## 1.2. CATS\_Create an Account - Terms of Service (NO CHANGES MADE)

### Social Security

---

#### Terms of Service

**You must be able to verify some information about yourself and:**

- Have a valid email address;
- Have a Social Security number;
- Have a U.S. mailing address; and
- Be at least 18 years of age.

You can only create an account using your own personal information and for your own exclusive use. You cannot create an account on behalf of another person or using another person's information or identity, even if you have that person's written permission.

For example, you cannot create an account for another person:

- With whom you have a business relationship;
- For whom you are an appointed representative; or
- For whom you are a representative payee.

Only you can use the account that you create with us. You can never share the use of your account with anyone else under any circumstances. You can never use another person's account.

**What will we do with your information?**

We use the information you give us to verify your identity against our records. We also use an external [Identity Services Provider](#) to verify your information against their records. We do not share your Social Security number with them, and they keep your information only for the period of time permitted by federal laws, regulations, or guidelines.

When you make a verification request to establish your account, our [Identity Services Provider](#) may use information from your credit report to help verify your identity. As a result, you may see a "soft" inquiry entry on your credit report with the [Identity Services Provider](#), indicating that the Social Security Administration made an inquiry at your request and the date of that request. Soft inquiries do not affect your credit score, and you do not incur any charges related to them. Soft inquiries are displayed in the version of the credit report provided to a consumer and are not reported to lenders. Soft inquiries will not appear on your credit report from other providers. Soft inquiries are generally removed from your credit report after 12 months. Once you have registered for an online account, you will not generate additional soft inquiries by logging in to access our services.

**What happens if you provide false information or misuse this service?**

You may be subject to criminal or civil penalties, or both, if you provide false or misleading statements to sign in or create an account or engage in unauthorized use of this service.

**Who is responsible if the device you are using is not adequately safeguarded?**

You accept that the responsibility to properly protect any information provided to you by Social Security is yours and that you are the responsible party should any information on or from your computer or other device be improperly disclosed. You agree that Social Security is not responsible for the improper disclosure of any information that Social Security has provided to you, whether due to your own negligence or the wrongful acts of others.

#### Social Security is Going "Green"

When you create a **my Social Security** account, you will no longer receive a paper Social Security *Statement* in the mail. You will, however, receive an email reminder — which contains no personal information — approximately three months before your birthday, to remind you to review your *Statement* online.

If you need a *Statement* by mail, please [follow these instructions](#).

With your **my Social Security** account, you can immediately view, download, or print your *Statement*. Your online *Statement* contains the most up-to-date information in our records about your earnings and benefit.

I agree to the Terms of Service.

## 1.4. Why We Ask for Your Cell Phone Number Light Box

Why We Ask For Your Cell Phone Number ✕

We encourage you to provide us with your cell phone number to help us:

- Verify your identity in real-time;
- Provide you with information you will need to finish creating your account;
- Provide you with information you will need when accessing your account;
- Notify you when a message is waiting for you in Message Center.

If you do not have a cell phone number, you can continue without providing one.

[^ How does this help Social Security verify my identity?](#)

We use state-issued driver's licenses, learner's permits, and ID cards to make sure that the person creating an account in your name is actually you, not someone pretending to be you.

We make sure the information on your ID matches the information held by the issuing state.

If you provide photos of your ID and a selfie, we make sure that the faces match. The technology we use works even if you have made cosmetic changes, like growing a mustache or beard.

Only valid, non-expired state-issued IDs are accepted.

If your ID is lost or stolen, and you report it to the issuing state, the person who finds or steals your ID will not be able to use it to create a My Social Security account in your name.

## 1.7. DLVRF\_Start taking photos

Note: When the Get Text Message button is selected:

- A text message will be sent from Equifax to the user. Please see related screen package for Equifax's text message and photo capture screens.
- The screen depicted in section 1.9 of this document will be displayed in the user's current browser window.

The screenshot shows the Social Security Administration's website interface. At the top left is the Social Security Administration logo. To its right, the text 'Social Security' is displayed in a large, blue, serif font. Below the logo and text, there is a white box with a light gray border containing the following content:

**Start taking photos of your ID and a selfie**

Step 1. Get a text. (Rates still apply.)

Step 2. Select the link and follow the instructions to take photos.

Step 3. Return to this window to finish setting up your account.

[How we protect your information](#)

The link in the text message will expire after 15 minutes from the time of your request. I can't get text messages at this phone number.'

At the bottom of the white box, there are two buttons: a blue button with white text labeled 'Get Text Message' and a white button with a blue border and blue text labeled 'Previous'.

At the bottom of the page, there is a link for 'Privacy and Security' and a footer containing the text: 'OMB No. 0960-0789 | [Privacy Policy](#) | [Privacy Act Statement](#) | [Accessibility Help](#)'.

### How We Protect Your Information ✕

When you select the *Get Text Message* button, you will get a text from our non-government third-party identity services provider (ISP) contracted by Social Security with a link to their web page. Selecting the link will begin the photo capture process.

You will need to capture photos of the front and back of your driver's license or other state-issued ID, and a photo of your face, in order for your identity to be verified. The ISP is responsible for protecting your information in accordance with Federal law and Social Security's privacy regulations.

Please refer to Social Security's [Privacy Policy](#) and [Privacy Act Statement](#) for the uses associated with Social Security's collection and maintenance of your information.
