## File a Complaint

Employees have a right to file a safety and health complaint or a whistleblower complaint. Find out more below about how to file each type of complaint.

## **How to File a Safety and Health Complaint**

You (or your representative) have the right to file a confidential safety and health complaint and request an OSHA inspection of your workplace if you believe there is a serious hazard or if you think your employer is not following OSHA standards. The complaint should be filed as soon as possible after noticing the hazard. A signed complaint is more likely to result in an onsite inspection.

## **How to File a Whistleblower Complaint**

In states with OSHA-approved State Plans, employees may file complaints with Federal OSHA and with the State Plan. See the Whistleblower Protection Program website to learn more.
