Abstract: The Endangered Species Act (ESA; 16 U.S.C. 1531 *et seq.*) provides a means to conserve the ecosystems upon which endangered and threatened species depend, to provide a program for the conservation of these endangered and threatened species, and to take the appropriate steps that are necessary to bring any endangered or threatened species to the point where measures provided for under the ESA are no longer necessary. Section 10(a)(1)(A) of the ESA authorizes us to issue permits for otherwise prohibited activities in order to enhance the propagation or survival of the affected species. ESA Section 10(d) requires that such permits be applied for in good faith and, if granted, will not operate to the disadvantage of endangered species, and will be consistent with the purposes of the ESA.

Our regulations implementing the ESA are in chapter I, subchapter B of title 50 of the Code of Federal Regulations (CFR) (50 CFR 13 and 50 CFR 17). The regulations stipulate general and specific requirements that, when met, allow us to issue permits to authorize activities that are otherwise prohibited. Upon receipt of a complete application, the Director may issue a permit authorizing any activity otherwise prohibited by § 17.21, in accordance with the issuance criteria of this section, for scientific purposes, for enhancing the propagation or survival, or for the incidental taking of endangered wildlife. Such permits may authorize a single transaction, a series of transactions, or a number of activities over a specific period of time. (See § 17.32 for permits for threatened species.)

We collect information associated with application forms to determine the eligibility of applicants for permits requested in accordance with the criteria in section 10 of the ESA. The Service uses the following permit application forms for activities associated with native endangered and threatened species:

- Form 3-200-54, *Enhancement of Survival Permits Associated with Safe Harbor Agreement & Candidate Conservation Agreement with Assurances*
- Form 3-200-55, *Scientific Purposes, Enhancement of Propagation or Survival Permits (i.e., Recovery Permits) and Interstate Commerce Permits*
- Form 3-200-56, *Incidental Take Permits Associated with a Habitat Conservation Plan*
