SUPPLEMENTARY INFORMATION:

Title of Collection: Consumer Response Company Response Survey.

OMB Control Number: 3170–0069.

Type of Review: Renewal without change of an existing information collection.

Affected Public: Individuals or Households.

Estimated Number of Respondents: 47,900.

Estimated Total Annual Burden Hours: 3,830.

Abstract: The purpose of this information collection is to continue the collection of consumer feedback through an optional survey at the end of the consumer complaint process. Through the existing survey, consumers have the option to provide feedback on the company's response to and handling of their complaint. The results of this feedback are shared with the company that responded to the complaint to inform its complaint handling. The feedback is also used as one of several inputs to inform the Bureau's work to assess the accuracy, completeness, and timeliness of company responses to consumer complaints.

The consumer has the ability to answer three questions about the company's response to and handling of his or her complaint and provide a narrative description in support of each answer. Positive feedback about the company's handling of the consumer's complaint would be reflected by affirmative answers to each question and by the narrative in support of each answer. The Company Response Survey allows consumers to offer both positive and negative feedback on their complaint experience.

Request for Comments: The Bureau issued a 60-day **Federal Register** notice on January 24, 2020, 85 FR 4294, Docket Number: CFPB–2020–0009. Comments were solicited and continue to be invited on: (a) Whether the collection of information is necessary for the proper

performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be reviewed by OMB as part of its review of this request. All comments will become a matter of public record.

Dated May 13, 2020.

Darrin King,

Paperwork Reduction Act Officer, Bureau of Consumer Financial Protection.
