Loan Information

In this section, you will be required to add the loans that you want approved for repayment under the National Health Service Corps (NHSC) Students to Service Loan Repayment Program.

To expedite this process, you may import your federal student loan(s) from the U.S. Department of Education's National Student Loan Data System (NSLDS) directly into the online application. For loans imported from the NSLDS, no supporting documents are required.

To access your federal student loan(s) use the "Access your Loans" button below. You will be directed to the Department of Education's Federal Student Aid login page and required to log in using your Federal Student Aid ID (FSA ID). If you have any questions about your FSA ID, please visit: <https://www.nsls.ed.gov/npas/pub/faq.htm>

After successfully logging in to FSA, you will be automatically directed back to your application with your loans displayed below. Once your loans have been imported, please ensure all loans you wish to submit are listed. You may also select the 'Return to Source' button from the FSA ID Login screen at any time.

For additional loans that are not covered in the NSLDS and may be private education loans, you can still manually enter the loans along with supporting documents. Any loans that do not appear in your NSLDS account must be added to your application manually. If you attempt to add a loan that you believe is NOT a federal student loan(s), but receive an error message, please check the loan data and try again. It is possible that the loan is a duplicate to one that you have added electronically.

Important Note: If you experience any technical difficulties, please contact the Customer Care Center at 1-800-221-9393 (TTY: 1-877-897-9910) Monday through Friday (except federal holidays) from 8:00 a.m. to 8:00 p.m. ET or [email us](#). If you are unable to resolve your technical difficulties or concerns in time to submit your complete application prior to December 13, 2018, the application deadline, please enter your loans manually. The period for submitting applications will not be extended due to difficulties with submitting your loans.

To manually add loans, click the "Need Help?" link to manually add loans you wish to submit for loan repayment.

When entering your loan information manually, you must enter loan information and supporting documentation for each servicing lender that you wish to be considered for repayment. The following documents will be required:

- **Account Statement (both private and federal)** - Most recent statement from your lender/servicer that has your name, current loan balance and interest rate. This may be the official paper version, or a printed web version, that is scanned, uploaded, and not older than 30 days from the date you will submit your application.
- **NSLDS Aid Summary Report (federal loans)** - Most recent summary report taken from your National Student Loan Data Systems (NSLDS) account. This may be the official paper version, or a printed web version, that is scanned and uploaded. Note: This is the summary report only, which lists your federal student loans in one document and is available at <http://www.nsls.ed.gov>.
- **Disbursement Report or Promissory Note (non-federal loans)** - A copy of the document provided by your lender/servicer that outlines the details of your loan agreement, including your name, the date the loan was obtained, the purpose of the loan, account numbers, and the loans included in a consolidation (if applicable).

If you have a consolidated loan, you must enter in all of the information in the table. All of the information must coincide with the information in the loan documents. If they do not coincide, the loan will be deemed ineligible.

You have not added any loans yet.

An FSA ID is a username and password that you must use to log in to certain U.S. Department of Education (ED) websites. Your FSA ID identifies you as someone who has the right to access your own personal information on ED websites such as https://www.nslids.ed.gov/nslids/nslids_SA/.

The HHS web service connecting to the NSLDS web site only supports the current FSA ID login. If you have any questions about your FSA ID visit: <https://studentaid.ed.gov/npas/pub/faq.htm>

You have elected to add your qualifying education loans to your application manually. This method is required for adding ALL loans that are NOT federal student loan(s). If you have elected to add your federal student loan(s) using this method you must not attempt to add them using the electronic import method, or you will receive an error message and put you at risk of missing the application deadline.

Include all qualifying education loans, even if they exceed the maximum award amount. Please exclude letters, special characters (i.e. \$, %), and commas when entering outstanding loan balances and interest rates. If you have multiple loans with the same servicer/lender, you must enter each loan separately.

To add your loans successfully and to ensure that your loans have the best chance to qualify for repayment when reviewed, you must retrieve, scan and upload the current account statements from your loan servicers and the Aid Summary Report from your NSLDS online account (federal student loan(s)) or a disbursement report for any private loans, for each loan.
