**SUPPLEMENTARY INFORMATION:** In  
accordance with the Paperwork  
Reduction Act of 1995 (PRA, 44 U.S.C.  
3501 *et seq.*) and 5 CFR 1320.8(d)(1), all  
information collections require approval  
under the PRA. We may not conduct or  
sponsor and you are not required to  
respond to a collection of information  
unless it displays a currently valid OMB  
control number.

As part of our continuing effort to  
reduce paperwork and respondent  
burdens, we invite the public and other  
Federal agencies to comment on new,  
proposed, revised, and continuing  
collections of information. This helps us  
assess the impact of our information  
collection requirements and minimize  
the public's reporting burden. It also  
helps the public understand our  
information collection requirements and  
provide the requested data in the  
desired format.

We are especially interested in public  
comment addressing the following:

(1) Whether or not the collection of  
information is necessary for the proper  
performance of the functions of the  
agency, including whether or not the  
information will have practical utility;

(2) The accuracy of our estimate of the  
burden for this collection of  
information, including the validity of  
the methodology and assumptions used;

(3) Ways to enhance the quality,  
utility, and clarity of the information to  
be collected; and

(4) How might the agency minimize  
the burden of the collection of  
information on those who are to  
respond, including through the use of  
appropriate automated, electronic,  
mechanical, or other technological  
collection techniques or other forms of  
information technology, *e.g.*, permitting  
electronic submission of response.

Comments that you submit in  
response to this notice are a matter of  
public record. We will include or  
summarize each comment in our request  
to OMB to approve this ICR. Before  
including your address, phone number,  
email address, or other personal  
identifying information in your  
comment, you should be aware that  
your entire comment—including your  
personal identifying information—may  
be made publicly available at any time.  
While you can ask us in your comment  
to withhold your personal identifying  
information from public review, we  
cannot guarantee that we will be able to  
do so.

**Abstract:** This information collection  
is required under the Reclamation  
Reform Act of 1982 (RRA), Acreage  
Limitation Rules and Regulations, 43  
CFR part 426, and Information  
Requirements for Certain Farm  
Operations In Excess of 960 Acres and  
the Eligibility of Certain Formerly  
Excess Land, 43 CFR part 428. This  
information collection requires certain  
landholders (direct or indirect  
landowners or lessees) and farm  
operators to complete forms

demonstrating their compliance with  
the acreage limitation provisions of  
Federal reclamation law. The forms in  
this information collection are  
submitted to districts that use the  
information to establish each  
landholder's status with respect to  
landownership limitations, full-cost  
pricing thresholds, lease requirements,  
and other provisions of Federal  
reclamation law. In addition, forms are  
submitted by certain farm operators to  
provide information concerning the  
services they provide and the nature of  
their farm operating arrangements. All  
landholders whose entire westwide  
landholdings total 40 acres or less are  
exempt from the requirement to submit  
RRA forms. Landholders who are  
"qualified recipients" have RRA forms  
submission thresholds of 80 acres or 240  
acres depending on the district's RRA  
forms submission threshold category  
where the land is held. Only farm  
operators who provide multiple services  
to more than 960 acres held in trusts or  
by legal entities are required to submit  
forms.

*Abstract.*

*Identification of limited recipients—* Some entities that receive Reclamation irrigation water may believe that they are under the Reclamation Reform Act of 1982 (RRA) forms submittal threshold and, consequently, may not submit the appropriate RRA form(s). However, some of these entities may in fact have a different RRA forms submittal threshold than what they believe it to be due to the number of natural persons benefiting from each entity and the location of the land held by each entity. In addition, some entities that are exempt from the requirement to submit RRA forms due to the size of their landholdings (directly and indirectly owned and leased land) may in fact be receiving Reclamation irrigation water for which the full-cost rate must be paid because the start of Reclamation
