(c)

All other vessels will be insured at the sole discretion of the Maritime Administrator, but only when engaged in a service which has been determined by the Maritime Administrator to be in the interest of the national defense or the national economy of the United States.

It is warranted, as to a vessel in any of the above categories, that at all times during the binder period or any period of insurance attaching thereunder, the vessel will comply with Department of Commerce/Transportation Orders T-1 and T-2 (44 CFR Parts 401,402, and 403) or any modification thereof so long as they remain in force.

Warranted, as to a vessel in any eligible category, that at all times during the binder period or any period of insurance attaching thereunder, the vessel, by action of its owner or master, will comply with the requirements of the vessel position reporting system as prescribed in 46 CFR 308.2(c). The applicant warrants as to a vessel in any eligible category of the application that, without prior approval of the Maritime Administration, the vessel will not, at any time during the binder period or any period of insurance attaching hereunder, be chartered for a period of longer than six (6) months, or for a voyage or voyages the duration of which will probably exceed six (6) months, to any person not a citizen of the United States, nor be chartered to such a non-citizen under a demise or bareboat form of charter, nor be chartered to such a non-citizen for the carriage of cargoes of any kind to or from any of the countries listed in 46 CFR 221.7 or any modification thereof so long as it remains in force, or for use in the fisheries.

The applicant further warrants with respect to a vessel in category (a) that at and from the date of issuance of the interim binder and for and during the term of any insurance attaching thereunder, such vessel will remain eligible within its category.

The applicant further warrants with respect to a vessel in category (b)(1) or (b)(2) that the vessel will maintain its eligibility within its applicable category at all times from and after the issuance of the interim binder, and will be made available to the U.S. Government upon request in the event of national emergency pursuant to the terms of the Contract of Commitment submitted herewith; and agrees, in this connection, that during the period of the binder and any insurance attaching thereunder, any charter or other contract covering the use of the vessel during such period shall be subject to termination or suspension without notice in the event the United States requires the use of the vessel under the voluntary Contract of Commitment submitted herewith.

The applicant further warrants with respect to a vessel in category (c), that at all times such vessel will remain in the approved service which the Maritime Administrator has found to be in the interest of the national economy or the national defense of the United States.

In addition to the aforesaid warranties, the applicant submits certain statements, certificates and/or agreements which are made part of the insurance application, for vessels in the following categories:

Category (b)(1) Applications: (a) An executed Contract of Commitment, in form as prescribed in Section 308.5, under which applicant commits itself to make the vessel available to the U.S. Government upon request in the event of national emergency on the same terms and conditions as vessels owned by citizens of the United

States are available for requisition, for title, or for use, in accordance with the provisions of section 902(a), Merchant Marine Act, 1936, as amended. In the event this insurance application is determined to be ineligible under the terms of the Maritime Administration's regulations, it is understood that the applicant will be so advised and the executed Contract of Commitment (which is submitted in consideration of the issuance of such insurance) shall be returned to applicant by the Maritime Administration. (b) A Certificate of Ownership and Control by U.S. Citizens, Appendix C to this application, executed by the vessel owner establishing that the vessel is owned by a U.S. corporation, or that a majority of the stock of the owning corporation is owned and controlled by U.S. citizens, as defined in section 1201 (d), Merchant Marine Act, 1936, as amended, whether direct or through intervening corporations, foreign or domestic. (c) Where such intervening corporations are foreign, an additional Certificate of Ownership, in the form of Appendix C, shall be executed and appended hereto, by each such corporation establishing that the ultimate majority ownership and control of the stock of such corporation is vested in a citizen or citizens of the United States as defined in section 1201 (d), Merchant Marine Act, 1936, as amended. (d) If prior official action or approval of the Contract of Commitment with the United States is required by the government of the country of vessel's registry as a prerequisite to the execution of such a contract, applicant attaches a certified copy of such official action or approval. If a vessel in category (b)(1) attains twenty years of age on or prior to the effective date of this insurance, applicant agrees that the subject insurance shall not attach without Maritime Administration approval.

Category (b)(2) Applications: (a) A Contract of Commitment executed by both the owner and charterer in form as prescribed in Section 308.5, under which they commit themselves to make the vessel available to the U.S. Government upon request in the event of national emergency on the same terms and conditions as vessels owned by citizens of the United States are available for requisition, for title, or for use, in accordance with the provisions of section 902(a), Merchant Marine Act, 1936, as amended. In the event this insurance application is determined to be ineligible under the terms of the Maritime Administration's regulations, it is understood that the applicants will be so advised and the executed Contract of Commitment (which is submitted in consideration of the issuance of such insurance) shall be returned by the Maritime Administration. (b) A copy of the long-term charter or other long-term contract covering the use of the vessel and all addenda, certified to be full and complete copies (except as to rate of hire or freight). The charterer also agrees to furnish the Maritime Administration a certified copy of any subsequent amendments to such charter. (c) A Certificate of Ownership and Control by U.S. Citizens, Appendix C to this application, executed by the charterer establishing that it is a U.S. corporation, or a foreign corporation in which a majority of the stock is owned and controlled by U.S. citizens, whether direct or through intervening corporations, which may be either foreign or domestic. (d) Where such intervening corporations are foreign, an additional Certificate of Ownership, in the form of Appendix C, shall be executed and appended hereto, by each such corporation establishing that the ultimate majority ownership and control of the stock of such corporation is vested in a citizen or citizens of the United States as defined in section 1201 (d), Merchant Marine Act, 1936, as amended. (e) If prior official action or approval of the Contract of Commitment with the United States is required by the government of the country of vessel's registry as a prerequisite to the execution of such a contract, applicants attach a certified copy of such official action or approval. If a vessel in category (b)(2) attains twenty years of age on or prior to the effective date of this insurance, applicants agree that the Subject insurance shall not attach without Maritime Administration approval.

Category (c) Applications: A copy or the statement of vessel's service previously submitted by the applicant, which was the subject of a finding by the Maritime Administrator that such service is deemed to be in the interest of the national defense or the national economy of the United States.
