Thank you for participating in a capacity building assistance (CBA) technical assistance (TA) event delivered by a CDC-sponsored CBA provider. CDC is seeking feedback about your experience with the TA services recently received. Your feedback is extremely important to us and will be used to ensure that the CBA program is meeting the needs of the HIV prevention workforce.

Participation in this survey is voluntary. If you participate, your name and individual responses will not be reported. Your feedback will be combined with the responses of others to see if there are any patterns in the feedback. Completing the questions should take approximately 5 minutes.

The results of this survey will provide valuable information that can be used to improve CBA training and TA services, so your organization continues to strengthen its ability to improve performance and maximize impact. Working together, we will end the HIV epidemic.

Thank you in advance for your time and assistance!

If you have any questions about this survey, please feel free to email us at CBAevaluations@cdc.gov or call us at (404) 498-0196.
