**PART I.—GENERAL INFORMATION**

**Background.**-- This proceeding was instituted in response to a request filed on September 29, 2020, by the United States Trade Representative (“USTR”). Import relief may be imposed by the President on U.S. imports of blueberries as a result of this investigation if the Commission makes an affirmative injury determination and recommends to the President that he impose relief. The President may impose relief in the form of increased duties and/or other restrictions on imports of blueberries that are the subject of an affirmative injury determination.

Questionnaires and other information pertinent to this proceeding are available at: [LINK](#)

**Blueberries.**—The blueberries covered by this proceeding are fresh, chilled, or frozen blueberries.

- ***Fresh or chilled blueberries*** are currently imported under the following statistical reporting numbers of the Harmonized Tariff Schedule of the United States (HTSUS): 0810.40.0029 (cultivated blueberries, including highbush, fresh or chilled); 0810.40.0026 (certified organic blueberries, fresh or chilled); and 0810.40.0024 (wild blueberries, fresh or chilled).
- ***Frozen blueberries*** are currently imported under HTS statistical reporting numbers 0811.90.2024 (wild blueberries, uncooked or cooked by steaming or boiling in water, frozen); 0811.90.2030 (blueberries, certified organic, cultivated (including highbush), uncooked or cooked by steaming or boiling in water, frozen); and 0811.90.2040 (blueberries, cultivated (including highbush), uncooked or cooked by steaming or boiling in water, NESOI, frozen). Before July 1, 2018, frozen blueberries imported under HTS statistical reporting numbers 0811.90.2030 and 0811.90.2040 were imported under a single HTS statistical reporting number, 0811.90.2028 (blueberries, cultivated (including highbush), uncooked or cooked by steaming or boiling in water, frozen). For purposes of this questionnaire, frozen blueberries refers to frozen whole blueberries, and does not include frozen further processed blueberries (e.g., frozen puree).
- The HTSUS provisions are for convenience and customs purposes; the written description of the scope is dispositive.

**Purchaser.**--Any firm engaged, either directly or through a parent company or subsidiary, in purchasing blueberries from another firm that produces, imports, or otherwise distributes blueberries.

**Reporting of information.**-- If information is not readily available from your records in exactly the form requested, furnish carefully prepared estimates. If your firm is completing more than one questionnaire in connection with this proceeding (i.e., a producer, importer, and/or purchaser questionnaire), you need not respond to duplicated questions in the questionnaires.

**Confidentiality.**-- The commercial and financial data furnished in response to this questionnaire that reveal the individual operations of your firm will be treated as confidential by the Commission to the extent that such data are not otherwise available to the public and will not be disclosed except as may be required by law (see 19 U.S.C. § 2252(i)). Such confidential information will not be published in a manner that will reveal the individual operations of your firm; however, general characterizations of numerical business proprietary information (such as discussion of trends) will be treated as confidential business information only at the request of the submitter for good cause shown.

**Verification.**-- The information submitted in this questionnaire is subject to audit and verification by the Commission. To facilitate possible verification of data, please keep all of your files, worksheets, and supporting documents used in the preparation of the questionnaire response. Please also retain a copy of the final document that you submit.

**Release of information.**-- The information provided by your firm in response to this questionnaire, as well as any other confidential business information submitted by your firm to the Commission in connection with this proceeding, may become subject to, and released under, the administrative protective order provisions of the Trade Act of 1974 (19 U.S.C. § 2252(i)) and section 206.17 of the Commission's Rules of Practice and Procedure (19 CFR § 206.17). This means that certain lawyers and other authorized individuals may temporarily be given access to the information for use in connection with this proceeding or other import-injury proceedings conducted by the Commission on the same or similar merchandise; those individuals would be subject to severe penalties if the information were divulged to unauthorized individuals.

**Valid number error messages.**--If you are completing this form in a country that uses periods (".") to delineate multiples of 1000 (e.g., one million would appear as \$1.000.000 rather than \$1,000,000), you may be unable to enter in numbers greater than 999 in numeric form fields. The solution to this data entry issue is to temporarily change your operating system's number formatting to be consistent with the U.S. number formatting system while you complete this form. Detailed instructions on how to resolve this issue is provided at the end of this questionnaire and is available upon request from Christopher Couper (202-708-1440, christopher.couper@usitc.gov).

**D-GRIDS tool.**--The Commission has a tool that firms can use to move data from their own MS Excel compilation files into self-contained data tables within this MS Word questionnaire, thereby reducing the amount of cell-by-cell data entry that would be required to complete this form. This tool is a macro-enabled MS Excel file available for download from the Commission's generic questionnaires webpage ([https://www.usitc.gov/trade\\_remedy/question.htm](https://www.usitc.gov/trade_remedy/question.htm)) called the "D-GRIDs tool." Use of this tool to help your firm complete this questionnaire is *optional*. Firms opting to use the D-GRIDs tool to populate their data into this questionnaire will need the D-GRIDs specification sheet PDF file specific to this proceeding (available on the case page which is linked under the "Background" above) which includes the necessary references relating to this questionnaire, as well as the macro-enable MS Excel D-GRIDs tool itself from the generic questionnaires page. More detailed instructions on how to use the D-GRIDs tool are available within the D-GRIDs tool itself.

I-1a. **Establishments covered.**--Provide the name and address of your U.S. establishment(s) covered by this questionnaire, if different from that listed on the cover page. **Firms operating more than one establishment should combine the data for all establishments into a single response.**
