

ATSDR estimates the average public reporting burden for this collection of information as 15 minutes per response, including the time for reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a unique identification number. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Information Collection Review Office, 1600 Clifton Road NE, MS D

General Instructions: Complete all applicable fields in "Capacity" and "Programmatic Measures" tabs. Information and information to be completed should be applicable to most programs, however, due to the variability of activities, some information may have no associated activities completed during the reporting period and/or not applicable to your program. Complete as many relevant fields as possible for the activities specified to be completed during the reporting period in the narrative.

RP1=Reporting Period 1, December 2020
 RP2=Reporting Period 2, December 2021
 RP3=Reporting Period 3, December 2022
 RPF=Reporting Period Final, March 2022

Describe any estimation methods used in this section:

Education Measures: Materials, Indirect Education, and Outreach

Provide results on the number of education-related measures below:

Measures:	RP1	RP2	RP3	RPF
Number of hard copy materials created for outreach and education (e.g. fact sheets, flyers, pamphlets, brochures, paper newsletters etc.)				
Number of electronic materials created for outreach and education (e.g. outreach materials such as email and electronic listserv/mass mailings, email newsletters, webpage, videos)				
Number of materials created to build program infrastructure (SOPs, guidance manual, screening tools, webpage, etc.)				
Number of people reached through hard copy material distribution				
Number of people reached through electronic material distribution				
Number of referrals to your program for education				

Describe any estimation methods used in this section:

Policy, Systems, Environment (PSE) Measures

Provide results on the number of policy, systems, and or/environmental changes below. The narrative should include a qualitative description of these changes.

Performance Measures:	RP1	RP2	RP3	RPF
Number of PSE changes to support exposure prevention in ECEs				
Number of total children estimated to be reached by PSE changes				

Screening and Response Measures

Provide the results for all applicable performance measures for your program for the applicable reporting period:

Performance Measures:	RP1	RP2	RP3	RPF
Number of new licensed ECE programs opened in your state				
Number of referrals to your program for screening				
Number of estimated children at those referred sites above				

Total: Number of sites referred to your program where potentially harmful exposures were occurring by pathway				
Air: Number of referred sites with potential concern about air.				
Water: Number of referred sites with potential concern about water.				
Soil: Number of referred sites with potential concern about soil.				
Other pathway: Number of referred sites with potential concern about another exposure pathway				
Total: Number of sites screened				
Air: Number of sites screened with potential concern about air.				
Water: Number of sites screened with potential concern about water.				
Soil: Number of sites screened with potential concern about soil.				
Other pathway: Number of sites screened with potential concern about another exposure pathway				
Number of ECE programs that accepted changes because of identified issues				
Number of ECE programs that implemented recommended changes because of identified issues				
Percentage of ECE programs that implemented recommended changes for a problematic site				
Number of total children estimated to be reached by screening and response activities				
Describe any estimation methods used in this section:				

STATE-SPECIFIC PERFORMANCE MEASURES				
Provide results on any measures that your program is tracking that are not included above:				
Performance Measures:	RP1	RP2	RP3	RPF
