

1. Section 15(a) Considerations

In light of the foregoing, the CFTC has evaluated the costs and benefits of this Final Rule pursuant to the five considerations identified in section 15(a) of the CEA as follows:

(1) Protection of Market Participants and the Public

This Final Rule's restoration of the Detailed Requirements may protect market participants and the public by ensuring that the policies and procedures required under § 160.30 are reasonably designed to address the specific areas mandated by Congress in the GLB Act.

(2) Efficiency, Competitiveness, and Financial Integrity of Markets

This Final Rule may reduce confusion and allow Covered Persons to design and maintain their policies and procedures to focus on the specified areas mandated by the GLB Act. This may allow Covered Persons to more efficiently utilize their resources in developing policies and procedures in compliance with § 160.30. In addition, consistent with the GLB Act, this Final Rule will further align the consumer privacy regulations of the Commission, FTC, and SEC, which may lower costs for certain Covered Persons.

(3) Price Discovery

The Commission has not identified an impact on price discovery as a result of this Final Rule.

(4) Sound Risk Management

The Commission has not identified an impact on sound risk management as a result of this Final Rule.

(5) Other Public Interest Considerations

Consistent with the GLB Act, this Final Rule will further align the consumer privacy regulations of the Commission, FTC, and SEC.

2. Comments on Cost-Benefit Considerations

The Commission invited public comment on its cost-benefit considerations in the Proposal, including the Section 15(a) factors described above. The Commission received no such comments.

D. Antitrust Considerations

Section 15(b) of the CEA²¹ requires the Commission to take into consideration the public interest to be protected by the antitrust laws and endeavor to take the least anticompetitive means of achieving the

objectives of the CEA, as well as the policies and purposes of the CEA, in issuing any order or adopting any Commission rule or regulation (including any exemption under section 4(c) or 4c(b)), or in requiring or approving any bylaw, rule, or regulation of a contract market or registered futures association established pursuant to section 17 of the CEA.

The Commission believes that the public interest to be protected by the antitrust laws is generally to protect competition. The Commission requested and did not receive any comments on whether the Proposal implicated any other specific public interest to be protected by the antitrust laws.

The Commission has considered this Final Rule to determine whether it is anticompetitive and has identified no anticompetitive effects. The Commission requested and did not receive any comments on whether the Proposal was anticompetitive and, if it is, what the anticompetitive effects are.

Because the Commission has determined that this Final Rule is not anticompetitive and has no anticompetitive effects and received no comments on its determination, the Commission has not identified any less anticompetitive means of achieving the purposes of the CEA.
