DRAFT

Survey Introduction

Introduction: The purpose of this survey is to gather information from all states, territories and the District of Columbia and a sample of counties about policies and practices for cash assistance and services delivered to families experiencing homelessness for the study, “How TANF Agencies Support Families Experiencing Homelessness.” It will also be used to inform site selection for site visits of four sites. All state TANF administrators as well as a sample of county TANF administrators in each state are being asked to complete the survey. The purpose of the study is to learn how state and county-administered TANF programs use TANF resources to assist families experiencing or at-risk of experiencing homelessness. The study is sponsored by the Administration for Children and Families (ACF), Office of Planning, Research, and Evaluation, within the U.S. Department of Health and Human Services (HHS). Abt Associates and MEF Associates are conducting the study for HHS.

Please answer all questions as completely and accurately as possible. Your answers will be kept private to the extent permitted by the law. Information you provide will not be shared with other staff at your program or organization. Your participation in this survey is voluntary. We hope you will choose to complete all of the questions on the survey, but you may choose to skip any question you do not feel comfortable answering about your TANF program. Thank you in advance for your assistance in completing this survey and providing important information to the study.

The Paperwork Reduction Act Statement: The referenced collection of information is voluntary and will be used to better understand how TANF funds are being used to assist families experiencing or at risk of experiencing homelessness. The time required to complete this collection of information is estimated to average 30 minutes per response, including the time to review instructions, search existing data sources, gather the data needed, and complete and review the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The valid OMB control number for this collection is xxxx-xxxx which expires xx/xx/xxxx. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to Abt Associates, 6130 Executive Blvd., Rockville, MD 20852, Attn: Lauren Dunton.
