

**Nonsubstantive Change Justification  
(CMS-10709; 0938-1374)**

In compliance with the Terms of Clearance issued on the Notice of Action dated April 23, 2020, CMS is submitting this nonsubstantive change request to formally include the non-response bias report as part of the information collection request. This change request does not impose any modifications to the currently approved burden estimates, number of respondents, number of responses, or the content of the currently approved collection instrument.
