Minor Revisions to the Collection Instrument

SSA is making the following revisions:

- **Change #1:** We are revising the PRA statement on this form.

Justification #1: We are revising the PRA statement to reflect our current boilerplate language. The current language, which dates back to the last reprint of the form, is now outdated.

- **Change #2:** SSA is removing the signature requirement from Forms SSA-L9778, SSA-L9779, SSA-L9781, SSA-L9784, SSA-L9785, and SSA-L9790.

Justification #2: We reassessed the need for a wet signature on this form and determined we no longer require it. Therefore, we will no longer ask respondents to sign this form prior to submitting it to SSA.

After OMB approves the signature removal for this form, we will implement the new version of these forms that clarifies that we no longer require a signature by removing the signature block from the forms.

This action will not affect the public reporting burden.
