## Email Messages to Participants

Email for **first meeting** to begin the study and take first set of surveys

Dear [name],

We have you scheduled to meet with Dr. Lois James on [date] at [time] at [location]. During this first appointment you will begin the pilot study to test the new online training program titled, *NIOSH Training for Law Enforcement on Shift Work and Long Work Hours*. As I mentioned, to help keep your study data confidential, I have not told Dr. James your name and have told her you are a participant in this study coming at this appointment time. Dr. James will fit you with the actigraph and answer any questions you have about wearing it and answer questions about the surveys.

Here is a link to your first online survey, which you will fill out during this meeting [[Initial survey link](#)]. Use your personal mobile device or personal computer to fill out the surveys and be sure to enter your study identification number at the beginning of each one. This initial survey will take about 10 minutes.

As I mentioned, you will wear the actigraph and keep a brief sleep activity diary for 28 days starting with the day you begin wearing the actigraph. The diary will take about 1 minute to fill out when you wake up from your major sleep episode and 1 minute before you go to sleep for your major sleep episode.

- Use this link to fill out the sleep activity diary on the day you begin wearing the actigraph [[link for 1st time wearing the actigraph before bed - use this only that first day](#)].
- Use this link to fill out the sleep activity diary after you wake up from your major sleep episode each day [[sleep diary when wake up](#)]
- Use this link to fill out the sleep activity diary before you go to sleep for your major sleep episode each day [[sleep diary before sleep](#)]

If you have any questions or comments while participating in the study, I will be happy to talk to you over the phone. To schedule a time to talk, please email me some good times for you and I will email to let you know when I will phone you.

We greatly appreciate your participation,

Claire

Email for participant **to take the online training** and complete the surveys afterward

Dear [name],

During week 3 of the study from [date] to [date], you will take a new online training program that is available on this link [[new law enforcement online training program](#)]. The training will take about 2.5

hours. You can take it at any times that are convenient during week 3, either all at once or over the course of several short time periods. When you are finished taking the training, you will fill out a 10-minute survey with knowledge questions and items to ask your feedback about the training. When you finish the training, the last page has the link to the online survey, which you will click to take the survey.

If you have any questions or comments while participating in the study, I will be happy to talk to you over the phone. To schedule a time to talk, please email me some good times to talk and I will email to let you know when I will phone you.

We greatly appreciate your participation,

Claire

Email for **appointment on last day of the study**

Dear [name],

We have you scheduled to meet with Dr. Lois James for a 10 minute meeting on [date] at [time] at [location] for you to return the actigraph, take a short survey, and end your participation in the study. Dr. James will give you a \$20 gift card, which is a small token of appreciation for your participation.

Here is a link to your final survey, which you will fill out during this meeting [[final survey link](#)].

If you have any questions or comments while participating in the study, I will be happy to talk to you over the phone. To schedule a time to talk, please email me some good times to talk and I will email to let you know when I will phone you.

We greatly appreciate all your time and effort to participate in this study. Your participation will greatly benefit the policing profession as we try to find effective ways of reducing fatigue and promoting sleep, health, and safety.

Sincerely,

Claire
