

Form Approved
 OMB Number 0925-0698
 Exp. Date 05/31/2017

Public reporting burden for this collection of information is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-xxxx). Do not return the completed form to this address.

NIH Clinical Center Department of Bioethics Fellowship Program

Instructions: Before you begin, you may want to review the [FAQs](#). **PC Users:** Use of Internet Explorer 7.0 or higher is recommended for best performance and compatibility. **MAC Users:** Use of Safari 5.1 or higher is recommended for best performance and compatibility.

Applications are welcomed from those who have an interest in bioethics, but no previous bioethics experience is required. Fellowship selection is competitive and will take into account evidence of academic achievements and analytic thinking and ability to contribute to bioethics scholarship. Only complete applications submitted by the posted due date will be considered.

Non-US Citizens in the following categories are eligible to apply:

- Non US citizens who have earned a doctoral degree within five years of the start date of the fellowship (September of each year) are eligible to apply for post-doctoral fellowships. Non US citizens who earned their doctoral degree more than five years ago or non US citizens who do not have a doctoral degree are not eligible.

You may submit your application as often as you want up to the deadline. The application will update each time you submit but your references will not be contacted unless you hit the **submit button**. If you save your application, your references will not be contacted. You should attach a place holder or enter "will follow" in required fields and hit "submit" rather than "save" so that your references are given ample time to respond. The save option should only be used if you are pulled away from the application in the course of applying and want to save it to that point.

Eligibility Criteria:

Pre-doctoral/post baccalaureate fellows:

1. Completion of undergraduate degree no more than 3 years prior to start of the fellowship; Completion of masters no more than 6 months prior to start of the fellowship
2. Planning to pursue MD, JD, PhD or other degree in related field;

Post-doctoral fellows:

1. Completed or expected to complete graduate degree (MD, JD, PhD or other in related field) prior to start of fellowship;
2. Completion of graduate degree no more than 5 years prior to the fellowship;

8. How did you hear about this program?

(Please select all that apply)

- Journal Ad; please specify:
- Career Development/Opportunities Office or Workshop
- From a mentor or advisor, if so, who:
- From an alumnus/alumna of the program (who):
- NIH representative
- Web search - where/what site:
- Other; please specify:

Notice to all applicants:

Please click the SUBMIT button so that your references are contacted. Clicking submit allows you to go back and make changes or additions to your application as often as you want up to the deadline. Clicking save also allows edits and additions **BUT** an application is only complete when it has been **SUBMITTED** and all the required elements, including reference letters, are attached. Remember: you can still edit and update your application after it has been submitted. You can submit as often as you want. And you should monitor your application to make sure all of your references are in. Please remember that it is only when you have "submitted" the application that your references will be contacted.

It is your responsibility to ensure that all of the above information is correct. False or inaccurate information contained in this application may be grounds for denying your candidacy or removing you from the program.
