The PONL Terms of Use, Privacy Act, Privacy Impact Assessment, and the Paperwork Reduction Act Notice statements for PONL are shown below:

Each user must have an individual user name and password. Sharing your Permits Online user name or password is strictly prohibited and in violation of the Federal Information Security Management Act (FISMA) (Public Law 107-347) and can result in the cancellation of your Permits Online privileges.

The person who submits a request for a user registration is responsible for any Permits Online activity associated with his or her user name and password.

Multiple people can have access to applications, permits, registrations, and notices in Permits Online. If someone other than the person who submitted the application requires access, that person must register for his/her own Permits Online account, then submit a "Request Access" application. Note that a Signing Authority or Power of Attorney form **must already be on file** with TTB before submitting the access request application.

# **PONL Privacy Act Notice:**

# TTB Privacy Act Notice:

We provide this information to comply with Sections 3 and 7(b) of the Privacy Act of 1974 (5 U.S.C.§ 552a(e)(3)):

### 1. What is TTB's authority to ask for this information?

We require this information under the authority of 26 U.S.C., Section 4222; 26 U.S.C. 5171(b), 5173, 5271(b), 5272, 5354, 5356, 5401, 5401(a), 5502(b), 5511(3), 5711 and 5712; 27 U.S.C. 204(c). You must disclose this information to engage in any of the businesses regulated pursuant to the above described statutes.

### 2. What is the purpose for this information collection?

You give this information to enable TTB to determine your eligibility, suitability, and/or qualifications to engage in a business regulated by TTB.

### 3. How does TTB routinely use this information?

We use this information to make determinations for the purposes described in paragraph 2. Also, we may disclose the information to other Federal, State, foreign, and local law enforcement, or regulatory agency personnel to verify information in your application where such disclosure is not prohibited by law.

We may disclose the information to the Justice Department if it appears that the furnishing of false information may constitute a violation of Federal law.

Finally, we may disclose the information to members of the public to verify information in your application where such disclosure is not prohibited by law.

### 4. What happens if I do not supply the information TTB requests?

If you do not supply complete information, we may be prevented from making an informed judgment as described above. If you fail to supply the necessary information it may cause us to delay, deny or disapprove your application.

### 5. How might TTB disclose my Employer Identification Number (EIN) or Social Security Number (SSN)?

Pursuant to the statutes above, we are authorized to solicit this information. We use these numbers to identify an individual or business. Your disclosure of these numbers is voluntary. If you do not supply these numbers, your application may be delayed.

# **Permits Online (PONL)**

### Privacy Impact Assessment

#### Information Collected and Purpose

Permits Online (PONL) is a secure Commercial Off-The-Shelf (COTS) product providing a web-based system with the capability to submit, route, and/or process original and amended permit/registration applications. The permit process enables TTB to authorize applicants to operate alcohol and tobacco related businesses under the FAA Act and Internal Revenue Code. This functionality is provided for external use by Regulated Industry Member representatives and internally by TTB's National Revenue Center (NRC). The online application and electronic submission of TTB's original permit application saves both the applicant and TTB significant time and money and also protects the public in support of homeland security.

### Information Use and Sharing

PONL stores names, date of birth, social security numbers, photographic identification, driver's license information, mailing addresses, phone numbers, financial account information, legal documents, e-mail addresses, and foreign activity information for those individuals who have provided the aforementioned information on the PONL application. PONL provides applicants with a publicly facing website enabling them to view the information in the application and to check the status of the application while it is pending. Each application is specifically linked to the individual who submits it and only designated and approved TTB officials have direct access to personally identifiable information (PII) stored within PONL. With regard to the roles assigned within the application, all individuals receive access rights based on their status.

### Information Consent

For an individual's PII to be stored in PONL, the individual must have willingly and intentionally filled out and submitted an application. The application is subject to the Privacy Act and a Privacy Act SORN that addresses all required categories of information has been published in the Federal Register.

### Information Protection

TTB will take appropriate security measures to safeguard PII and other sensitive data stored on PONL. TTB will apply Department of the Treasury security standards, including but not limited to, routine scans and monitoring, back-up activities, and background security checks for all TTB employees and contractors. Accordingly, access to PONL PII will be limited to specific job function and access will be controlled based on least privilege.

The following access safeguards will also be implemented:

- · Passwords expire after a set period;
- Accounts are locked after a set period of inactivity;
- · Minimum length of passwords is eight characters;
- · Passwords are combination of letters, numbers, and symbols; and
- · Accounts are locked after a set number of incorrect attempts.
