

RECLAMATION FEE
[30 U.S.C. 1232]

SEC. 402. (a) All operators of coal mining operations subject to the provisions of this Act shall pay to the Secretary of the Interior, for deposit in the fund, a reclamation fee of 35 cents per ton of coal produced by surface coal mining and 15 cents per ton of coal produced by underground mining or 10 per centum of the value of the coal at the mine, as determined by the Secretary, whichever is less, except that the reclamation fee for lignite coal shall be at a rate of 2 per centum of the value of the coal at the mine, or 10 cents per ton, whichever is less.

(b) Such fee shall be paid no later than thirty days after the end of each calendar quarter beginning with the first calendar quarter occurring after the date of enactment of this Act, and ending September 30, 2004, after which time the fee shall be established at a rate to continue to provide for the deposit referred to in subsection (h).

Note: Subsection 402(b) amended November 5, 1990 and October 24, 1992.

(c) Together with such reclamation fee, all operators of coal mine operations shall submit a statement of the amount of coal produced during the calendar quarter, the method of coal removal and the type of coal, the accuracy of which shall be sworn to by the operator and notarized. Such statement shall include an identification of the permittee of the surface coal mining operation, any operator in addition to the permittee, the owner of the coal, the preparation plant, tipples, or loading point for the coal, and the person purchasing the coal from the operator. The report shall also specify the number of the permit required under section 506 and the mine safety and health identification number. Each quarterly report shall contain a notification of any changes in the information required by this subsection since the date of the preceding quarterly report. The information contained in the quarterly reports under this subsection shall be maintained by the Secretary in a computerized database.

Note: Subsection 402(c) amended November 5, 1990.

(d)(1) Any person, corporate officer, agent or director, on behalf of a coal mine operator, who knowingly makes any false statement, representation or certification, or knowingly fails to make any statement, representation or certification required in this section shall, upon conviction, be punished by a fine of not more than \$10,000, or by imprisonment for not more than one year, or both.

(2) The Secretary shall conduct such audits of coal production and the payment of fees under this title as may be necessary to ensure full compliance with the provisions of this title. For purposes of performing such audits the Secretary (or any duly designated officer, employee, or representative of the Secretary) shall, at the reasonable times, upon request, have access to, and may copy, all books, papers, and other documents of any person subject to the provisions of this title. The Secretary may at any time conduct audits of any surface coal mining and reclamation operation, including without limitation, tipples and preparation plants, as may be necessary in the judgment of the Secretary to ensure full and complete payment of the fees under this title.

Note: Subsection 402(d)(2) amended November 5, 1990.

(e) Any portion of the reclamation fee not properly or promptly paid pursuant to this section shall be recoverable, with statutory interest, from coal mine operators, in any court of competent jurisdiction in any action at law to compel payment of debts.

(f) All Federal and State agencies shall fully cooperate with the Secretary of the Interior in the enforcement of this section. Whenever the Secretary believes that any person has not paid the full amount of the fee payable under subsection (a) the Secretary shall notify the Federal agency responsible for ensuring compliance with the provisions of section 4121 of the Internal Revenue Code of 1986.

Note: Subsection 402(f) amended November 5, 1990.

(g) (1) Except as provided in subsection (h), moneys deposited into the fund shall be allocated by the Secretary to accomplish the purposes of this title as follows:

(A) 50 percent of the reclamation fees collected annually in any State (other than fees collected with respect to Indian lands) shall be allocated annually by the Secretary to the State, subject to such State having each of the following:

(i) An approved abandoned mine reclamation program pursuant to section 405.

(ii) Lands and waters which are eligible pursuant to section 404 (in the case of a State not certified under section 411(a)) or pursuant to section 411(b) (in the case of a State certified under section 411(a)).

(B) 50 percent of the reclamation fees collected annually with respect to Indian lands shall be allocated annually by the Secretary to the Indian tribe having jurisdiction over such lands, subject to such tribe having each of the following:

(i) an approved abandoned mine reclamation program pursuant to section 405.

(ii) Lands and waters which are eligible pursuant to section 404 (in the case of an Indian tribe not certified under section 411(a)) or pursuant to section 411(b) (in the case of a tribe certified under section 411(a)).

(C) The funds allocated by the Secretary under this paragraph to States and Indian tribes shall only be used for annual reclamation project construction and program administration grants.

(D) To the extent not expended within 3 years after the date of any grant award under this paragraph, such grant shall be available for expenditure by the Secretary in any area under paragraph (2), (3), (4), or (5).

(2) 20 percent of the amounts available in the fund in any fiscal year which are not allocated under paragraph (1) in that fiscal year (including that interest accruing as provided in section 401(e) and including funds available for reallocation pursuant to paragraph (1)(D)), shall be allocated to the Secretary only for the purpose of making the annual transfer to the Secretary of Agriculture under section 401(c)(2).

(3) Amounts available in the fund which are not allocated to States and Indian tribes under paragraph (1) or allocated under paragraphs (2) and (5) are authorized to be expended by the Secretary for any of the following:

(A) For the purpose of section 507(c), either directly or through grants to the States, subject to the limitation contained in section 401(c)(11).

(B) For the purpose of section 410 (relating to emergencies).

(C) For the purpose of meeting the objectives of the fund set forth in section 403(a) for eligible lands and waters pursuant to section 404 in States and on Indian lands where the State or Indian tribe does not have an approved abandoned mine reclamation program pursuant to section 405.

(D) For the administration of this title by the Secretary.

(4)(A) Amounts available in the fund which are not allocated under paragraphs (1), (2), and (5) or expended under paragraph (3) in any fiscal year are authorized to be expended by the Secretary under this paragraph for the reclamation or drainage abatement of lands and waters within unreclaimed sites which are mined for coal or which were affected by such mining, wastebanks, coal processing or other coal mining processes and left in an inadequate reclamation status.

(B) Funds made available under this paragraph may be used for reclamation or drainage abatement at a site referred to in subparagraph (A) if the Secretary makes either of the following findings:

(i) A finding that the surface coal mining operation occurred during the period beginning on August 4, 1977, and ending on or before the date on which the Secretary approved a State program pursuant to section 503 for a State in which the site is located, and that any funds for reclamation or abatement which are available pursuant to a bond or other form of financial guarantee or from any other source are not sufficient to provide for adequate reclamation or abatement at the site.

(ii) A finding that the surface coal mining operation occurred during the period beginning on August 4, 1977, and ending on or before the date of enactment of this paragraph, and that the surety of such mining operator became insolvent during such period, and as of the date of enactment of this paragraph, funds immediately available from proceedings relating to such insolvency, or from any financial guarantee or other source are not sufficient to provide for adequate reclamation or abatement at the site.

(C) In determining which sites to reclaim pursuant to this paragraph, the Secretary shall follow the priorities stated in paragraphs (1) and (2) of section 403(a). The Secretary shall ensure that priority is given to those sites which are in the immediate vicinity of a residential area or which have an adverse economic impact upon a local community.

(D) Amounts collected from the assessment of civil penalties under section 518 are authorized to be appropriated to carry out this paragraph.

(E) Any State may expend grants made available under paragraphs (1) and (5) for reclamation and abatement of any site referred to in subparagraph (A) if the State, with the concurrence of the Secretary, makes either of the findings referred to in clause (i) or (ii) of subparagraph (B) and if the State determines that the reclamation priority of the site is the same or more urgent than the reclamation priority for eligible lands and waters pursuant to section 404 under the priorities stated in paragraphs (1) and (2) of section 403(a).

(F) For the purposes of the certification referred to in section 411(a), sites referred to in subparagraph (A) of this paragraph shall be considered as having the same priorities as those stated in section 403(a) for eligible lands and waters pursuant to section 404. All sites referred to in subparagraph (A) of this paragraph within any State shall be reclaimed prior to such State making the certification referred to in section 411(a).
