

Justification for Emergency Clearance

3137-XXXX Program Information Form and instructions

IMLS is requesting an emergency clearance for a Program Information form required for the Notice of Funding Opportunities CARES Act Grants for Museums and Libraries and for Native American/Native Hawaiian Museum and Library Services.

Request abstract:

In this emergency clearance submission (3137-XXXX) justification, IMLS is requesting approval of an abbreviated Program Information Form.

IMLS created an abbreviated Program Information Form that will be used by all applicants to both new initiatives. Its content is greatly reduced from the current OMB-cleared, Grants.gov form, IMLS Museum Program Information Form (OMB Control #: 3137-0092). Because there is not enough time to create another more generic Grants.gov Program Information Form, we will create a fillable PDF that applicants will download from our website as they do our IMLS Budget Form and our Digital Product Form.
