PRA – Privacy Statement

This form is subject to the Privacy Act of 1974.

Authority

The National Earthquake Hazards Reduction Program (NEHRP), 42 USC 7701.

Principal Purpose

The Earthquake Hazards Program provides rapid, authoritative information on earthquakes and their impact to emergency responders, governments, facilities managers and researchers across the country.

Routine Use

Used to allow users to report shaking intensity of earthquake events, to allow users to receive notifications of earthquake events, and to allow users to volunteer to have seismic instrumentation installed on their property.

Disclosure is Voluntary

If the individual does not furnish the information requested, there will be no adverse consequences. However, if you do not provide contact information we may be unable to contact you for additional information to verify your responses.

Privacy Act Statement

You are not required to provide your personal contact information in order to submit your survey. However, if you do not provide contact information, we may be unable to contact you for additional information to verify your responses. If you do provide contact information, this information will only be used to initiate follow-up communications with you. The records for this collection will be maintained in the appropriate Privacy Act System of Records identified as Earthquake Hazards Program Earthquake Information. (INTERIOR/USGS-2) published at 74 FR 34033 (July 14,2009).

Paperwork Reduction Act Statement

The Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et. seq.) requires us to inform you that this information is being collected to supplement instrumental data and to promote public safety through better understanding of earthquakes. Response to this request is voluntary. Public reporting for this form is estimated to average 6 minutes per response, including the time for reviewing instructions and completing the form. A Federal agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB Control Number. Comments regarding this collection of information should be directed to: Bureau Clearance Officer, U.S. Geological Survey, gs-info_collections@usgs.gov.
