## **Section 1: The Technical Assistance and Training Grant Program**

### **1.1 Introduction**

Drinking water systems are basic and vital to both health and economic development. With dependable water facilities, rural communities can attract families and businesses that will invest in the community and improve the quality of life for all residents. Without dependable water facilities, the communities cannot sustain economic development.

RUS supports the sound development of rural communities and the growth of our economy without endangering the environment. RUS provides financial and technical assistance to help communities bring safe drinking water and sanitary, environmentally sound waste disposal facilities to rural Americans in greatest need.

The Technical Assistance and Training (TAT) Grant Program has been established to assist communities with water or wastewater systems through free technical assistance and/or training provided by the grant recipients. Qualified private non-profit organizations will receive TAT grant funds to identify and evaluate solutions to water and waste disposal problems in rural areas, assist applicants in preparing applications for water and waste grants made at the State level offices, and improve operation and maintenance of existing water and waste disposal facilities in rural areas.

In this guide, you will find information to help you:

- Assess your eligibility for RUS grant assistance
- Understand how and when to apply
- Create a successful application

### **1.2 Authorization**

The Consolidated Farm and Rural Development Act (CONACT) authorizes the TAT and Solid Waste Management (SWM) programs. Section 306 of 7 U.S.C. 1926, Under the CONACT, Section 306(a)(14)(A) authorizes the TAT Grant Program (see 7 U.S.C. 1926(a), as amended). Section 310B authorizes the SWM Grant Program (see 7 U.S.C. 1932(b)).

The regulation implementing the TAT and SWM programs is found at 7 Code of Federal Regulations (CFR) 1775, Technical Assistance and Training Grants. Should any differences result in the interpretation of these guidelines and 7 CFR 1775, the regulation will take precedence over information contained in this guide. This guide is to be used in conjunction with 7 CFR 1775.

### **1.3 Available funding for FY 2020**

The amount available for Fiscal Year 2020 will be determined when the budget is approved by Congress.

## 1.4 TAT Program Contacts

The Water and Environmental Programs (WEP) staff will administer the TAT Program. We encourage you to contact the WEP staff early in the application process with any questions or ideas concerning your proposal. The staff will answer your questions about the application process and program requirements.

  - Priority 1: Colonia communities NOT served by a public water and/or wastewater facility and a health hazard is present.
  - Priority 2: Colonia residents NOT served by a public water system or wastewater disposal system; or Colonia residents with an existing onsite wastewater treatment system that is not adequate.

**The administrative points will be awarded solely on the aforementioned factors, up to 30 points.**

#### **5.4 Application Selection**

RUS will rank all qualifying applications by their final score. Applications will be selected for funding, based on the highest scores and the availability of funding for TAT grants. The Agency reserves the right to make no grant awards if all applications are incomplete and/or score below 65 points. **Each applicant will be notified via email of whether or not the application has been selected for funding.**

Note: Applicants selected for funding must have an active registration with current information in the System for Award Management (SAM). The recipient must maintain the currency of your information in SAM until you submit the final financial report required under this award and all grant funds under this award have been disbursed or de-obligated, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term. Recipients can register online at [www.sam.gov](http://www.sam.gov). You as the recipient may not make a sub-award to an entity unless the entity has provided its DUNS number to you. Sub-recipients with sub-awards of \$25,000 or more must also have and maintain a current SAM registration. You as the recipient must report each first tier sub-awards of \$25,000 or more in non-Recovery Act funds to [www.fsrc.gov](http://www.fsrc.gov) no later than the end of the month following the month the obligation was made.

#### **5.5 Possible RUS Actions on the Application**

In making its decision about your application, RUS may determine that your application is:

- Eligible and selected for funding,
- Eligible but offered fewer funds than requested,
- Eligible but not selected for funding, or
- Ineligible for the grant.

#### **5.6 Appeals Process**

In accordance with 7 CFR Part 1900, subpart B, you generally have the right to appeal adverse decisions. Some adverse decisions cannot be appealed. For example, if you are denied RUS funding due to a lack of funds available for the grant program, this decision cannot be appealed.

However, you may make a request to the National Appeals Division (NAD) to review the accuracy of our finding that the decision cannot be appealed. The appeal must be

submitted within the proper timeframe, in writing and filed at the appropriate regional office, which can be found at <https://www.nad.usda.gov/content/file-appeal> or 703.305.1151.

## **Section 6: The Solid Waste Management Grant (SWM) Program**

### **6.1 Introduction**

Solid Waste Management systems are basic and vital to both health and economic development. With dependable solid waste disposal facilities, rural communities can attract families and businesses that will invest in the community and improve the quality of life for all residents. Without dependable facilities, the communities cannot sustain economic development.

RUS supports the sound development of rural communities and the growth of our economy without endangering the environment. RUS provides financial and technical assistance to help communities bring environmentally-sound waste disposal facilities to rural Americans in greatest need.

The SWM grant program has been established to assist communities through free technical assistance and/or training provided by the grant recipients. Qualified organizations will receive SWM grant funds to reduce or eliminate pollution of water resources in rural areas, and improve planning and management of solid waste sites in rural areas.

In this guide, you will find information to help you

- Assess your eligibility for RUS grant assistance
- Understand how and when to apply
- Create a successful application

### **6.2 Authorization**

The Solid Waste Management Grant program is authorized by Section 310B of the Consolidated Farm and Rural Development Act. The regulation governing this program is 7 CFR Part 1775.

Should any differences result in the interpretation of the guidelines in this Application Guide and 7 CFR Part 1775, the regulation will take precedence over information contained in this guide. This guide is to be used in conjunction with 7 CFR Part 1775.

### **6.3 Available funding for FY 2020**

The amount available for Fiscal Year 2020 will be determined when the budget is approved by Congress.

### **6.4 SWM Program Contacts**

WEP staff will administer the SWM Program. We encourage you to contact WEP staff early in the application process with any questions concerning your proposal. Staff will answer your questions about the application process and program requirements.

## Section 8: Application Submission Process

### 8.1 Two Ways of Filing Applications

You may file an application in either electronic or paper format. File an application electronically through [www.grants.gov](http://www.grants.gov), the official federal government grants website. Send or deliver paper applications by the U.S. Postal Service (USPS) or courier delivery services to the RUS point of contact. RUS will not accept applications by fax or e-mail. Detailed information on submission requirements is found in items 8.3 - 8.5 of this document.

Whether you file a paper or an electronic application, you will need a Data Universal Numbering System (DUNS) number. You must provide your DUNS number on the SF-424, "Application for Federal Assistance."

To verify that your organization has a DUNS number or to receive one at no cost, call the dedicated toll-free request line at 1.866.705.5711 or access the website [www.dnb.com](http://www.dnb.com). You will need the following pieces of information when requesting a DUNS number:

### 8.3 Paper Applications

Mail or ensure delivery of an original paper application (no stamped, photocopied, or initialed signatures) and two copies by the deadline date of December 31, 2019.

If your grant application will service **only one** state, please forward your application to the **local USDA Rural Development office**. The address and contact information for

each state's USDA Rural Development offices can be accessed at [www.rd.usda.gov/contact-us/state-offices](http://www.rd.usda.gov/contact-us/state-offices).

If the grant application will service **more than one state**, please forward the application to:

USDA Rural Development, Rural Utilities Service

Attention: Penny Douglas

103 Cherokee Boulevard, Suite 217

Chattanooga, TN 37405

The application and any materials sent with it become federal records by law and cannot be returned to you. **Paper applications that are mailed must show proof of mailing or shipping by the deadline, consisting of one of the following:**

#### 8.4 Electronic Applications

You may file an electronic application at <http://www.grants.gov/>

You must be registered with Grants.gov before you can submit a grant application. If you have not used Grants.gov before, you will need to register with the System for Award Management (SAM). You will need a DUNS number (See item 8.2 above) to access or register at any of the services. The registration processes may take several business days to complete. Follow the instructions at Grants.gov for registering and submitting an electronic application. RUS may request original signatures on electronically submitted documents later.

SAM registers your organization, housing your organizational information and allowing Grants.gov to use it to verify your identity. You may register online at: <http://www.sam.gov>. If system errors or technical difficulties occur, use the customer support resources available at the Grants.gov website.

- Excel
- Word
- PDF

## 8.5 Deadlines for Grant Applications

The recipient must maintain the currency of your information in SAM until you submit the final financial report required under this award and all grant funds under this award have been disbursed or de-obligated, whichever is later. This requires that you review and update the information at least annually after the initial registration, and more frequently if required by changes in your information or another award term. Recipients can register online at <https://www.sam.gov>. You as the recipient may not make a sub-award to an entity unless the entity has provided its Data Universal Numbering System (DUNS) number to you. Sub-recipients with sub-awards of \$25,000 or more must also have and maintain a current SAM registration. You as the recipient must report each first-tier sub-awards of \$25,000 or more in non-Recovery Act funds to <http://www.fsrs.gov> no later than the end of the month following the month the obligation was made.

However, you may make a request to NAD to review the accuracy of our finding that the decision cannot be appealed. The appeal must be submitted within the proper timeframe, in writing and filed at the appropriate regional office, which can be found at <https://www.nad.usda.gov/content/file-appeal> or 703.305.1151.
