

4. *The form number, if applicable:* There is no form number for the online submission form.

5. *How often the collection is required or requested:* On Occasion.

6. *Who will be required or asked to respond:* All holders of, and certain applicants for, nuclear power plant construction permits and operating licenses under the provisions of 10 CFR part 50, "Domestic Licensing of Production and Utilization Facilities" who seek exemptions from the requalification requirements specified in 10 CFR 55.59 as allowed by 10 CFR 55.11, "Specific Exemptions."

7. *The estimated number of annual responses:* 60.

8. *The estimated number of annual respondents:* 60.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 120.

10. *Abstract:* The NRC requested an emergency review of this information collection in order to add this form to the previously approved information collection OMB Control No. 3150-0018 for a period of 6 months. The purpose of this information collection is to introduce the online forms for 10 CFR part 55 Exemption Request and 10 CFR part 55 Research and Test Reactor Exemption Request, which would simplify the process for filing the exemption requests because the existing system may be too burdensome for licensees under current conditions. Under the existing collection under OMB Control No. 3150-0018, licensees are already able to seek exemptions from the requirements of 10 CFR part 55, Operators' Licenses. This information collection only addresses the incremental burden change to this existing clearance due to the form and not the total burden for the clearance.

10 CFR part 55 contains specific requirements for the licensing of utilization facility operators and senior operators. Due to the impacts of the COVID-19 Public Health Emergency (PHE), the NRC will also consider exemption requests for operators and senior operators from the requirements in 10 CFR 55.59(a)(1) (requiring the operators and senior operators to successfully complete the Commission-approved requalification program) and in 10 CFR 55.59(a)(2) (requiring the operators and senior operators to pass a comprehensive requalification written examination and an annual operating test); these exemptions would allow delay of these requalification program requirements during the COVID-19 PHE as allowed by 10 CFR 55.11, "Specific Exemptions."

III. Specific Requests for Comments

The NRC is seeking comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the estimate of the burden of the information collection accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection on respondents be minimized, including the use of automated collection techniques or other forms of information technology?

Dated: May 7, 2020.

Rule 15b6-1 and Form BDW

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 15b6-1 (17 CFR 240.15b6-1), under the Securities Exchange Act of 1934 (15 U.S.C 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Registered broker-dealers use Form BDW (17 CFR 249.501a) to withdraw from registration with the Commission, the self-regulatory organizations, and the states. On average, the Commission estimates that it would take a broker-dealer approximately one hour to complete and file a Form BDW to withdraw from Commission registration as required by Rule 15b6-1. The Commission estimates that approximately 317 broker-dealers withdraw from Commission registration annually¹ and, therefore, file a Form BDW via the internet with the Central Registration Depository, a computer system operated by the Financial Industry Regulatory Authority, Inc. that maintains information regarding registered broker-dealers and their registered personnel. The 317 broker-dealers that withdraw from registration by filing Form BDW would incur an aggregate annual reporting burden of approximately 317 hours.²

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper

¹ This estimate is based on Form BDW data collected over the past three years for fully registered broker-dealers. This estimate is based on the numbers of forms filed; therefore, the number may include multiple forms per broker-dealer if the broker-dealer's initial filing was incomplete. In fiscal year (from 10/1 through 9/30) 2017, 328 broker-dealers withdrew from registration. In fiscal year 2018, 328 broker-dealers withdrew from registration. In fiscal year 2019, 296 broker-dealers withdrew from registration. $(328 + 328 + 296)/3 = 317$ (rounded down from 317.33).

Proposed Collection; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Extension:
Rule 22d-1

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 ("Paperwork Reduction Act") (44 U.S.C. 3501-3520), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 22d-1 under the Investment Company Act of 1940 (the "1940 Act") (17 CFR 270.22d-1) provides registered investment companies that issue redeemable securities ("funds") an

exemption from section 22(d) of the 1940 Act (15 U.S.C. 80a-22(d)) to the extent necessary to permit scheduled variations in or elimination of the sales load on fund securities for particular classes of investors or transactions, provided certain conditions are met. The rule imposes an annual burden per series of a fund of approximately 15 minutes, so that the total annual burden for the approximately 4,098 series of funds that might rely on the rule is estimated to be 1024.5 hours.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act. The estimate is based on communications with industry representatives, and is not derived from a comprehensive or even a representative survey or study. Responses will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information has practical utility; (b) the accuracy of the Commission's estimate of the burden(s) of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.
