

OMB Control Number: 1652-0068.
Form(s): TSA Forms 2802, 2816A, and 2816B.

Affected Public: Visitors to TSA facilities in the National Capital Region.

Abstract: The Secretary of the Department of Homeland Security (DHS) is authorized to protect property owned, occupied, or secured by the Federal Government. See 40 U.S.C. 1315. See also 41 CFR 102-81.15 (requires Federal agencies to be responsible for maintaining security at their own or leased facilities). To implement this requirement, DHS policy requires all visitors to DHS facilities in the NCR¹ to have a criminal history records check through the National Crime Information Center (NCIC) system before accessing the facility. In reviewing the NCIC results, TSA will consider whether an individual could potentially pose a threat to the safety of TSA employees, contractors, visitors, or the facility. TSA is revising the collection to transition the applicable forms, TSA Forms 2802, 2816A, and 2816B, into Common Forms. Common Forms permit Federal agency users beyond the agency that created the form (e.g., Department of Homeland Security or U.S. Office of Personnel Management) to streamline the information collection process in coordination with OMB.

Number of Respondents: 29,595.
Estimated Annual Burden Hours: An estimated 226 hours annually.

Dated: June 2, 2020.

Christina A. Walsh,
TSA Paperwork Reduction Act Officer,
Information Technology.

Abstract: As required by the Government Performance and Results Act (GPRA) codified in Public Law 103-62, the NPS uses the Visitor Survey Card (VSC) to monitor and report performance, accomplishments and progress toward pre-established management goals. The VSC is used to measure each park unit's performance related to NPS Management Policy and GPRA Goals IIa1 (visitor satisfaction) and IIb1 (visitor understanding and appreciation). Each year, approximately 330 participating NPS units use the VSC to collect data to evaluate visitor perception and satisfaction of service and facility quality, awareness of park significance, and basic demographic information. Park managers, superintendents and the NPS Social Science Program use the information collected to understand visitor use and improve park services and facilities to develop long-term strategic plans, annual goals, and performance improvement plans.
