File a Complaint

Employees have a right to file a safety and health complaint or a whistleblower complaint. Find out more below about how to file each type of complaint.

How to File a Safety and Health Complaint

You (or your representative) have the right to file a confidential safety and health complaint and request an OSHA inspection of your workplace if you believe there is a serious hazard or if you think your employer is not following OSHA standards. The complaint should be filed as soon as possible after noticing the hazard. A signed complaint is more likely to result in an onsite inspection.
