Study to Explore Early Development

<Date>

<Name of primary caregiver and child participant>

<Address 1 >

<Address 2 >

Dear <name of mother>,

Thank you for taking part in our study. We have enclosed your final \$50 <money order/cash card> for completing the health history forms.

Results from this study may help us learn more about possible causes for autism and other developmental disabilities. They might also lead to better services and treatments for children with autism and related disabilities. Your participation has been important in helping us reach these goals.

If you have any questions please call <Project Coordinator> at <Phone number>. We will also be sending newsletters to update you on our study's success. Once again, thank you very much for your time and energy.

Sincerely,

<Study Project Coordinator>
