" – All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.

Quantity (in short tons)							
		Calendar years	January-March				
ltem	2017	2018	2019	2019	2020		
Overall production capacity ¹							
Production of: Silicon metal on a contained silicon basis ²	0	0	0	0	0		
Weight of other elements							
Silicon metal on a total weight basis	0	0	0	0	0		
Out-of-scope products: Ferrosilicon							
All other products ³							
Total production using same machinery or workers	0	0	0	0	0		

¹ Data reported for capacity (first line) should be greater than data reported for total production (last line).

II-3b. <u>Operating parameters.</u>—The production capacity reported in II-3a is based on the following operating parameters:

Hours per week	Weeks per year

² Data entered for production of silicon metal will populate here once reported in question II-7.

³ Please identify these products: .

II-3c.			ıPlease describe the methodology used to calculate overall production II-3a, and explain any changes in reported capacity.
II-3d.		on constrai on capacity	ntsPlease describe the constraint(s) that set the limit(s) on your firm's
II-4.	Product	shifting.—	
		-	able to switch production (capacity) between silicon metal and other products me equipment and/or labor?
	No	Yes	If yes—(i.e., have produced other products or are able to produce other products) Please identify other actual or potential products.
	k	oetween pro	ribe the factors that affect your firm's ability to shift production capacity oducts (e.g., time, cost, relative price change, etc.), and the degree to which s enhance or constrain such shifts.
II-4b.		-	hifting .—Did your firm at any time since January 1, 2017 switch production on from silicon metal production to ferrosilicon production, or the reverse?
	No	Yes	If yes—Please disucss each instance of your firms;s retooling of any furance between silcion metal and ferrosilicon production since January 1, 2017 include in this discussion the specific month and year of the retoling and the amount of capacity that was added or removed from silicon metal procudction.

П	١ς	Producers'	Questionnaire	- Silicon I	Metal (Di	reliminary)
u		Producers	Questionnaire	- Silicon i	ivietai (Pi	emmarv

II-5.	TollingSince January 1, 2017, has your firm been involved in a toll agreement regarding the
	production of silicon metal?

"Toll agreement"--Agreement between two firms whereby the first firm furnishes the raw materials and the second firm uses the raw materials to produce a product that it then returns to the first firm with a charge for processing costs, overhead, etc.

No	Yes	If yesPlease describe the toll arrangement(s) and name the firm(s) involved.

II-6. Foreign trade zones.--

(a) <u>Firm's FTZ operations</u>.--Does your firm produce silicon metal in and/or admit silicon metal into a foreign trade zone (FTZ)?

"Foreign trade zone" is a designated location in the United States where firms utilize special procedures that allow delayed or reduced customs duty payments on foreign merchandise. A foreign trade zone must be designated as such pursuant to the rules and procedures set forth in the Foreign-Trade Zones Act.

No	If yesDescribe the nature of your firm's operations in FTZs and identify the specific FTZ site(s).

(b) Other firms' FTZ operations.—To your knowledge, do any firms in the United States import silicon metal into a foreign trade zone (FTZ) for use in distribution of silicon metal and/or the production of downstream articles?

No	Yes	If yesIdentify the firms and the FTZs.

- II-7. <u>Production, shipment, and inventory data</u>.--Report your firm's production capacity, production, shipments, and inventories related to the production of silicon metal in its U.S. establishment(s) during the specified periods.
 - "Average production capacity" or "capacity" The level of production that your establishment(s) could reasonably have expected to attain during the specified periods. Assume normal operating conditions (i.e., using equipment and machinery in place and ready to operate; normal operating levels (hours per week/weeks per year) and time for downtime, maintenance, repair, and cleanup; and a typical or representative product mix).
 - "Production" All production in your U.S. establishment(s), including production consumed internally within your firm and production for another firm under a toll agreement.
 - "Commercial U.S. shipments" Shipments made within the United States as a result of an arm's length commercial transaction in the ordinary course of business. Report <u>net values</u> (i.e., gross sales values less all discounts, allowances, rebates, prepaid freight, and the value of returned goods) in U.S. dollars, f.o.b. your point of shipment.
 - "Internal consumption" Product consumed internally by your firm. Such transactions are valued at fair market value.
 - "Transfers to related firms" Shipments made to related firms. Such transactions are valued at fair market value.
 - "Related firm" —A firm that your firm solely or jointly owned, managed, or otherwise controlled; a firm that solely or jointly owned, managed, or otherwise controlled your firm; and/or a firm that was solely or jointly owned, managed, or otherwise controlled by a firm that also solely or jointly owned, managed, or otherwise controlled your firm.
 - "Export shipments" Shipments to destinations outside the United States, including shipments to related firms.
 - "Inventories" Finished goods inventory, not raw materials or work-in-progress.

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the trade data, as Commission staff may contact your firm regarding questions on the trade data. The Commission may also request that your company submit copies of the supporting documents/records (such as production and sales schedules, inventory records, etc.) used to compile these data.

II-7. <u>Production, shipment, and inventory data.</u>--Continued

<u>RECONCILIATION OF SHIPMENTS.</u>--Please ensure that the quantities and values reported for shipments by form (i.e., lines R thru U) in each time period equal the quantities and values reported for U.S. shipments (i.e., lines D through I) in each time period. If the calculated fields below return values other than zero (i.e., "0"), the data reported must be revised prior to submission to the Commission.

Reconciliation item	Calendar year 2019
Quantity reconcile: $R + T - D - F - H = zero$ ("0"), if not revise.	0
Value reconcile: $S + U - E - G - I = zero$ ("0"), if not revise.	0

Explanation of trends:

II-10. <u>Employment data</u>.--Report your firm's employment-related data related to the production of silicon metal and provide an explanation for any trends in these data.

"Production and Related Workers" (PRWs) includes working supervisors and all nonsupervisory workers (including group leaders and trainees) engaged in fabricating, processing, assembling, inspecting, receiving, storage, handling, packing, warehousing, shipping, trucking, hauling, maintenance, repair, janitorial and guard services, product development, auxiliary production for plant's own use (e.g., power plant), recordkeeping, and other services closely associated with the above production operations.

Average number employed may be computed by adding the number of employees, both full time and part time, for the 12 pay periods ending closest to the 15th of the month and divide that total by 12. For the January to March periods, calculate similarly and divide by 3.

If your firm had the same number of PRWs in all calendar years and had not experienced any changes in PRWs in the most recent interim period, you would have the same number of PRWs for the interim periods, regardless of whether the interim periods are Jan-Mar (Q1), Jan-June (Q1+Q2), or Jan-Sept (Q1+Q2+Q3)."

"Hours worked" includes time paid for sick leave, holidays, and vacation time. Include overtime hours actually worked; do not convert overtime pay to its equivalent in straight time hours.

"Wages paid" – Total wages paid before deductions of any kind (e.g., withholding taxes, old-age and unemployment insurance, group insurance, union dues, bonds, etc.). Include wages paid directly by your firm for overtime, holidays, vacations, and sick leave.

		Calendar years	3	January	-March
Item	2017	2018	2019	2019	2020
Average number of PRWs (number)					
Hours worked by PRWs (1,000 hours)					
Wages paid to PRWs (\$1,000)					

	Related firmsIf your firm reported transfers to related firms in question II-7, please identify the firm(s) and indicate the nature of the relationship between your firm and the related firms (e.g., joint venture, wholly owned subsidiary), whether the transfers were priced at market value or by a non-market formula, whether your firm retained marketing rights to all transfers and whether the related firms also processed inputs from sources other than your firm.
--	---

II-12.	<u>Purchases</u> Has your firm purchased silicon metal produced in the United States or in other
	countries since January 1, 2017? (Do not include imports for which your firm was the importer
	of record. These should be reported in an importer questionnaire.)

"Purchase" – A transaction to buy product from a U.S. corporate entity such as another U.S. producer, a U.S. distributor, or a U.S. firm that has directly imported the product.

"Import" —A transaction to buy from a foreign supplier where your firm is the importer of record.

No	If yesReport such purchases in the table below and explain the reasons for your firms' purchases.

Note: If your firm served as the importer of record for any purchases from foreign suppliers, either for your own account or as a service for another entity, those purchases are to be considered "imports" not "purchases" and **should not** be included in the table below

(Quant	ity in short t	ons contained	d silicon)

III-7b.	Inputs purchased from related suppliersPlease confirm that the inputs purchased from
	related suppliers, as identified in III-7a, are reported in III-9a (financial results on silicon metal) in
	a manner consistent with your firm's accounting books and records.

Yes	No	If noIn the space below, please report the valuation basis of inputs purchased from related suppliers as reported in question III-9a.

III-8a.	By-products .—Does your firm have any by-product sales revenue associated with its silicon metal operations? If yes, identify the by-product(s) in the space below, and complete table III-8b. If no, please continue to question III-9a.			
	☐ Yes ☐ No			

III-8b. <u>By-product revenue.</u>--Report your firm's total by-product sales revenue associated with the silicon metal operations of your U.S. establishment(s). Provide data for the three requested calendar years, and for the specified interim periods. **Note: the data provided below will appear in question III-9a as a reduction to COGS.**

	Value	(in \$1,000)			
	Calendar years			January-March	
Item	2017	2018	2019	2019	2020
By-product sales revenue ¹					

¹ Please describe how your firm classifies these by-product revenues in the normal course of business (e.g., included in net sales values, as a reduction to COGS, included in "all other income"). _____

III-9a. Operations on silicon metal.--Report the revenue and related cost information requested below on the silicon metal operations of your firm's U.S. establishment(s). Do not report resales of products. Note that internal consumption and transfers to related firms must be valued at fair market value. Input purchases from related suppliers should be consistent with and based on information in the firm's accounting books and records. Transfer values for silicon metal sales to a joint venture partner should reflect the relevant partner price. Provide data for the three requested calendar years, and for the specified interim periods.

	٦	alendar years	January-March		
ltem	2017	2018	2019	2019	2020
Net sales quantities: ²					
Commercial sales ("CS")					
Internal consumption ("IC")					
Transfers to related firms and joint venture partners ("Transfers")					
Total net sales quantities	0	0	0	0	С
Net sales values: ² Commercial sales					
Internal consumption					
Transfers to related firms and joint venture partners					
Total net sales values	0	0	0	0	C
Cost of goods sold (COGS): ³ Raw materials					
Electricity					
Direct labor					
Other factory costs					
Less: by-product revenue	0	0	0	0	C
Total COGS	0	0	0	0	C
Gross profit or (loss)	0	0	0	0	C
Selling, general, and administrative (SG&A) expenses					
Operating income (loss)	0	0	0	0	0
Other expenses and income: Interest expense					
All other expense items					
All other income items					
Net income or (loss) before income taxes	0	0	0	0	C
Depreciation/amortization included above					

¹ Include only sales (whether domestic or export) and costs related to your U.S. manufacturing operations.

Note --The table above contains calculations that will appear when you have entered data in the MS Word form fields.

² Less discounts, returns, allowances, and prepaid freight.

³ COGS (whether for domestic or export sales) should include costs associated with CS, IC, and Transfers. <u>Electricity costs specific to the manufacture of silicon metal should be reported in the designated line item.</u>

III-9b.	Financial data reconciliation The calculable line items from question III-9a (i.e., total net sales
	quantities and values, total COGS, gross profit (or loss), operating income (or loss), and net
	income (or loss)) have been calculated from the data submitted in the other line items. Do the
	calculated fields return the correct data according to your firm's financial records ignoring non-
	material differences that may arise due to rounding?

Yes	No	If noIf the calculated fields do not show the correct data, please double check the feeder data for data entry errors and revise. Also, check signs accorded to the post operating income line items; the two expense line items should report positive numbers (i.e., expenses are positive and incomes or reversals are negativeinstances of the latter should be rare in those lines) while the income line item also in most instances should have its value be a positive number (i.e., income is positive, expenses or reversals are negative). If after reviewing and potentially revising the feeder data your firm has provided, the differences between your records and the calculated fields persist please identify and discuss the differences in the space below.

III-9c. Raw materials.--Please report the share of total raw material costs in 2019 (reported in III-9a) for the following raw material inputs:

		Procurement method			
Input	Share of total raw material costs (percent)	Primarily produced by your firm	Primarily purchased by your firm		
Quartz					
Carbonaceous reductants (e.g., coal, charcoal, petroleum coke, other)					
Bulking agents (e.g., wood chips, other)					
Other material inputs ¹					
Total (should sum to 100 percent)	0.0				

¹ Please indicate any other notable "other" raw materials not expressly identified above and provide the share of the total raw material costs that they account for: _____.

III-10. Nonrecurring items (charges and gains) included in the subject product financial results.--For each annual and interim period for which financial results are reported in question III-9a, please specify all material (significant) nonrecurring items (charges and gains) in the schedule below, the specific question III-9a line item where the nonrecurring items are included, a brief description of the relevant nonrecurring items, and the associated values (in \$1,000), as reflected in question III-9a; i.e., if an aggregate nonrecurring item has been allocated to question III-9a, only the allocated value amount included in question III-9a should be reported in the schedule below. Note: The Commission's objective here is to gather information only on material (significant) nonrecurring items which impacted the reported financial results of the subject product in question III-9a.

		January-March				
Item	2017	2018	2019	2019	2020	
	Value (in \$1,000)					
Nonrecurring item 1						
Nonrecurring item 2						
Nonrecurring item 3						
Nonrecurring item 4						
Nonrecurring item 5						

Nonrecurring item: In this table please provide a brief description of each nonrecurring item reported above and indicate the specific line item in table III-9a where the nonrecurring item is classified.

	Description of the nonrecurring item	Income statement classification of the nonrecurring item
Nonrecurring item 1		
Nonrecurring item 2		
Nonrecurring item 3		
Nonrecurring item 4		
Nonrecurring item 5		

	Classification of identified nonrecurring items (charges and gains) in the accounting books and
	<u>records of the company</u> If non-recurring items were reported in question III-10 above, please identify where your company recorded these items in your accounting books and records in the normal course of business; i.e., just as responses to question III-10 identify where these items are reported in question III-9a.

III-12a. <u>Asset values</u>.--Report the <u>total</u> assets (i.e., both current and long-term assets) associated with the production, warehousing, and sale of silicon metal. If your firm does not maintain some or all of the specific asset information necessary to calculate total assets for silicon metal in the normal course of business, please estimate this information based upon a method (such as production, sales, or costs) that is consistent with relevant cost allocations in question III-9a. Provide data as of the end of your firm's three most recently completed calendar years.

Note: Total assets should reflect <u>net assets</u> after any accumulated depreciation and allowances deducted, and should be allocated to the subject products if these assets are also related to other products.

Value (in \$1,000)				
	Calendar years			
Item	2017	2018	2019	
Total assets (net)				

III-12b.	<u>Description of reported assets</u> Please describe the main asset categories (both current and	
	long-term assets) in the above response. Provide a brief explanation if there are any substantial	
	changes in total asset value during the period; e.g., due to asset write-offs, revaluation, and major purchases.	
		ĺ

III-13a. <u>Capital expenditures and research and development expenses</u>.--Report your firm's capital expenditures and research and development expenses for silicon metal. Provide data for your firm's three most recently completed calendar years, and for the specified interim periods.

Value (in \$1,000)					
	Calendar years			January-March	
Item	2017	2018	2019	2019	2020
Capital expenditures					
Research and development expenses					

III-13b.	<u>Description of reported capital expenditures</u> Please describe the nature, focus, and significance of your firm's reported capital expenditures in the above response. If no capital expenditure data were reported, please explain the reason.
III-13c.	<u>Description of reported R&D expenses</u> Please describe the nature, focus, and significance of your firm's reported R&D expenses in the response above. If no R&D expenses were reported, please explain the reason.

115	Droducars'	Questionnaire -	Silicon	Metal	/Draliminary	,
U.S.	Producers	Questionnaire :	- Silicon	ivietai	terenminary	•

III-14.	<u>Data consistency and reconciliation</u> Please note that we are requesting your firm's financial
	data for questions III-9a, III-12a, and III-13a on a calendar year basis. Please confirm that your
	firm reported these data on a calendar-year basis:

Yes	No	If no, please explain.

Please note the quantities and values reported in question III-9a should reconcile with the data reported in question II-7 (including export shipments) as long as they are reported on the same calendar year basis.

<u>RECONCILIATION OF TRADE VS FINANCIAL DATA.</u>--Please ensure that the quantities and values reported for total shipments in Part II equal the quantities and values reported for total net sales in Part III of this questionnaire in each time period. If the calculated fields below return values other than zero (i.e., "0") and both are being reported on a calendar basis, please explain the discrepancy below.

		Calendar years		January	nuary-March	
Reconciliation	2017	2018	2019	2019	2020	
Quantity: Trade data from question II-7 (lines D, F, H, and J) less financial total net sales quantity data from question III-9a, = zero ("0").	0	0	0	0	0	
Value: Trade data from question II-7 (lines E, G, I, and K) less financial total net sales value data from question III-9a, = zero ("0").	0	0	0	0	0	

Do these data in question III-9a reconcile with data in question II-7?

Yes	No	If no, please explain.

If your responses to any of the items in questions III-15, III-16, and III-17 differ by country, please describe these differences and, as applicable, indicate which country or countries your response refers to in the relevant form fields.

III-15. <u>Effects of imports on investment</u>.--Since January 1, 2017, has your firm experienced any actual negative effects on its return on investment or the scale of capital investments as a result of imports of silicon metal from Bosnia-Herzegovina, Iceland, Kazakhstan, and Malaysia?

No	Yes							
		If yes, my firm has experier	res, my firm has experienced actual negative effects as follows.					
	(checi	k as many as appropriate)	(please describe)					
		Cancellation, postponement, or rejection of expansion projects						
		Denial or rejection of investment proposal						
		Reduction in the size of capital investments						
		Return on specific investments negatively impacted						
		Other

PRICE DATA

- IV-2. This question requests quarterly quantity and value data for your firm's commercial shipments to unrelated U.S. customers since January 1, 2017 of the following products produced by your firm.
 - **Product 1.--** Sold to primary aluminum producers; silicon metal less than 99.99% pure that contains a minimum of 98.5% silicon, a maximum of 1.00% iron, a maximum of 0.07% calcium, and no restriction of the aluminum content.
 - **Product 2.--** Sold to secondary aluminum producers; silicon metal less than 99.99% pure that contains a minimum of 97.0% silicon, a maximum of 2.00% iron, a maximum of 0.4% calcium, and no restriction of the aluminum content.
 - **Product 3.--** Sold to chemical and/or polysilicon manufacturers; silicon metal less than 99.99% pure that contains a minimum of 98.0% silicon, a maximum of 1.50% iron, a maximum of 0.2% calcium, and a maximum of 0.4% aluminum.

Please note that values should be <u>f.o.b.</u>, <u>U.S.</u> <u>point of shipment</u> and should not include U.S.-inland transportation costs. Values should reflect the *final net* amount paid to your firm (i.e., should be net of all deductions for discounts or rebates).

IV-2a. During January 2017-March 2020, did your firm produce and sell to unrelated U.S. customers any of the above listed products (or any products that were competitive with these products)?

YesPlease complete the following pricing data tables as appropriate.
NoSkip to question IV-3.

IV-2b. <u>Price data</u>.--Report below the quarterly price data¹ for pricing products² produced and sold by your firm.

Report data in *short tons of contained silicon* and *actual dollars* (not 1,000s).

	(Quantity in	short tons of	contained silic	on, value in do	ollars)

Product 1:						
Product 2:						
Product 3:						

IV-2c.	Price data checklistPlease check that the pricing data in question IV-2(b) has been correctly
	reported.

	Are the price data reported above:	√ if Yes
	In actual dollars (not \$1,000)?	
	F.o.b. U.S. point of shipment (i.e., does not include U.S. transport costs)?	
	Net of all discounts and rebates?	
	Have returns credited to the quarter in which the sale occurred?	
	Quantities do not exceed commercial shipments in question II-7 in each year?	
IV-2d.	Pricing data methodologyPlease describe the method and the kinds of documen that were used to compile your price data.	ts/records

Note: As requested in Part I of this questionnaire, please keep all supporting documents/records used in the preparation of the price data, as Commission staff may contact your firm regarding questions on the price data. The Commission may also request that your company submit copies of the supporting documents/records (such as sales journal, invoices, etc.) used to compile these data.

U.S. Producers' Que	estionnaire - Silicon	Metal (Preliminary)
---------------------	-----------------------	---------------------

IV-3.	Price settingHow does your firm determine the prices that it charges for sales of silicon metal
	(check all that apply)? If your firm issues price lists, please submit sample pages of a recent list.

Transaction by transaction	Contracts	Set price lists	Other	If other, describe

IV-4. <u>Discount policy</u>.--Please indicate and describe your firm's discount policies (*check all that apply*).

Quantity discounts	Annual total volume discounts	No discount policy	Other	Describe

IV-5. <u>Pricing terms.</u>--On what basis are your firm's prices of domestic silicon metal usually quoted *(check one)*?

Delivered	F.o.b.	If f.o.b., specify point

IV-6. <u>Contract versus spot</u>.--Approximately what share of your firm's sales of its U.S.-produced silicon metal in 2019 was on a (1) short-term contract basis, (2) annual contract basis, (3) long-term contract basis, and (4) spot sales basis?

	Type of sale					
ltem	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)	Spot sales (for a single delivery)	Total (shoul sum to 100.0%	d o
Share of 2019 sales	%	%	%	%	0.0	%

IV-7. <u>Contract provisions.</u>--Please fill out the table regarding your firm's typical sales contracts for U.S.-produced silicon metal (or check "not applicable" if your firm does not sell on a short-term, annual and/or long-term contract basis).

Typical sales contract provisions	Item	Short-term contracts (multiple deliveries for less than 12 months)	Annual contracts (multiple deliveries for 12 months)	Long-term contracts (multiple deliveries for more than 12 months)	
Average contract duration	No. of days		365		
Price renegotiation	Yes				
(during contract period)	No				
	Quantity				
Fixed quantity and/or price	Price				
3.1.5, 5.1 p.1.55	Both				
Indexed to raw	Yes				
material costs ¹	No				
Not applicab	le				
¹ Please identify the indexes used:					

IV-8. <u>Lead times.</u>—What share of your firm's sales is from inventory and produced to order and what is the typical lead time between a customer's order and the date of delivery for your firm's sales of its U.S.-produced silicon metal?

Source	Share of 2019 sales	Lead time (Average number of days)
From inventory	%	
Produced to order	%	
Total (should sum to 100.0%)	0.0 %	

IV-9.	Shipping information				
	(a)	Who generally arranges the transportation to your firm's customers' locations? Your firm Purchaser (check one)			
	(b)	Indicate the approximate percentage of your firm's sales of silicon metal that are delivered the following distances from its production facility.			

Distance from production facility	Share
Within 100 miles	%
101 to 1,000 miles	%
Over 1,000 miles	%
Total (should sum to 100.0%)	0.0 %

IV-10. <u>Geographical shipments.</u>—In which U.S. geographic market area(s) has your firm sold its U.S.-produced silicon metal since January 1, 2017 (check all that apply)?

Geographic area	√ if applicable
Northeast.–CT, ME, MA, NH, NJ, NY, PA, RI, and VT.	
Midwest.–IL, IN, IA, KS, MI, MN, MO, NE, ND, OH, SD, and WI.	
Southeast.—AL, DE, DC, FL, GA, KY, MD, MS, NC, SC, TN, VA, and WV.	
Central Southwest.—AR, LA, OK, and TX.	
Mountains. – AZ, CO, ID, MT, NV, NM, UT, and WY.	
Pacific Coast.—CA, OR, and WA.	
Other.—All other markets in the United States not previously listed, including AK, HI, PR, and VI.	

IV-11.	<u>Inland transportation costs.</u> —What is the approximate percentage of the	cost of U.Sproduced
	silicon metal that is accounted for by U.S. inland transportation costs?	percent

IV-12. <u>End uses.</u>--List the end uses of the silicon metal that your firm manufactures. For each end-use product, what percentage of the <u>total cost</u> is accounted for by silicon metal and other inputs?

	Share of total cost	Total	
			(should sum to
End-use product	silicon metal	Other inputs	100.0% across)
	%	%	0.0 %
	%	%	0.0 %
	%	%	0.0 %

IV-16.	Conditions	of com	petition
--------	-------------------	--------	----------

IV-17.

(a)	Is the silicon metal market subject to business cycles (other than general economy-wide
	conditions) and/or other conditions of competition distinctive to silicon metal? If yes,
	describe.

describe.								
Check all	that apply	<i>1</i> .	Please describe.					
	No		Skip to question IV-17.					
		usiness cycles (e.g. nal business)						
		ther distinctive ions of competition						
	(b) If yes, have there been any changes in the business cycles or conditions of competition for silicon metal since January 1, 2017?							
No	Yes	If yes, describe.						
Supply constraintsHas your firm refused, declined, or been unable to supply silicon metal since January 1, 2017 (examples include placing customers on allocation or "controlled order entry," declining to accept new customers or renew existing customers, delivering less than the quantity promised, being unable to meet timely shipment commitments, etc.)?								
No	Yes	If yes, please describe	е.					

IV-18. Raw materials.--How have silicon metal raw material prices changed since January 1, 2017?

Overall increase	No change	Overall decrease	Fluctuate with no clear trend	Explain, noting how raw material price changes have affected your firm's selling prices for silicon metal.

IV-19. <u>Interchangeability.--</u>Is silicon metal produced in the United States and in other countries interchangeable (i.e., can they physically be used in the same applications)?

Please indicate A, F, S, N, or 0 in the table below:

A = the products from a specified country-pair are *always* interchangeable

F = the products are *frequently* interchangeable

S = the products are *sometimes* interchangeable

N = the products are *never* interchangeable

0 = *no familiarity* with products from a specified country-pair

Country-pair	Bosnia- Herzegovina	Iceland	Kazakhstan	Malaysia	Other countries
United States					
Bosnia- Herzegovina					
Iceland					
Kazakhstan					
Malaysia					

For any country-pair producing silicon metal that is *sometimes* or *never* interchangeable, identify the country-pair and explain the factors that limit or preclude interchangeable use:

IV-20. <u>Factors other than price</u>.--Are differences other than price (e.g., quality, availability, transportation network, product range, technical support, *etc.*) between silicon metal produced in the United States and in other countries a significant factor in your firm's sales of the products?

Please indicate A, F, S, N, or 0 in the table below:

A = such differences are *always* significant

F = such differences are *frequently* significant

S = such differences are *sometimes* significant

N = such differences are *never* significant

0 = *no familiarity* with products from a specified country-pair

Country-pair	Bosnia- Herzegovina	Iceland	Kazakhstan	Malaysia	Other countries
United States					
Bosnia- Herzegovina					
Iceland					
Kazakhstan			\nearrow		
Malaysia					

For any country-pair for which factors other than price *always* or *frequently* are a significant factor in your firm's sales of silicon metal, identify the country-pair and report the advantages or disadvantages imparted by such factors:

IV-21. <u>Customer identification</u>.--List the names and contact information for your firm's 10 largest U.S. customers for silicon metal since January 1, 2017. Indicate the share of the quantity of your firm's total shipments of silicon metal that each of these customers accounted for in 2019.

U.S.	Producers'	Questionnaire -	Silicon	Metal	(Preliminary))
------	------------	-----------------	----------------	-------	---------------	---

IV-22.	Com	petition	from	imports.	

(a)	Lost revenue Since January 1, 2017: To avoid losing sales to competitors selling silicon
	metal from Bosnia-Herzegovina, Iceland, Kazakhstan, and Malaysia, did your firm:

Item	No	Yes
Reduce prices		
Roll back announced price increases		

(b) <u>Lost sales.</u>--Since January 1, 2017: Did your firm lose sales of silicon metal to imports of this product from Bosnia-Herzegovina, Iceland, Kazakhstan, and Malaysia?

No	Yes

(c) The submission of lost sales/lost revenue allegations is to be completed only by NON-PETITIONERS.

If your firm indicated "yes" to any of the above, your firm can provide the Commission with additional information by downloading and completing the lost sales/lost revenues worksheet at http://usitc.gov/trade_remedy/question.htm. Note that the Commission may contact the firms named to verify the allegations reported.

Is your firm submitting the lost sales/lost revenues worksheet?

No—Please explain.
Yes—Please complete the worksheet and submit via the Commission dropbox. https://dropbox.usitc.gov/oinv/ . (PIN: BIKM)

IV-23. Other explanations.--If your firm would like to further explain a response to a question in Part IV for which a narrative response box was not provided, please note the question number and the explanation in the space provided below. Please also use this space to highlight any issues your firm had in providing the data in this section, including but not limited to technical issues with the MS Word questionnaire.

HOW TO FILE YOUR QUESTIONNAIRE RESPONSE

This questionnaire is available as a "fillable" form in MS Word format on the Commission's website at:

https://www.usitc.gov/investigations/701731/2020/silicon_metal_bosnia_iceland_kaza khstan_and/preliminary.htm.

Please do not attempt to modify the format or permissions of the questionnaire document. Please submit the completed questionnaire using one of the methods noted below. If your firm is unable to complete the MS Word questionnaire or cannot use one of the electronic methods of submission, please contact the Commission for further instructions.

• <u>Upload via Secure Drop Box</u>.—Upload the MS Word questionnaire along with a scanned copy of the signed certification page (page 1) through the Commission's secure upload facility:

Web address: https://dropbox.usitc.gov/oinv/ Pin: BIKM

• E-mail.—E-mail the MS Word questionnaire to Lawrence.jones@usitc.gov; include a scanned copy of the signed certification page (page 1). Submitters are strongly encouraged to encrypt nonpublic documents that are electronically transmitted to the Commission to protect your sensitive information from unauthorized disclosure. The USITC secure drop-box system and the Electronic Document Information System (EDIS) use Federal Information Processing Standards (FIPS) 140-2 cryptographic algorithms to encrypt data in transit. Submitting your nonpublic documents by a means that does not use these encryption algorithms (such as by email) may subject your firm's nonpublic information to unauthorized disclosure during transmission. If you choose a non-encrypted method of electronic transmission, the Commission warns you that the risk of such possible unauthorized disclosure is assumed by you and not by the Commission.

If your firm does not produce this product, please fill out page 1, print, sign, and submit a scanned copy to the Commission.

<u>Parties to this proceeding</u>.—If your firm is a party to this proceeding, it is required to serve a copy of the completed questionnaire on parties to the proceeding that are subject to administrative protective order (see 19 CFR § 207.7). A list of such parties may be obtained from the Commission's Secretary (202-205-1803). A certificate of service must accompany the completed questionnaire you submit (see 19 CFR § 207.7). Service of the questionnaire must be made in paper form.
