List of Changes to 14(c) certification electronic form (WH-226/WH-226A)

Pages 1-10 of the electronic form remain unchanged from the currently approved version of the electronic form.

On page 11, the user is now given the option to import workers via a template spreadsheet as opposed to typing each one into the form individually. Selecting that radio button then kicks off workflow depicted in pages 12-13.
