2020 Census Operational Adjustments Due to COVID-19

The 2020 Census is underway and households across America are responding every day. In light of the COVID-19 outbreak, the U.S. Census Bureau has adjusted 2020 Census operations in order to:

- Protect the health and safety of Census Bureau employees and the American public.
- Implement guidance from federal, state, and local health authorities.
- Ensure a complete and accurate count of all communities.

The table below summarizes the adjustments to operations. Should any additional adjustment become necessary, the Census Bureau will promptly publish the change in an updated document.

STATUS OF CURRENT OPERATIONS

Activity/Operation	Planned Schedule	Adjustment	Revised Schedule
Self-Response Phase The public is strongly encouraged to respond online. (Options for responding by phone or mail are also available.)	March 12-July 31	Extended	March 12-August 14
Update Leave Census takers will drop off invitations at the front doors of 5 million households. These households can respond online now—even without their invitation—by providing their address.	March 15-April 17	Delayed	March 29-May 1
Update Enumerate Census takers will interview about 2,000 households in remote parts of northern Maine and southeast Alaska. They're interviewing people outside their home, allowing 6 feet of space between one another.	March 16-April 30	Suspended and extended	March 16-May 14
