

Attachment A6: General ADVANCE Ended Survey (Leadership, PAID)

OMB # XXXX-XXXX Exp: XX-XXXX

Pursuant to 5 CFR 1320.5(b), an agency may not conduct or sponsor, and a person is not required to respond to an information collection unless it displays a valid OMB control number. The OMB control number for this collection is XXXX-XXXX. Public reporting burden for this collection of information is estimated to average 30 minutes per response, including the time for reviewing instructions. Send comments regarding this burden estimate and any other aspect of this collection of information, including suggestions for reducing this burden, to: Suzanne Plimpton, Reports Clearance Officer, Information Dissemination Branch, Division of Administrative Services, National Science Foundation, Alexandria, VA 22314.

Thank you for participating in the survey. Please answer survey questions to the best of your knowledge and recollection for the NSF ADVANCE Award [*Award # pre-populated*]. Access to information about the award, such as annual reports, evaluation reports, and internal notes, may be helpful in responding to the questions. Also, if you hover your cursor over a **bolded word**, a small text box will pop up with the definition.

If the ADVANCE project was a **collaboration**, only the lead has been invited to complete this survey and should answer for the unified project. This survey was designed so that you can skip sections and questions and focus only on the areas that apply to you. This survey has 2 sections.

- Section 1: ADVANCE Impacts and Activities
- Section 2: ADVANCE Products and Dissemination

Section 1: ADVANCE Impacts and Activities

Please hover your cursor over words in **bold** to see a definition. This section focuses on the activities or actions (e.g. train-the-trainer workshops, leadership development conferences, development of horizontal mentoring networks, etc.) taken as a result of the ADVANCE Award and their positive impacts, if any, on furthering **faculty equity** (with gender as one or the only focus).

1. Please rate the positive impact(s) of the NSF ADVANCE project on the institutions/organizations, populations, and/or disciplines.
