A few more comments:

- I like that an employee's training history can follow them from school district to school district– very nice feature!
- I like that you are planning the “how to” videos. Videos are popular now!
- I liked how the system displayed the number of hours required for the individual and days remaining to complete professional development for the school year.

- I did not like that a sponsor using Version 1.0 would have to re-enter all the information to use Version 2.0.

Hello All

You can begin your testing when you're ready.

<https://uatpstrainingtracker.fns.usda.gov/>

Instead of following test cases, Ebony and I thought it would be beneficial for us for you all to just go through the application and use it as a user would.

We're providing you test accounts (see attached) to use- so user profiles have already been set up. Please log on to the tool with the user id assigned to you and go through the features. Please note that the password is the same for all UserIds.

You'll also note that you have been assigned two user IDs, with 2 different user roles.
If you have the time, please feel free to test out both, but we understand if you can only test out one.

Please provide any feedback to us. Also feel free to call into one of the call in times set up Mon-Wed afternoon if time permits. These calls are optional.

Please feel free to reach out to us if you have any questions, problems!

Thank you again!

Kaushalya

Hi All

The contractor will be sending us an email on Monday morning with the test cases when the site is ready for testing.

Feel free to reach out to me if you have any questions while testing.

Thank you again!

Have a great weekend!

Kaushalya

Hello All

Thank you again for your participation in testing.

Just to note and give you heads up, you will get some meeting invites for next week for Mon-Wed. Contractor is setting these short calls up to give opportunity for tester to discuss any major issues they may find. This is totally optional, and if you decide to call in, only need to do it once.

Thank you!

Kaushalya

Hello Working Group

I'm very excited to announce that we will be releasing the Tracking Tool on November 16th!

We are doing a quick testing round Nov 13-15th, and wanted to give you another opportunity to provide feedback.

Please let me know if you're available and interested in testing, and I'll forward you the test cases by the end of this week.

Thank you in advance for your time!

Kaushalya

Subject: Another round of Testing of the Professional Standards Training Tracker Tool

Hello all

We would like to invite you to participate in another round of testing next week (April 11th- COB 14th) before we release the tool. Please let me know if you are available and interested in participating.

We are planning to hold a kick off meeting on the testing on Tuesday, April 11th. Tentative time is 11:30am EST, however if this time does not work for most of you, we can adjust to a later time. We also will record the meeting and provide the video recording as reference if you are unable to attend the kick off meeting.

Thank you in advance for your time.
