## 1. Public Home Page View

**Links to view the Privacy Statement & PRA statement are displayed in the footer**

## 2. NASA Privacy Statement

# NASA Universal Registration and Data Management System

## NASA Privacy Statement

This notice provides NASA's policy regarding the nature, purpose, use and sharing of any information collected via this form. The information you provide on this NASA-issued form will be used only for its intended purpose. NASA will protect your information consistent with all applicable Federal laws, statutes, Government-wide and NASA Policies and Procedural Requirements. Submitting information is strictly voluntary and, by doing so, you are giving NASA your permission to use the information for the specific purpose of planning, coordinating, and conducting the event. Additionally, the data collected is entered into NASA's Office of STEM Engagement Data Management system, and is used by Headquarters' staff to respond to reporting requests from NASA management and others. Data is/may be used in reporting to education leads in sponsoring NASA mission directorates. If you do not want to give NASA permission to use your information, simply do not provide it. However, not providing the requested information may result in NASA's inability to provide you with the information or services you desire. For additional details regarding NASA Privacy Policy and Procedures, and other related information including published NASA Privacy Impact Assessments (PIAs), please visit the NASA Privacy Policy and Important Notices Web site at [http://www.nasa.gov/about/highlights/HP\\_Privacy.html](http://www.nasa.gov/about/highlights/HP_Privacy.html).

### 3. Paperwork Reduction Act Statement

# NASA Universal Registration and Data Management System

## Paperwork Reduction Act Statement

This information collection meets the requirements of 44 U.S.C. §3507, as amended by section 2 of the Paperwork Reduction Act of 1995. You do not need to answer these questions unless we display a valid Office of Management and Budget (OMB) control number. The OMB control number for this collection is 2700-0159 and expires 04/20/2018. We estimate that it will take 20 minutes to read the instructions and answer the questions. If you have a question specific to the Paperwork Reduction Act for NASA STEM Gateway, you may send inquiries to: [REDACTED]

**PRA link in the footer will direct external users to the NASA PRA Statement for OSTEM**

**\*\*Control Number and Expiration Date will be updated upon Approval**

# NASA Universal Registration and Data Management System

## 1.2 CREATE PROFILE

### 1. Age Verification

**1. Before external users can proceed with creating a profile within the system, they are required to provide basic information to verify whether or not they are old enough to proceed**

*Required fields are designated with an asterisk (\*)*

Tell us a little bit about yourself.

\* First Name

\* Last Name

\* Email

\* I am...   
A Student ▼

\* Age  
15 or under ▼

Next

**2. If external users click the information button on the 'I am' field, a hover text guide is displayed to help explain the Educator picklist option**

**3. From the 'I am' field, external users can select their Learner Type**

**4. From the 'Age' field, those users who identify themselves as a 'Student' in the 'I am' field above must also select their age range so that the system can verify their age without collecting PII data**

*NOTE: If 'An Educator' is selected from the 'I am' field above, the 'Age' field will disappear all together. Educators will bypass the age verification process and will move directly to the create profile process*

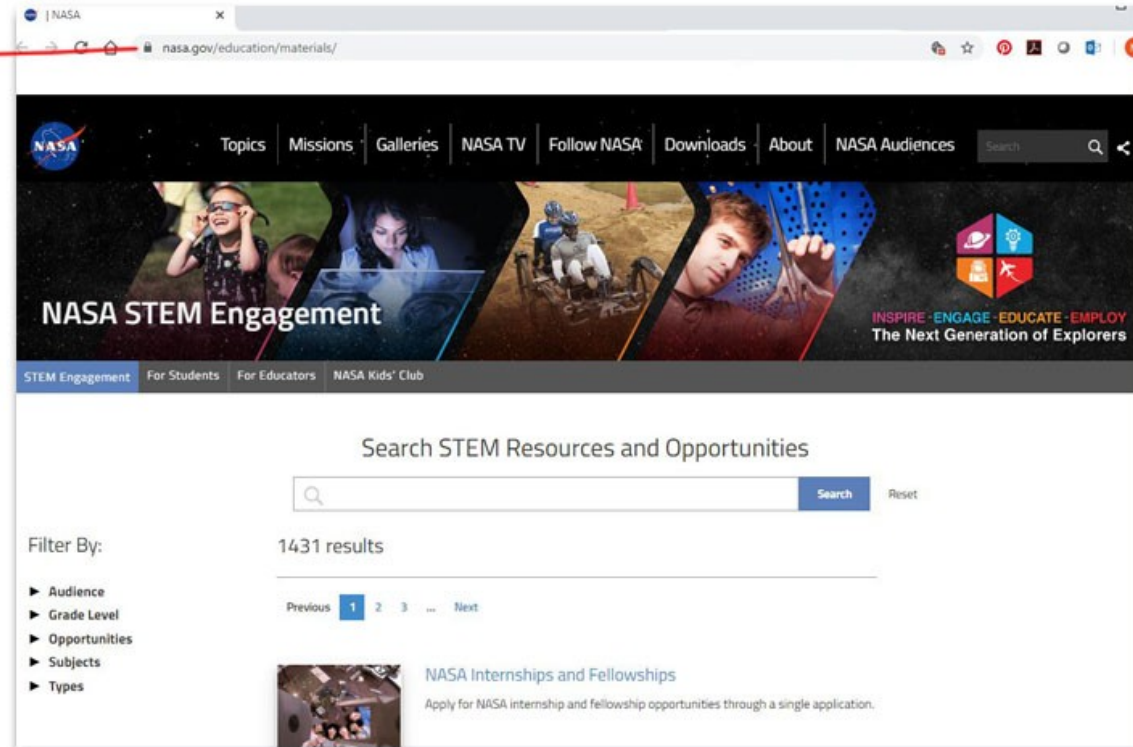

# NASA Universal Registration and Data Management System

## 2. Minors 15 Years or Under

**If the user selects '15 or under' during from the age verification field, they will receive the above message which notifies them that they are too young to participate. At that point, the user is prevented from continuing within the system and no data is stored.**

**If the external user clicks the hyperlink included in the message, it will automatically route them to the public STEM Resources and Opportunities page on nasa.gov**

# NASA Universal Registration and Data Management System

## 3. Minors 16 - 17 Years | Enter Parent / Legal Guardian Contact Info

**1. If the user selects '16 or 17' from the age verification field, they will receive this message which notifies them that they must obtain consent from their Parent/Legal Guardian before they can continue with creating their profile**

*Required fields are designated with an asterisk (\*)*

We'll need to get consent from your Parent or Guardian before proceeding.

Please provide contact information for your Parent / Guardian below. We'll send them an email and will notify you once they've provided a response!

\* First Name

\* Last Name

\* Email

\* Phone

Parent / Guardian permission is required before you can apply/register for any NASA OSTEM Engagement openings. Once you have completed the information below and your parent/guardian has provided their consent, you will be able to log back in to your account and continue with the registration process.

Thanks!

We've sent a message to your parent or legal guardian, and we'll be in touch as soon as they finish submitting their consent.

**2. Once users click the Next button, they will receive the above message to notify them that their parent/legal guardian will be contacted**

**A temporary profile is created with the user's name and email address. At this point, they are prevented from proceeding any further in the workflow until a response is received from the parent / legal guardian**

## 4. Parent / Legal Guardian Consent Response = No

# NASA Universal Registration and Data Management System

From the digital consent form, the Parent / Legal Guardian can provide their acknowledgement for:

- Overall Activity Participation
- Receiving Text Messages
- NASA Media Release
- Survey Participation

By selecting No from any of the acknowledgement statements within the form, no additional information is added to the form

Once all fields are complete, the Parent / Guardian can select the Next button

Required fields are designated with an asterisk (\*)

The screenshot shows a digital consent form for the NASA Universal Registration and Data Management System. At the top right, the NASA logo is displayed with the tagline "INSPIRE · ENGAGE · EDUCATE · EMPLOY" and "The Next Generation of Explorers". The form is titled "Authorization for Application / Activity Participation" and contains several sections, each with a radio button for "YES" and "NO" (with "NO" selected in all cases):

- Authorization for Application / Activity Participation:** "My child [redacted] has my permission to submit a registration/application to be considered for openings/opportunities with NASA STEM Engagement." \*Please select your acknowledgement response below: YES, NO.
- Authorization to Receive Text Messages:** "My child [redacted] has approval to receive text message updates about their NASA STEM Engagement application and course progress if they are accepted into the online portion." \*Please select your acknowledgement response below: YES, NO.
- Authorization for NASA Media Release:** "YES, I acknowledge that NASA has no obligation to use [redacted]'s words, image, or voice in connection with NASA. I hereby unconditionally release NASA and its representatives from any and all claims and demands arising out of the activities authorized under the terms of this agreement. I have read the foregoing agreement and am familiar with all of the terms and conditions thereof and I consent to its execution by [redacted]." \*Please select your acknowledgement response below: YES, NO.
- Authorization for Survey Participation:** "I authorize NASA to collect and report performance and/or evaluation data about [redacted]'s participation in the NASA STEM Engagement opportunity for continuous improvement purposes into its data management system." \*Please select your acknowledgement response below: YES, NO.

At the bottom, there is a link for more information: "For information about NASA STEM Engagement, you may visit <https://www.nasa.gov/stem>". A blue "Next" button is located in the bottom right corner.

# NASA Universal Registration and Data Management System

## 5. Parent / Legal Guardian Consent Response = Yes

**If the parent / legal guardian selects 'Yes' in the authorization to receive text messages section, an additional disclaimer message will be added to the form to notify the user that the minor may incur charges with this selection and to confirm that this selection will not affect the minor's chances of selection**

**Selecting 'Yes' in the authorization for application / activity participation section will allow the minor to proceed with creating their profile**

*Required fields are designated with an asterisk (\*)*

Authorization for Application / Activity Participation

My child [REDACTED] has my permission to submit a registration/application to be considered for openings/opportunities with NASA STEM Engagement.

\* Please select your acknowledgement response below:

YES  
 NO

Authorization to Receive Text Messages

My child [REDACTED] has approval to receive text message updates about their NASA STEM Engagement application and course progress if they are accepted into the online portion.

\* Please select your acknowledgement response below:

YES  
 NO

By selecting YES, I agree to allow my child to receive text message updates from NASA STEM Engagement at their cell phone number. Message and data rates may apply. Texts may be sent using an automated system. I understand opting out of text messages will NOT adversely affect my child's performance or experience with NASA STEM Engagement.

Authorization for NASA Media Release

YES, I acknowledge that NASA has no obligation to use [REDACTED]'s words, image, or voice in connection with NASA. I hereby unconditionally release NASA and its representatives from any and all claims and demands arising out of the activities authorized under the terms of this agreement. I have read the foregoing agreement and am familiar with all of the terms and conditions thereof and I consent to its execution by [REDACTED]

\* Please select your acknowledgement response below:

YES  
 NO

Authorization for Survey Participation

I authorize NASA to collect and report performance and/or evaluation data about [REDACTED]'s participation in the NASA STEM Engagement opportunity for continuous improvement purposes into its data management system.

\* Please select your acknowledgement response below:

YES  
 NO

For information about NASA STEM Engagement, you may visit <https://www.nasa.gov/stem>

# NASA Universal Registration and Data Management System

## 6. Create Profile – NASA Media Release

**When creating their profile, if the user initiating the create process is a minor (16-17 years old) who has just received authorization from their parent/legal guardian and accessed the system from their email, that minor will bypass this media release form all together because their parent/legal guardian already provided their acknowledgement decision on behalf of the minor from within the parent/legal guardian consent form and that decision cannot be changed within the system without involvement from the internal system administrator designated by OSTEM**

**However, those individuals who identified themselves as either 'Student - 18 years or older' or 'Educator' during the initial age verification screen will be routed to this media release form as part of the profile creation process**

### Authorization for NASA Media Release

I hereby give my permission to be interviewed, photographed, and/or videotaped by NASA or its representatives in connection with a NASA production.

I understand and agree that the text, photographs, and/or videotapes thereof containing my name, likeness, and voice, including transcripts thereof, may be used in the production of instructional, promotional materials, and for other purposes that NASA deems appropriate and that such materials may be distributed to the public and displayed publicly one or more times and in different formats, including but not limited to, websites, cablecasting, broadcasting, and other forms of transmission to the public. I also understand that this permission to use the text, photographs, videotapes, and name in such material is not limited in time and that I will not receive any compensation for granting this permission.

I understand that NASA has no obligation to use my name, likeness, or voice in the materials it produces, but if NASA so decides to use them, I acknowledge that it may edit such materials. I hereby waive the right to inspect or approve any such use, either in advance or following distribution or display.

I hereby unconditionally release NASA and its representatives from any and all claims and demands arising out of the activities authorized under the terms of this agreement.

\* Please select your acknowledgement response below:

- YES, by making this selection, I represent that I am of legal age, have full legal capacity, and agree that I will not revoke or deny this agreement at any time. I have read the foregoing and fully understand its contents.
- NO, NASA does not have my consent to be interviewed, photographed, and/or videotaped by NASA or its representatives.

For information about NASA STEM Engagement, you may visit <https://www.nasa.gov/stem>

## 7. Create Profile – Personal Information

# NASA Universal Registration and Data Management System

**1. All external users who have been authorized will be required to complete the Personal Information form during their profile creation process**

We'll need the following Personal Information to complete your Profile:

Birthday

Address  
Country

Address

City  State/Province

Zip/Postal Code

Phone

\* Is this a Mobile Phone?

Alternate Phone (Optional)

**2. Users are required to confirm whether the phone number entered is a mobile number**

\* Is this a Mobile Phone?  
  
Yes  
No (Optional)

\* Is this a Mobile Phone?

\* Is it okay to text you at the cell phone number above about your application?  
  
Yes  
No (Optional)

\* Is it okay to text you at the cell phone number above about your application?

By selecting YES, I agree to receive text message updates from NASA STEM Engagement at this cell phone number. Message and data rates may apply. Texts may be sent using an automated system. I understand opting out of text messages will NOT adversely affect my performance or experience with NASA STEM Engagement. Please be aware that mobile message or data charges may be incurred.

**3. If they answer Yes, an additional field is added to confirm whether it is ok to send texts to the individual regarding their application. If they select Yes, then a disclaimer message is displayed making them aware that they may incur charges with this selection and to confirm that their choice will not affect their chances of selection. Minors (16-17 years old) who have received parent/legal guardian consent will be restricted from answering this additional question because their parent/legal guardian already provided their acknowledgement decision on behalf of the minor from within the parent/legal guardian consent form and that decision cannot be changed within the system without involvement from the internal system administrator designated by OSTEM**

8. Create Profile – Demographic Information

# NASA Universal Registration and Data Management System

1. Disclaimer message at the top confirms for users that even though all fields on this form are required, they have the ability to opt out of providing their demographic information by selecting the 'Do not wish to provide' in all applicable fields

This allows OSTEM to collect and report data on data accurately while still providing users with a choice on what data that they want to provide

**Demographic Info**

Completion of your Demographic Information is voluntary. No selection decisions are made based on the information. It will not adversely affect your application if you choose to not provide this information. Select the 'Do not wish to provide' option for each item that you choose not to report on.

\* Gender  
-- None --  
Female  
Male  
Do not wish to provide

\* Ethnicity  
-- None --  
Hispanic or Latino  
Not Hispanic or Latino  
Do not wish to provide  
American Indian or Alaska Native

\* Race (select one or more):  
-- None --  
American Indian or Alaska Native  
Asian  
Black or African American  
Native Hawaiian or Other Pacific Islander  
White  
Do not wish to provide

\* Are you a Veteran?  
-- None --  
Yes  
No  
Do not wish to provide

\* Do you have a disability?  
-- None --  
Yes  
No  
Do not wish to provide

Identifying any qualifying disability is protected under the Americans with Disabilities Act Citizenship or the Rehabilitation Act of 1973.

## 9. Create Profile - Demographic Information Help Text

### Field guidance is provided for Ethnicity

\* Ethnicity

-- None --

Hispanic or Latino - a person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

### Field guidance is provided for Race

\* Gender

-- None --

American Indian or Alaskan Native - a person having origins in any of the original peoples of North or South America (including Central America), and who maintains tribal affiliation or community attachment.  
Asian - a person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent. This area includes, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, or Vietnam.  
Black or African American - a person having origins in any of the black racial groups of Africa.  
Native Hawaiian or Other Pacific Islander - a person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific islands.  
White - a person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

### Demographic Info

**Completion of your Demographic Information is voluntary. No selection decisions are made based on the information. It will not adversely affect your application if you choose to not provide this information. Select the 'Do not wish to provide' option for each item that you choose not to report on.**

\* Gender

### Self-identification of Disability

Each agency in the Executive branch of Federal government has established programs to facilitate the selection, placement, and advancement of individuals with disabilities. Self-identification of disability status is essential in these efforts. Self-identification is voluntary but your cooperation is critical in these efforts.

Examples of some disabilities or other serious health conditions are listed below:

- Speech impairment
- Spinal abnormalities, for example, spina bifida or scoliosis
- Non-paralytic orthopedic impairments, for example, chronic pain, stiffness, weakness in bones or joints, some loss of ability to use part or parts of the body
- HIV Positive/AIDS
- Morbid obesity
- Nervous system disorder for example, migraine headaches, Parkinson's disease, or multiple sclerosis
- Cardiovascular or heart disease
- Depression, anxiety disorder, or other psychiatric disorder
- Blood diseases, for example, sickle cell anemia, hemophilia
- Diabetes
- Orthopedic impairments or osteo-arthritis
- Pulmonary or respiratory conditions, for example, tuberculosis, asthma, emphysema
- Kidney dysfunction
- Cancer (present or past history)
- Learning disability or attention deficit/hyperactivity disorder (ADD/ADHD)
- Gastrointestinal disorders, for example, Crohn's Disease, irritable bowel syndrome, colitis, celiac disease, dysphagia
- Autoimmune disorder, for example, lupus, fibromyalgia, rheumatoid arthritis
- Liver disease, for example, hepatitis or cirrhosis
- History of alcoholism or history of drug addiction (but not currently using illegal drugs)
- Endocrine disorder, for example, thyroid dysfunction
- Developmental Disability (i.e. autism spectrum disorder)
- Traumatic Brain Injury
- Deaf or serious difficulty hearing, benefiting from ASL, CART, hearing aids, a cochlear implant and/or other supports
- Blind or serious difficulty seeing even when wearing glasses
- Missing extremities (arm, leg, hand and/or foot)
- Significant mobility impairment, benefiting from the utilization of a wheelchair, scooter, walker, leg braces(s) and/or other supports
- Partial or complete paralysis (any cause)
- Epilepsy or other seizure disorders
- Intellectual disability
- Significant Psychiatric Disorder (bipolar disorder, schizophrenia, PTSD, or major depression)
- Dwarfism
- Significant disfigurement, for example disfigurements caused by burns, wounds, accidents, or congenital disorders

### Field guidance is provided for Disability

Argentina  
Armenia  
Aruba  
Australia  
Austria  
Azerbaijan  
Bahamas (the)  
Bahrain  
Bangladesh

2. If Non-United States Citizen is selected, an additional Country of Citizenship field is added where users may pick their citizenship from all available international countries

# NASA Universal Registration and Data Management System

## 11. Create Profile – Education or Affiliate Organization for Student

1. The fields/picklist values will differ on this final section of the profile form, depending on whether the user identified themselves as a Student or Educator when they initiated the create profile process. As a Student, the user will be presented with the options to select the type of student they are and can identify their current grade level

The screenshot shows the 'Education or Affiliate Organization' form. It includes the following fields and callouts:

- \* Applicant Type:** A dropdown menu with options: -- None --, High School, Community College, Undergraduate, Graduate, Post Doctoral.
- \* Grade Level:** A dropdown menu with options: -- None --, 9, 10, 11, 12, Undergraduate Freshman, Undergraduate Sophomore, Undergraduate Junior, Undergraduate Senior, Graduate Master's, Graduate Doctoral, Post Doctoral.
- Search for your Academic Institution:** A search field with a magnifying glass icon. A callout points to this field, showing a search results window.
- Search Accounts...:** A search field with a magnifying glass icon.
- Buttons:** 'Previous' and 'Next' buttons.

The search results window shows the following results:

- Search for your Academic Institution: univers
- Search Results: "univers" In Accounts
  - University of Houston, Houston, Texas
  - University of San Francisco, San Francisco, California
  - The University of Texas at Austin, Austin, Texas
  - Harvard University, Cambridge, Massachusetts
  - + New Account

2. Students are required to identify their current educational institution that they attend. They can enter several letters into the search field and the system will return all educational account results that match the search criteria that they enter.

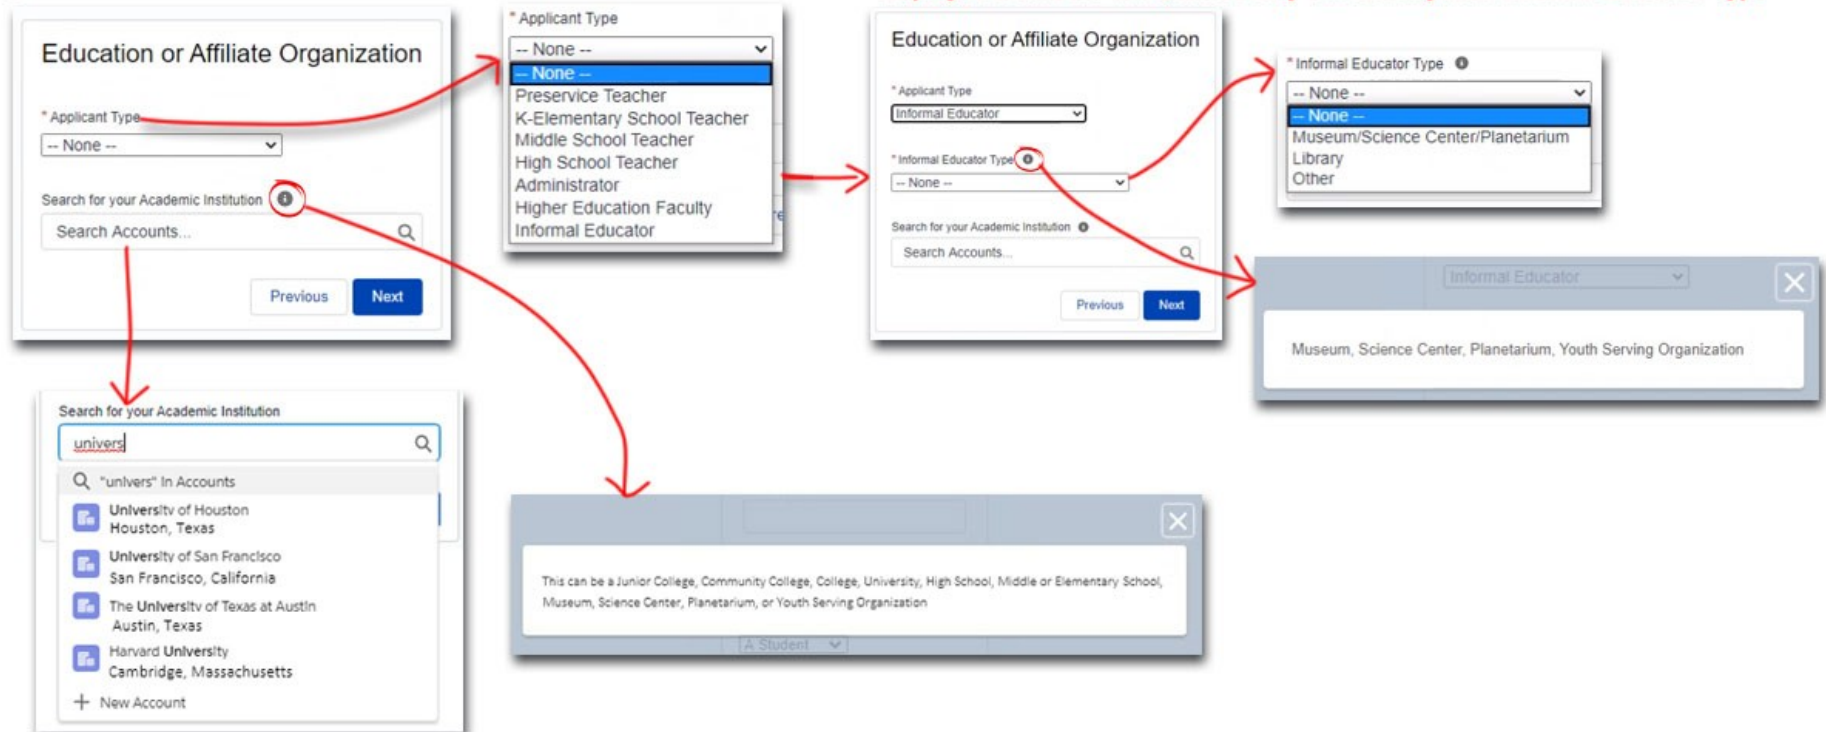

3. If no results are returned, they can click the 'New Account' option and write in their institution rather than select it from a pre-existing list. An internal data steward will validate the information upon submission and will create the account within the system once approved so that future students and educators can search for and select the institution that was entered

# NASA Universal Registration and Data Management System

## 12. Create Profile - Education or Affiliate Organization for Educator

1. The fields/picklist values will differ on this final section of the profile form, depending on whether the user identified themselves as a Student or Educator when they initiated the create profile process. As an Educator, the user will be presented with the options to select the type of educator they are

2. If Informal Educator is selected from the Applicant Type field, a new field will be displayed within the form, where they can identify their Informal Educator Type

3. Just like with the Student version of this form, the Educator can search for their Academic Institution from an existing list of accounts within the system. If they are unable to locate their institution within the existing list, they can create a new account, which will be reviewed and added to the available account options for future users of the system by a data steward internal to OSTEM

# NASA Universal Registration and Data Management System

## 1.3 APPLY TO OPENINGS

### 1. Internships & Pathways Applications – Personal Information

**1. The Internships & Pathways Application form, (which both collect the same information), is the most extensive of all the engagement types managed within the system, but out-of-the-box Salesforce objects provide an easy way for Learners to populate their information. If any other applications that the Learner chooses to submit request the same information, (regardless if it is another Internship or Pathways application or a different engagement type), the system will automatically re-use the relevant information that was already entered so that the Learner doesn't have to make duplicate entries of the same data. The system will archive the information that was entered for each application to allow for accurate reporting, while still providing the Learners with an easy way of keeping their data current.**

Personal Information

How did you hear about NASA's internships?

--None--

Why do you want a NASA Internship?

How did you hear about NASA's internships?

# NASA Universal Registration and Data Management System

## 5. Internships & Pathways Applications - Documents

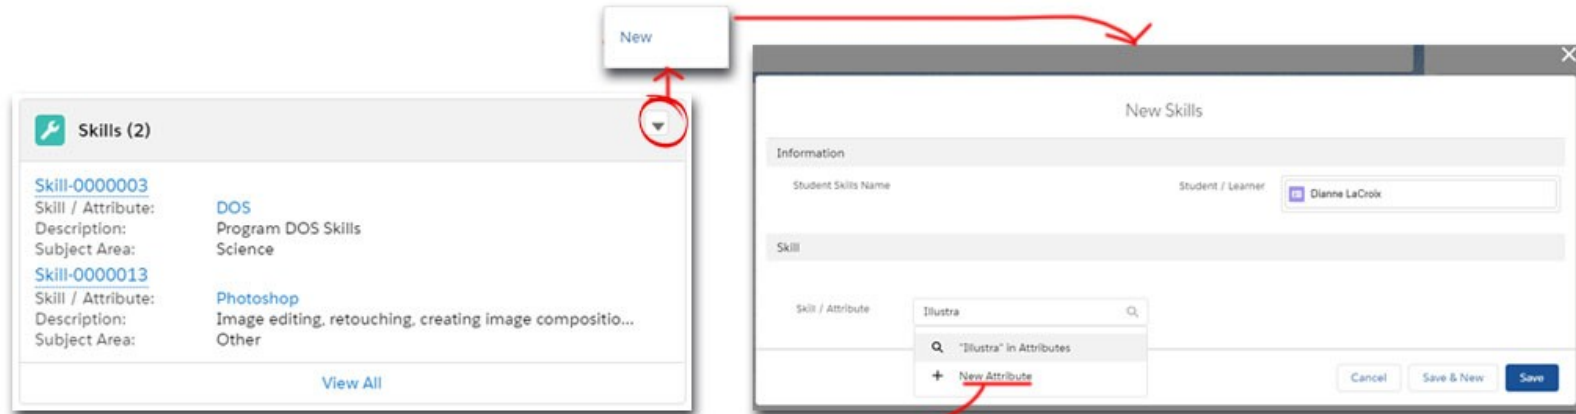

**Learners are required to upload their Transcripts and Resume as part of their Internship or Pathways application. Any additional documentation that they wish to enter is at their discretion**

**NOTE: Learners must update their transcripts within their profile every 6 months if they want to be considered for additional activities at a later date beyond the activity they are applying for**

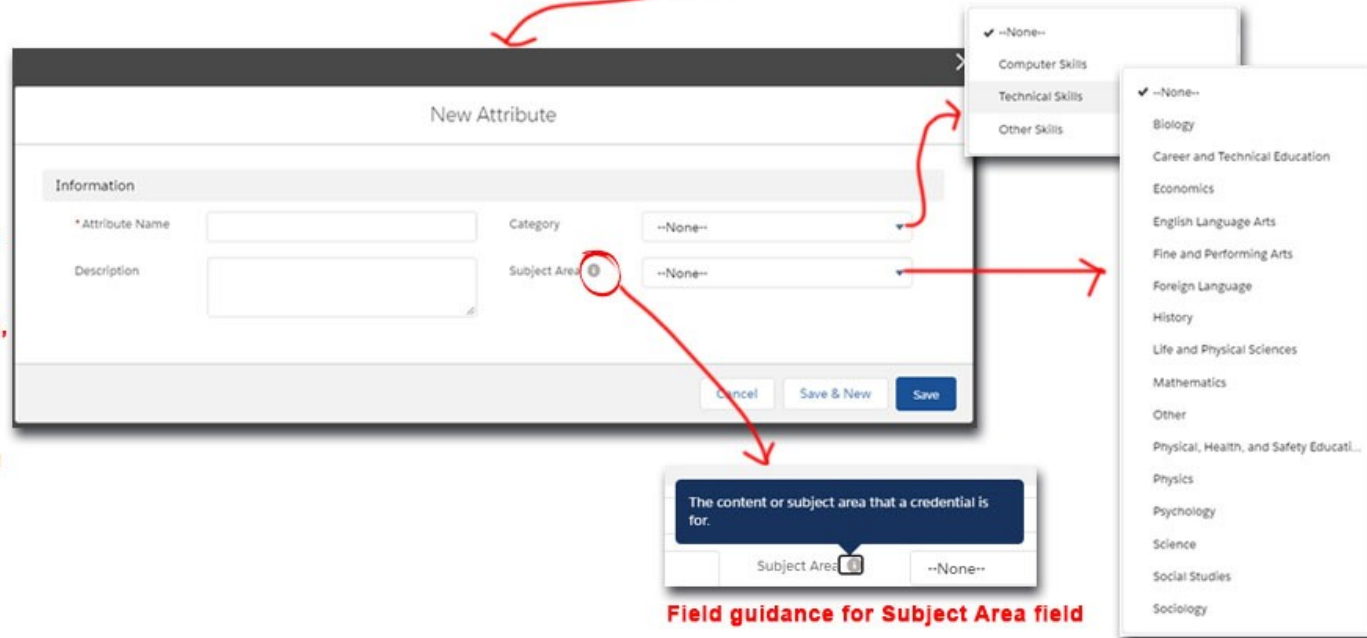

# NASA Universal Registration and Data Management System

## 6. Internships & Pathways Applications – Skills

1. Learners can search for and select existing skills that have already been identified within the system. They can add as many skills as necessary to their profile.

2. If Learners are not able to find one of their Skills within the existing list, they have they can select New Attribute and walk through the process of filling out a New Attribute form. Once saved, the new skill will be added to the Learner's profile immediately, but a temporary record will be added to the system, where it will be verified by an internal data steward. If approved, the skill will be added as a permanent record to the list where it can be searched for and selected by future users of the system.

# NASA Universal Registration and Data Management System

## 7. Internships & Pathways Applications – Languages

The Learner has the ability to identify any Languages that they speak. With each entry, they can identify what language, their level of fluency, and indicate whether or not it is their primary language. Just like with Institutional accounts, the Learner has the opportunity to write-in a new language account if it is not already listed.

An internal data steward will have to validate and approve what is entered before it will be made available for future users of the system.

The Language associated with this Contact.

## 8. Internships & Pathways Applications – Letter of Recommendation Invitation

Letter of Recommendation

### Request a Letter of Recommendation

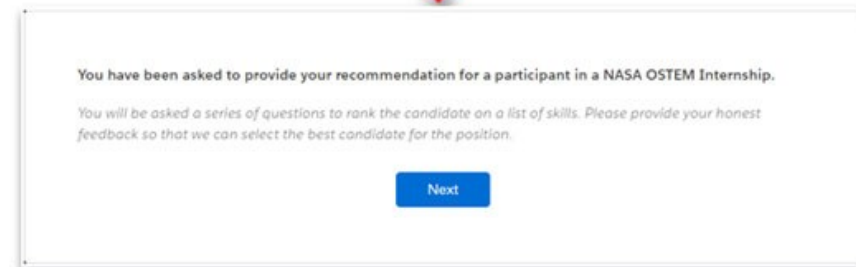

NAME OF RECOMMENDER	EMAIL ADDRESS
<input type="text"/>	<input type="text"/>

[Send Request](#)

**The Learner will be required to request a Letter of Recommendation as part of their Internship / Pathways application. They will identify the name and email address of the recommender and once they click the Submit Request button, the system will automatically send an email notification to the user that they recommended.**

**The recommender simply needs to click the link provided in the email and they will be routed to the online recommendation form.**

# NASA Universal Registration and Data Management System

## 9. Internships & Pathways Applications – Submit Letter of Recommendation

Once the Recommender is routed to the Letter of Recommendation form, they will first be required to answer several questions that help the OSTEM staff determine their relationship to the applicant

The form consists of two main sections. The left section contains five questions, each with a text input field:

- 1. Please tell us your name: Enter answer...
- 2. Please tell us your position (and discipline if you are an educator): Enter answer...
- 3. Please tell us your School Name or Organization: Enter answer...
- 4. Please provide your telephone number: Enter answer...
- 5. Please provide your email address: Enter answer...

The right section contains four questions:

- 6. How long have you known the individual ( in years ) ? Enter answer...
- 7. What type of recommendation is this? (Pick one value) Select an answer choice from the list. Pick one. **Personal**, Professional, Academic.
- 8. In what capacity have you known the individual? Enter answer...
- 9. May we contact you for additional information?  Yes  No

At the bottom of the right section are 'Previous' and 'Next' buttons.

# NASA Universal Registration and Data Management System

## 10. Internships & Pathways Applications – Submit Letter of Recommendation Continued

**Next, the Recommender will complete a series of scaled questions that will help the internal OSTEM team easily report results from respondents. And finally, they will provide a brief Letter of Recommendation for the applicant. Once submitted, the applicant will not have access to the response from the Recommender. This information will be reviewed and retained internally.**

**\* Based on your experience with the individual, please rate the degree to which you agree or disagree that the individual possesses the following skills:**

**10. Intellectual Ability**  
Scale of 1 to 5 (1- Strongly Disagree, 2- Disagree, Neutral, Agree, Strongly Agree)

1 2 3 4 5

---

**\* 11. Creativity**  
Scale of 1 to 5 (1- Strongly Disagree, 2- Disagree, Neutral, Agree, Strongly Agree)

1 2 3 4 5

## 13. Challenges Application - Team Information

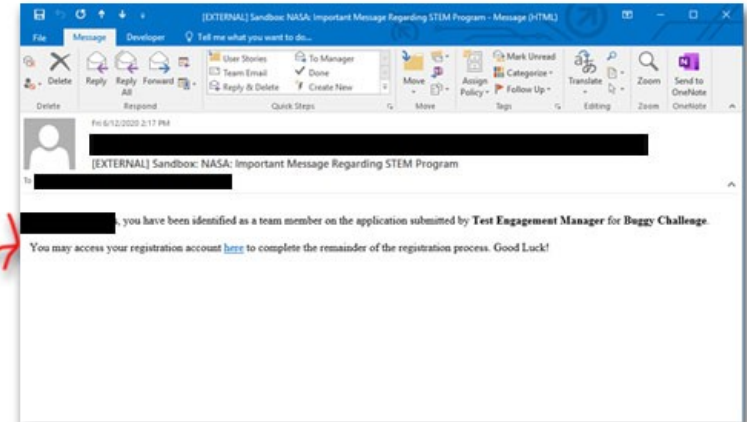

**1. The Learner will enter the Team information, which includes the Team Name Faculty Advisor, Team Lead, and all Team Members**

The screenshot displays a web form for team information. On the left, there are input fields for Team Name, Faculty Advisor, Faculty Advisor Phone, Faculty Advisor Email, Faculty Advisor Academic Institution, Team Lead, Team Lead Phone, Team Lead Email, and Team Lead Academic Institution. On the right, there is a section titled "Invite Your Team Member(s)" with a table for adding members. Below this is a table titled "Team Member Applications (4)" showing four entries with application names and statuses.

#	FIRST NAME	LAST NAME	EMAIL	
1	<input type="text"/>	<input type="text"/>	<input type="text"/>	+
2	<input type="text"/>	<input type="text"/>	<input type="text"/>	🗑️
3	<input type="text"/>	<input type="text"/>	<input type="text"/>	🗑️
4	<input type="text"/>	<input type="text"/>	<input type="text"/>	🗑️

Application Name	Applicant	Application Status
<a href="#">APP-0237</a>	██████████	Invitation Sent
<a href="#">APP-0238</a>	██████████	Invitation Sent
<a href="#">APP-0239</a>	██████████	Invitation Sent
<a href="#">APP-0240</a>	██████████	Invitation Sent

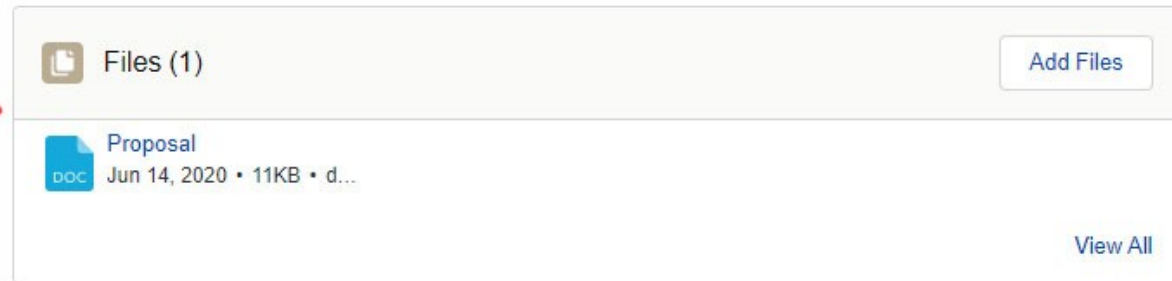

**2. The Learner will enter the First Name, Last Name, and Email Address for each Team Member that is added to the application and can view the list directly within the record. The system will automatically send an email invitation to each named user, which contains a link to the system. If they already have a registered account, the Team member simply needs to review their account for any needed updates. The system will generate a temporary account if the users do not already exist in the system. Once the Team Member completes their registration, no further action is needed from them in the system.**

# NASA Universal Registration and Data Management System

## 14. Challenges Application - Documents

**Learners are required to upload their Proposal as part of their application. Any additional documentation that they wish to enter is at their discretion**

# NASA Universal Registration and Data Management System

## 15. Fellowships & Research Opportunities Application – Identification Numbers

**The Application form for Fellowships and Research Opportunities will collect the same information. The Learner who is applying will enter the identifying numbers relevant to the activity they are applying to.**

Institution SAM Number	<input type="text"/>
DUNS Number	<input type="text"/>
CAGE Code	<input type="text"/>

## 16. Fellowships & Research Opportunities Application – Points of Contact

# NASA Universal Registration and Data Management System

**The Learner will identify the Primary and Secondary Points of Contact for the application being submitted**

**The Learner will have the ability to write-in any institutions that do not already exist in the list of lookup accounts. An internal data steward will validate the information, and if approved, will add the institution account to the default list for future users of the system to be able to search for**

# NASA Universal Registration and Data Management System

## 20. Educator Professional Development Application – Estimated Numbers

**The Learner will also enter the estimated number of Students that they will reach in the next year, broken down by student type**

Number of students that you will reach in the next year?

Elementary School Students:

Middle School Students:

High School Students:

Informal School Students:

Community College Students:

Undergraduate Students:

Graduate Students:

## 21. College / Pre-College STEM Experience Group Registration – Primary & Secondary Point of Contact

# NASA Universal Registration and Data Management System

**The Group Registration form for College & Pre-College STEM Experiences both collect the same aggregated information if the Opening is identified as a group registration rather than an Application when it is created.**

**The Learner will enter their planned aggregated numbers as a best guess when they submit the registration. They will have an opportunity to validate the information by entering the actual aggregated numbers after the activity has taken place.**

**Initially, the Learner will identify basic contact information for the Primary and Secondary Points of Contact who will be responsible for the Learners involved in the activity.**

The form is divided into two sections, each with a dropdown arrow on the left:

- Primary Point of Contact:**
  - First Name:
  - Last Name:
  - Title / Position:
  - Email:
  - Phone:
- Secondary Point of Contact:**
  - First Name:
  - Last Name:
  - Title / Position:

<input type="text"/>	<input type="text"/>

[Send Request](#)

**The Learner will be required to request a Letter of Recommendation as part of their application. They will identify the name and email address of the recommender and once they click the Submit Request button, the system will automatically send an email notification to the user that they recommended.**

**The recommender simply needs to click the link provided in the email and they will be routed to the online recommendation form.**

# NASA Universal Registration and Data Management System

## 31. College / Pre-College STEM Experience Application – Submit Letter of Recommendation

Once the Recommender is routed to the Letter of Recommendation form, they will first be required to answer several questions that help the OSTEM staff determine their relationship to the applicant

The form consists of two main sections. The left section contains five questions, each with a text input field:

- 1. Please tell us your name: Enter answer...
- 2. Please tell us your position (and discipline if you are an educator): Enter answer...
- 3. Please tell us your School Name or Organization: Enter answer...
- 4. Please provide your telephone number: Enter answer...
- 5. Please provide your email address: Enter answer...

The right section contains four questions:

- 6. How long have you known the individual ( in years ) ? Enter answer...
- 7. What type of recommendation is this? (Pick one value) Select an answer choice from the list. Pick one. A dropdown menu is open, showing options: Pick one, Personal, Professional, Academic.
- 8. In what capacity have you known the individual? Enter answer...
- 9. May we contact you for additional information? Radio buttons for Yes and No.

At the bottom of the right section are 'Previous' and 'Next' buttons.

# NASA Universal Registration and Data Management System

## 32. College / Pre-College STEM Experience Application – Submit Letter of Recommendation Continued

**Next, the Recommender will complete a series of scaled questions that will help the internal OSTEM team easily report results from respondents. And finally, they will provide a brief Letter of Recommendation for the applicant. Once submitted, the applicant will not have access to the response from the Recommender. This information will be reviewed and retained internally.**

# NASA Universal Registration and Data Management System

## 1.4 ACCEPT/DECLINE OFFER

### 1. Offer Letter - Respond to Offer (Accept / Decline)

1. Once an offer has been extended to a Learner, they will receive an automated email from the system with a direct link to the offer response form, where they may provide their response.

2. The response form will include standard information about the activity that the offer is related to along with any customized details that were entered by the OSTEM Coordinator when the offer was extended. They have the opportunity to either Accept or Decline the offer directly from this page. The system will automatically update the offer response record in the system once the Learner's response is submitted. If the Learner's response is not received by the due date, their offer will move to expired. At that point, the Coordinator has the option to re-send the offer or move on to the next candidate.

A screenshot of a web form titled "Offer Award Letter". The form is addressed to "Dear [REDACTED]". The text reads: "On behalf of the National Aeronautics and Space Administration (NASA), we are pleased to inform you that you have been selected for a STEM Opportunity with the JPL Internship - Femmy Mentor in Spring 2020." Below this is a section for "Opportunity Details" with a project description. A warning states: "If you do not respond by 12:00 am, Eastern Standard Time (EST) on June 19, 2020, this award offer will be withdrawn." Further details include: "Funding Source: JSC Source - No Restrict", "Award Text: This is a funding source for JSC Funding Source - STEM with no restrictions.", "Award Amount: 2500", and "Contact Hours: 80". At the bottom, there is a question: "Do you Accept or Decline this offer?" with two radio button options: "Accept Offer" and "Decline Offer". The "Accept Offer" option is circled in red. A "Next" button is located at the bottom right of the form. The footer includes the NASA logo and text: "NASA - National Aeronautics and Space Administration", "INSPIRE - ENGAGE - EDUCATE - EMPLOY The Next Generation of Explorers", and a list of related links.
