[Docket No. OSHA–2010–0050]

**The Anhydrous Ammonia Storage and Handling Standard; Extension of the Office of Management and Budget’s (OMB) Approval of Information Collection (Paperwork) Requirements**

**AGENCY:** Occupational Safety and Health Administration (OSHA), Labor.

**ACTION:** Request for public comments.

**SUMMARY:** OSHA solicits public comments concerning the proposal to extend the Office of Management and Budget’s (OMB) approval of the information collection requirements specified in the Anhydrous Ammonia Storage and Handling Standard.

**DATES:** Comments must be submitted (postmarked, sent, or received) by August 3, 2020.

**ADDRESSES:**

*Electronically:* You may submit comments and attachments electronically at <http://www.regulations.gov>, which is the Federal e-Rulemaking Portal. Follow the instructions online for submitting comments.

*Facsimile:* If your comments, including attachments, are not longer than 10 pages you may fax them to the OSHA Docket Office at (202) 693–1648.

*Mail, hand delivery, express mail, messenger, or courier service:* When using this method, you must submit your comments and attachments to the OSHA Docket Office, Docket No. OSHA–2010–0050, Occupational Safety and Health Administration, U.S. Department of Labor, Room N–3653, 200 Constitution Avenue NW, Washington, DC 20210. Deliveries (hand, express mail, messenger, and courier service) are accepted during the Docket Office’s normal business hours, 10:00 a.m. to 3:00 p.m., ET.

*Instructions:* All submissions must include the agency name and the OSHA

docket number (OSHA–2010–0050) for the Information Collection Request (ICR). All comments, including any personal information you provide, such as social security number and date of birth, are placed in the public docket without change, and may be made available online at <http://www.regulations.gov>. For further information on submitting comments see the “Public Participation” heading in the section of this notice titled **SUPPLEMENTARY INFORMATION.**

*Docket:* To read or download comments or other material in the docket, go to <http://www.regulations.gov> or the OSHA Docket Office at the above address. All documents in the docket (including this **Federal Register** notice) are listed in the <http://www.regulations.gov> index; however, some information (e.g., copyrighted material) is not publicly available to read or download from the website. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. You also may contact Theda Kenney at the below phone number to obtain a copy of the ICR.

**FOR FURTHER INFORMATION CONTACT:** Theda Kenney or Seleda Perryman, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor; telephone (202) 693–2222.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Department of Labor, as part of the continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act (PRA) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA’s estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (the OSH Act) (29 U.S.C. 651 *et*

*seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of efforts in obtaining information (29 U.S.C. 657).

The Anhydrous Ammonia Storage and Handling Standard (29 CFR 1910.111) specifies a number of paperwork requirements. The following is a brief description of the collection of information requirements contained in the standard.

Paragraph (b)(3) of the Standard specifies that systems have nameplates if required, and that these nameplates “be permanently attached to the system (as specified by paragraph (b)(3)(i)) so as to be readily accessible for inspection . . . .” In addition, paragraph (b)(3)(ii) requires that markings on containers and systems covered by paragraphs (c) (“Systems utilizing stationary, non-refrigerated storage containers”), (f) (“Tank motor vehicles for the transportation of ammonia”), (g) (“Systems mounted on farm vehicles other than for the application of ammonia”), and (h) (“Systems mounted on farm vehicles for the application of ammonia”) provide information regarding nine specific characteristics of the containers and systems. Similarly, paragraph (b)(4) of the Standard specifies that refrigerated containers be marked with a nameplate on the outer covering in an accessible place that provides information regarding eight specific characteristics of the container.

The required markings ensure that employers use only properly designed and tested containers and systems to store anhydrous ammonia, thereby preventing accidental release of, and exposure of workers to, this highly toxic and corrosive substance.

## II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency's functions, including whether the information is useful;
- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;
- The quality, utility, and clarity of the information collected; and
- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information collection and transmission techniques.

## III. Proposed Actions

OSHA is requesting that OMB extend the approval of the collection of information (paperwork) requirements contained in the Anhydrous Ammonia Storage and Handling Standard. There is a slight adjustment decrease in burden hours for this ICR. The burden hours have decreased a total of 1 hour (from 337 to 336 hours).

*Type of Review:* Extension of a currently approved collection.

*Title:* Anhydrous Ammonia Storage and Handling Standard (29 CFR 1910.111).

*OMB Number:* 1218–0208.

*Affected Public:* Business or other for-profit; farms.

*Number of Respondents:* 201,300.

*Frequency of Response:* On occasion.

*Total Responses:* 2,013.

*Average Time per Response:* 10 minutes (10/60 hour) for a worker to replace or revise markings on ammonia containers.

*Estimated Total Burden Hours:* 336.

*Estimated Cost (Operation and Maintenance):* \$0.

## IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

- (1) Electronically at <http://www.regulations.gov>, which is the Federal e-Rulemaking Portal; (2) by facsimile; or (3) by hard copy. All comments, attachments, and other material must identify the agency name and the OSHA docket number for this ICR (Docket No. OSHA–2010–0050). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you

must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger, or courier service, please contact the OSHA Docket Office at (202) 693–2350, (TTY (877) 889–5627).

Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as your social security number and date of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download from this website. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> website to submit comments and access the docket is available at the website's "User Tips" link. Contact the OSHA Docket Office for information about materials not available from the website, and for assistance in using the internet to locate docket submissions.

### U.S. Copyright Office

[Docket No. 2020–9]

### Sovereign Immunity Study: Notice and Request for Public Comment

**AGENCY:** Copyright Office, Library of Congress.

**ACTION:** Notice of inquiry.

**SUMMARY:** The U.S. Copyright Office is initiating a study to evaluate the degree to which copyright owners are experiencing infringement by state entities without adequate remedies under state law, as well as the extent to which such infringements appear to be based on intentional or reckless conduct. The Office seeks public input on this topic to assist it in preparing a report to Congress.

**DATES:** Written comments are due on or before August 3, 2020.

**ADDRESSES:** For reasons of government efficiency, the Copyright Office is using the [www.regulations.gov](http://www.regulations.gov) system for the submission and posting of public comments in this proceeding. All comments are therefore to be submitted electronically through [www.regulations.gov](http://www.regulations.gov). Specific instructions for submitting comments are available on the Copyright Office website at <http://www.copyright.gov/docs/sovereignimmunitystudy>. If electronic submission of comments is not feasible due to lack of access to a computer and/or the internet, please contact the Office, using the contact information below, for special instructions.

Amer, Deputy General Counsel, [kamer@loc.gov](mailto:kamer@loc.gov); or Mark T. Gray, Attorney-Advisor, [mgray@loc.gov](mailto:mgray@loc.gov). They can be reached by telephone at 202–707–3000.

**SUPPLEMENTARY INFORMATION:** On March 23, 2020, the Supreme Court issued its decision in *Allen v. Cooper*,<sup>1</sup> holding that the Copyright Remedy Clarification Act of 1990 ("CRCA"), which attempted to make states subject to liability for copyright infringement to the same extent as other parties, did not validly abrogate states' sovereign immunity against suit. Following the decision, Senators Thom Tillis and Patrick Leahy sent a letter to the Copyright Office requesting that the Office "research this issue to determine whether there is sufficient basis for federal legislation
