SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-297, OMB Control No. 3235-0336]

Submission for OMB Review; Comment Request

Revision: Form N-14

Notice is hereby given that, under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) ("Paperwork Reduction Act"), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the

previously approved collection of information discussed below.

Form N-14 (17 CFR 239.23) is the form for registration under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) ("Securities Act") of securities issued by management investment companies registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act") and business development companies as defined by Section 2(a)(48) of the Investment Company Act in: (1) A transaction of the type specified in rule 145(a) under the Securities Act (17 CFR 230.145(a)); (2) a merger in which a vote or consent of the security holders of the company being acquired is not required pursuant to applicable state law; (3) an exchange offer for securities of the issuer or another person; (4) a public reoffering or resale of any securities acquired in an offering registered on Form N-14; or (5) two or more of the transactions listed in (1) through (4) registered on one registration statement. The principal purpose of Form N-14 is to make material information regarding securities to be issued in connection with business combination transactions available to investors. The information required to be filed with the Commission permits verification of compliance with securities law requirements and assures the public availability and dissemination of such information. Without the registration statement requirement, material information may not necessarily be available to investors.

Estimates of the average burden hours are made solely for the purposes of the Paperwork Reduction Act and are not derived from a comprehensive or even representative survey or study of the costs of Commission rules and forms. The collection of information under Form N-14 is mandatory. The information provided under Form N-14 will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Notes:

¹ The Commission's estimates concerning the allocation of burden hours and the relevant wage rates are based on consultations with industry representatives and on salary information for the securities industry compiled by the Securities Industry and Financial Markets Association's Office Salaries in the Securities Industry 2013. The estimated wage figures are modified by Commission staff to account for an 1800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits, overhead, and adjusted to account for the effects of inflation. See Securities Industry and Financial Markets Association, Report on Management & Professional Earnings in the Securities Industry 2013.

As summarized in Table 1 above, the Commission has previously estimated

that about 253 funds will make about 253 filings on Form N-14 each year,

incurring 125,883 hours of internal hour burden at a cost of about \$43.78 million.

The hour burden estimates for preparing and filing reports on Form N-14 are based on the Commission's experience with the contents of the form. The number of burden hours may vary depending on, among other things, the complexity of the filing and whether preparation of the forms is performed by internal staff or outside counsel.

The amendments to Form N-14 to permit BDCs to incorporate certain information by reference into that form to the same extent as registered closed-end fund are expected to decrease the burden and costs for BDCs that prepare and file Forms N-14. As summarized in Table 1 above, we estimate that the total internal burden associated with N-14 will be 125,260 hours, at a cost of approximately \$37,856,382.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-91064; File No. SR-CboeBZX-2021-014]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Notice of Filing of a Proposed Rule Amendment To Allow the Invesco Focused Discovery Growth ETF and Invesco Select Growth ETF (Each a "Fund" and, Collectively, the "Funds"), Each a Series of the Invesco Actively Managed Exchange-Traded Fund Trust (the "Trust"), To Strike and Publish Multiple Intra-Day Net Asset Values ("NAVs") and an End-of-Day NAV

February 4, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 22, 2021, Cboe BZX Exchange, Inc. (the "Exchange" or "BZX") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe BZX Exchange, Inc. (the "Exchange" or "BZX") is filing with the Securities and Exchange Commission ("Commission") a proposed rule amendment to allow the Invesco Focused Discovery Growth ETF and Invesco Select Growth ETF (each a "Fund" and, collectively, the "Funds"), each a series of the Invesco Actively Managed Exchange-Traded Fund Trust (the "Trust"), to strike and publish multiple intra-day net asset values ("NAVs") and an end-of-day NAV. The shares of each Fund (the "Shares") would continue to comply with all of the listing standards set forth under Rule 14.11(m).

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/equities/regulation/rule_filings/bzx/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposed and the Commission approved a rule to permit the listing and trading of the Shares of each Fund.³ On December 22, 2020, the Exchange commenced trading in the Shares of each Fund. The Exchange now proposes to continue listing and trading the Shares of each Fund pursuant to Rule 14.11(m) and to permit the Funds to strike and publish multiple intra-day NAVs and an end-of-day NAV. This proposal is designed to provide the marketplace with additional information about the Funds and their respective holdings and the Exchange believes it will allow market participants to better estimate the value each Fund's underlying holdings, assess their risk, and provide additional certainty around intra-day price and hedging for the Funds' shares.

The NAV represents the value of a fund's assets minus its liabilities divided by the number of shares outstanding and is used in valuing exchange-traded products ("ETPs"), including Tracking Fund Shares. By way of background, an ETP issues shares that can be bought or sold throughout the day in the secondary market at a market-determined price. Authorized participants that have contractual arrangements with the ETP (or its distributor) purchase and redeem ETP shares directly from the ETP in blocks called creation units at a price equal to the next NAV, and may then purchase or sell individual ETP shares in the secondary market at market-determined prices. ETPs trade at market prices, but the market price typically will be more or less than the fund's
