Text for Initial and Follow-up Emails to Grantees

Initial email from FYSB

PREP Grantees:

FYSB is welcoming input from grantees on how you are using performance measures (or plan to use them) and which measures are most useful to you, your subawardees (if any), your evaluator, your partner organizations, or others who may use the measures or consider doing so in the future.

You will soon be receiving an email invitation from our contractor, Mathematica Policy Research, to complete a brief, 15-minute inquiry online. We urge you to take some time to complete the survey and provide your feedback on the performance measures. The information collected through this inquiry will be used to provide feedback on the measures and how data collected are or will be utilized. Your participation is voluntary and the information you provide will be kept private.

Thank you for your time in contributing to this valuable effort.

Sincerely,
FYSB
