Description of Collection

Title: Complaints under 49 CFR 1111.

OMB Control Number: 2140-0029.

STB Form Number: None.

Type of Review: Extension without change.

Respondents: Affected shippers, railroads and communities that seek redress for alleged violations related to unreasonable rates, unreasonable practices, service issues, and other statutory claims.

Number of Respondents: Four.

Estimated Time per Response: 467 hours.

Frequency: On occasion. For years 2017-2019, respondents filed an average of four complaints of this type with the Board.

Total Burden Hours (annually including all respondents): 1,876 (estimated hours per complaint (467) x average number of complaints (4)).

Total "Non-hour Burden" Cost: \$5,848 (estimated non-hour burden cost per complaint (\$1,462) x average number of complaints (4)).

Needs and Uses: Under the Board's regulations, persons may file complaints before the Board pursuant to 49 CFR part 1111 seeking redress for alleged violations of provisions of the Interstate Commerce Act, 49 U.S.C. 10101 et seq. The required content of a complaint is outlined at 49 CFR 1111.1(a). Generally, the most significant complaints filed at the Board allege that railroads are charging unreasonable rates or that they are engaging in unreasonable practices. The collection by the Board of these complaints, and the agency's action in conducting proceedings and ruling on the complaints, enables the Board to meet its statutory duty to regulate the rail industry.

In two notices of proposed rulemakings, Final Offer Rate Review, EP 755 et al. (84 FR 48872 (Sept. 17, 2019)); and Market Dominance Streamlined Approach, EP 756 (84 FR 48882 (Sept. 17, 2019)), the Board is proposing new rules that are intended to simplify and streamline certain complaint proceedings. The Board has submitted to OMB an interim request for modification and extension of the existing collection and has received comments, which it is reviewing. The Board will submit its requests for modification of this collection once the final rules are decided.

Under the PRA, a federal agency that conducts or sponsors a collection of information must display a currently valid OMB control number. A collection of information, which is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c), includes agency requirements that persons submit reports, keep records, or provide information to the agency, third parties, or the public. Under 44 U.S.C. 3506(c)(2)(A), federal agencies are required to provide, prior to an agency's submitting a collection to OMB for approval, a 60-day notice and comment period through publication in the Federal Register concerning each proposed collection of information, including each proposed extension of an existing collection of information.

Dated: May 18, 2020.

Jeffrey Herzig,

Clearance Clerk.
