## **Petition for Trade Adjustment Assistance (TAA)**

### About the Trade Adjustment Assistance (TAA) Program

The Trade Act of 1974 (19 USC § 2271 et seq.), as amended, established Trade Adjustment Assistance (TAA) to provide assistance to workers in firms hurt by foreign trade. Program benefits include long-term training while receiving income support. TAA provides both rapid and early assistance. Filing this petition is the first step in qualifying for TAA benefits and assistance. After the petition is filed, the U.S. Department of Labor will determine whether a significant number or proportion of the workers of the firm have become total or partially separated or are threatened to become totally or partially separated, and whether imports or a shift in production or services to a foreign country contributed importantly to these actual or threatened separations and to a decline in sales or in production of articles or supply of services. If a petition is approved and the workers are certified as eligible to participate in the TAA program, workers covered by a certification may contact their state workforce agency to apply for benefits. These benefits are provided at no expense to employers.
