

from public review, BOEM cannot guarantee that it will be able to do so.

Public Hearings: BOEM will host virtual public hearings on the Draft EIS in February 2021. Information regarding these hearings can be found at <https://www.boem.gov/ak258>. The purpose of these hearings is to receive public comments on the Draft EIS. These hearings are scheduled as follows:

- February 9, 2021; 2:00 p.m.–4:00 p.m. (Alaska Standard Time (AKST))
- February 10, 2021; 6:30 p.m.–8:30 p.m. (AKST)
- February 11, 2021; 2:00 p.m.–4:00 p.m. (AKST)

Authority: 42 U.S.C. 4231 *et seq.*; 43 CFR 46.415 (2019 ed.).

Walter D. Cruickshank,

Acting Director, Bureau of Ocean Energy Management.

Agency Information Collection Activities; Recreation Survey Questions

AGENCY: Bureau of Reclamation,
Interior.

ACTION: Notice of information collection;
request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the Bureau of Reclamation (Reclamation), are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before *March 16, 2021*.

ADDRESSES: Send written comments on this information collection request (ICR) by mail to Ronnie Baca, Bureau of Reclamation, Asset Management Division, 86–67200, P.O. Box 25007, Denver, CO 80225–0007; or by email to rbaca@usbr.gov. Please reference OMB Control Number 1006–0028 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Ronnie Baca by email at rbaca@usbr.gov, or by telephone at (303) 445–3257. Individuals who are hearing or speech impaired may call the Federal Relay Service at (800) 877–8339 for TTY assistance. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), all information collections require approval under the PRA. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Reclamation is responsible for recreation development at all of its reservoirs. Presently, there are more than 240 designated recreation areas on our lands within the 17 Western States hosting approximately 40 million

visitors annually. As a result, we must be able to respond to emerging trends, changes in the demographic profile of users, changing values, needs, wants, and desires, and conflicts between user groups. Statistically valid and up-to-date data derived from the user is essential to developing and providing recreation programs relevant to today's visitor. Reclamation is requesting re-approval for the collection of data from recreational users on Reclamation lands and waterbodies. To meet our needs for the collection of visitor use data, we will be requesting OMB to authorize a two-part request: survey questions for our regional offices to choose from, and a survey form template. This will allow for a custom designed survey instrument to fit a specific activity or recreation site. The custom designed survey would be created by extracting questions from the approved list of survey questions that are applicable to the recreation area and issue being evaluated. Only questions included in the pre-approved list of survey questions will be used.

Title of Collection: Recreation Survey Questions.

OMB Control Number: 1006–0028.

Form Number: 7–2675, Recreation Survey Questions.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Respondents to the surveys will be members of the public engaged in recreational activities on Reclamation lands and waterbodies. Visitors will primarily consist of local residents, people from large metropolitan areas in the vicinity of the lake/reservoir, and people from out of state.

Total Estimated Number of Annual Respondents: 696.

Total Estimated Number of Annual Responses: 696.

Estimated Completion Time per Response: 15 minutes per survey (an average of 20 questions will be used on each survey; each question will take approximately 45 seconds to complete on average).

Total Estimated Number of Annual Burden Hours: 140.

Respondent's Obligation: Voluntary.

Frequency of Collection: Twice annually.

Total Estimated Annual Nonhour Burden cost: None.

It is estimated that there will be a total of 140 out of 696 contacts that choose not to respond to the survey. These non-respondents account for 1 burden hour per year.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information

unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Karen Knight,

Director, Dam Safety and Infrastructure.

Central Arizona Project, Arizona; Water Allocations

AGENCY: Bureau of Reclamation and the Office of the Secretary, Interior.

ACTION: Notice of final decision to reallocate non-Indian agricultural (NIA) priority Central Arizona Project (CAP) water.

SUMMARY: The Department of the Interior (Department) hereby issues notice of its final decision to reallocate NIA priority CAP water in accordance with the Arizona Department of Water Resources' (ADWR) recommendation for reallocation. The Department will implement this decision by offering to enter into a subcontract with the entities and for the quantities of NIA priority CAP water listed in this notice, as recommended by ADWR. Any NIA priority CAP water subject to this decision which remains uncontracted after completion of the contracting process shall be available for future round(s) of ADWR recommendation and subsequent contracting.

FOR FURTHER INFORMATION CONTACT: Ms. Leslie Meyers, Bureau of Reclamation, Phoenix Area Office, 6150 West Thunderbird Road, Glendale, AZ 85306-4001; telephone 623-773-6211; facsimile 623-773-6480; email lmeyers@usbr.gov. Persons who use a telecommunications device for the deaf may call the Federal Relay Service at 1-800-877-8339 TTY/ASCII to contact the Ms. Meyers during normal business hours or to leave a message or question after hours. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION:

Previous Notices Related to CAP Water

Previous notices related to CAP water were published in the **Federal Register** at 37 FR 28082, December 20, 1972; 40 FR 17297, April 18, 1975; 41 FR 45883, October 18, 1976; 45 FR 52938, August 8, 1980; 45 FR 81265, December 10,

1980; 48 FR 12446, March 24, 1983; 56 FR 28404, June 20, 1991; 56 FR 29704, June 28, 1991; 57 FR 4470, February 5, 1992; 57 FR 48388, October 23, 1992; 65 FR 39177, June 23, 2000; 65 FR 43037, July 12, 2000; 67 FR 38514, June 4, 2002; 68 FR 36578, June 18, 2003; 69 FR 9378, February 27, 2004; and, 71 FR 50449, August 25, 2006. These notices and decisions were made pursuant to the authority vested in the Secretary of the Interior (Secretary) by the Reclamation Act of 1902, as amended and supplemented (32 Stat. 388, 43 U.S.C. 391), the Boulder Canyon Project Act of December 21, 1928 (45 Stat. 1057, 43 U.S.C. 617), the Colorado River Basin Project Act of September 30, 1968 (82 Stat. 885, 43 U.S.C. 1501), the Arizona Water Settlements Act (Settlements Act) (Pub. L. 108-451, 118 Stat. 3478), and in recognition of the Secretary's trust responsibility to Indian tribes.

Background of CAP Water Allocations

In a Record of Decision (ROD) published on March 24, 1983 (48 FR 12446), the Secretary, among other actions, superseded and replaced the 1980 ROD (45 FR 81265, December 10, 1980), reiterated the allocations to Indian tribes reflected in that 1980 ROD, allocated CAP water for non-Indian municipal and industrial (M&I) uses, and allocated the remaining amount for NIA uses. Subject to certain conditions, the CAP water for Indian uses was allocated to 12 Indian tribes for irrigation use or for maintaining tribal homelands. Also subject to certain conditions, the CAP water for M&I uses was allocated based on the State of Arizona's 1982 allocation recommendations for non-Indian entities that provided an amount of CAP water for M&I use to certain non-Indian entities, with the remaining amount of CAP water allocated for NIA use. The CAP NIA water was allocated to 23 non-Indian irrigation districts or other agricultural entities as a percentage of the NIA water supply that was available in any given year.

Two-party CAP water service contracts were executed between the United States and individual Indian tribes in 1980 pursuant to the 1980 ROD. CAP non-Indian M&I water service subcontracts and CAP NIA water service subcontracts were executed with those entities allocated CAP water and desiring to enter into subcontracts for CAP water. The CAP water service subcontracts for the non-Indian M&I water and the NIA water are three-party subcontracts among the entity, the Central Arizona Water Conservation District (CAWCD), and the Bureau of Reclamation (Reclamation). Some of the

entities that were allocated NIA water and M&I priority water elected not to contract for the offered allocations. After completing the initial subcontracting process, 29.3 percent of the NIA water supply and 65,647 acre-feet per year of M&I water was not under contract.

Congress enacted the Salt River Pima-Maricopa Indian Community Water Rights Settlement Act of 1988 (102 Stat. 2558) (SRPMIC Act). Pursuant to section 11(h) of the SRPMIC Act, the Secretary was required to request a reallocation recommendation from ADWR for the remaining NIA water that was not under contract. The Secretary was also required to reallocate the uncontracted CAP water for NIA use and to offer new or amendatory subcontracts for such water.

By letter dated January 7, 1991, ADWR recommended an allocation to the Secretary. The Secretary published a notice on June 20, 1991 (56 FR 28404), inviting public comments on the proposed reallocation of CAP water. After considering the public comments, the Secretary published a final decision on February 5, 1992 (57 FR 4470). That decision contemplated that new or amendatory CAP water service subcontracts would be offered soon thereafter.

CAP water service subcontracts for the reallocated water were not executed for several reasons, including but not limited to the following: (1) Some entities could not meet the financial feasibility requirements for receipt of CAP water; (2) lack of agreement on the form of the CAP water service subcontract, and (3) financial difficulties in the CAP NIA sector.

Beginning in the early 1990s, long-term utilization of the CAP water available for reallocation under the 1992 decision and of the uncontracted CAP M&I priority water was a central issue in negotiations to resolve various operational and financial disputes between Reclamation and CAWCD. After attempts at negotiations failed, water contracting issues were included in litigation and the resulting stipulated settlement between the United States and CAWCD. To implement some of the conditions contained in the stipulated settlement, new Federal legislation was required.

After the 1992 decision but before Federal legislation was enacted, the Secretary published on June 4, 2002 (67 FR 38514), a notice of proposed modification to the 1983 decision. The 1983 decision provided that the M&I allocation can be made more firm by execution of feasible non-potable effluent exchanges with Indian tribes and the M&I allocation was subject to
