15. Please enter explanatory comments - The Office of Child Care (OCC) understands that state and territory systems vary in how they collect and report data for families, children, and providers funded fully or partially with CARES Act dollars versus other CCDF or non-CCDF monies. Please describe the population of families, children, and providers reported under #1, #2, and #8 of this form: *[please specify - refer to the ACF-800 instructions for guidance]*

While your actual counts of families, children, and providers funded with CARES Act dollars may not be available as described above, we want all states and territories to provide annual estimates to help us understand how CARES Act dollars were used. Please provide numerical annual unduplicated estimates of the following broad categories of families, children and providers receiving subsidies for slots only, funded fully or partially through grants, contracts, or certificates. Do not include quality and supply grants that are NOT linked to the eligibility of specific families and children as those will be included under the Quality Progress Report.

15-1. Number of families and children served whose subsidy was fully or partially funded with CARES Act dollars

15-2. Number of essential worker families and children (e.g., medical workers, first responders, etc. as defined by the state) who received a subsidy because of the COVID-19 crisis (funded with CARES Act and broader CCDF dollars)

15-3. Number of providers that served children of essential workers (e.g., medical workers, first responders, etc. as defined by the state) who received a subsidy because of the COVID-19 crisis (funded with CARES Act and broader CCDF dollars)

15-4. Number of providers that closed for some period of time and received subsidies based on enrollment of subsidy-eligible children (funded with CARES Act and broader CCDF dollars)

16. Please attach any reports, materials, information developed as a result of the use of CCDF quality funds.
