Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The Commission encourages electronic filing of comments (options 1 and 2 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,³ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁴ and the regulations under the NGA⁵ by the intervention deadline for the project, which is October 29, 2020. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as the your interest in the proceeding. [For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene.] For more information about motions to intervene, refer to the FERC website at [https://](https://www.ferc.gov/resources/guides/how-to-intervene.asp)

www.ferc.gov/resources/guides/how-to-intervene.asp.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP20-527-000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on eRegister. You will be asked to select the type of filing you are making; first select General and then select Intervention. The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>.; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below.⁶ Your motion to intervene must reference the Project docket number CP20-527-000.

Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Motions to intervene must be served on the applicant either by mail or email at: 700 Louisiana Street, Suite 700, Houston, Texas or at alexander_kass@tcenergy.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed⁷ motions to intervene are automatically granted by operation of Rule 214(c)(1).⁸ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the

Commission's Rules and Regulations.⁹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website at www.ferc.gov using the eLibrary link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Abstract: The Secretary of the United States Department of the Interior is responsible for mineral resource development on Federal and Indian lands and the Outer Continental Shelf (OCS). Under various laws, the Secretary's responsibilities include maintaining a comprehensive inspection, collection, and fiscal and production accounting and auditing system that provides the capability to: (1) Accurately determine mineral royalties, interest, and other payments owed, (2) collect and account for such amounts in a timely manner, and (3) disburse the funds collected. ONRR performs these mineral revenue management functions for the Secretary.

Laws pertaining to mineral leases on Federal and Indian lands and the OCS are posted at http://www.onrr.gov/Laws_R_D/PubLaws/default.htm.

(a) **General Information:** ONRR collects, audits, and disburses royalties, interest, and other payments owed by lessees on minerals produced from Federal and Indian lands. If a lessee overpays the amount due on minerals produced from Federal lands, it may request a refund from ONRR. If a lessee overpays the amount due on minerals produced from tribal lands, it may, with the tribe's permission, recoup the overpayment against other royalties or other revenues owed in that month under other leases for which that tribe

is the lessor. If a lessee fails to pay or underpays an amount it owes on Federal or Indian mineral production, it generally must pay interest on the underpayment from the date the payment was due. For royalties and other amounts owed on oil and gas produced from Federal lands, the Federal Oil and Gas Royalty Management Act (FOGRMA, 30 U.S.C. 1701 *et seq.*) permits a lessee to designate a designee for its payment obligations.

(b) **Information Collections:** This ICR covers certain information required pursuant to FOGRMA and 30 CFR part 1218 for (1) cross-lease netting in the calculation of late-payment interest; (2) a lessee's designation of designee for payment obligations; (3) tribal permission for recoupment on Indian oil and gas leases; and (4) refund requests for overpayments made to ONRR.

(1) **Cross-Lease Netting in Calculation of Late-Payment Interest:** Pursuant to 30 CFR 1218.42(b), if certain conditions are met, "[r]oyalties attributed to production from a lease or leases which should have been attributed to production from a different lease or leases may be offset to determine whether and to what extent an underpayment exists on which interest is due" ONRR calls this process cross-lease netting. To determine whether a lessee is entitled to cross-lease netting, ONRR must collect lease, production, payor, recipient, and other information specified in 30 CFR 1218.42(b). This information is necessary for ONRR to calculate the correct interest amount.

(2) **Designation of Designee for Payment Obligations:** FOGRMA allows a lessee to notify the Secretary in writing of its designation of "a person to make all or part of the payments due under a lease on the lessee's behalf . . . in which event said designated person may, in its own name, pay, offset or credit monies, make adjustments, request and receive refunds and submit reports with respect to payments required by the lessee." See 30 U.S.C. 1712(a). ONRR created form ONRR-4425, Designation Form for Royalty Payment Responsibility, for lessees to notify it of such designation. ONRR requires the information required in this form to ensure proper mineral revenue collection.

(3) **Tribal Permission for Recoupment on Indian Oil and Gas Leases:** Pursuant to 30 CFR 1218.53(b), a payor may, with written permission authorized by tribal statute or resolution, recoup an overpayment against royalties or other revenues owed in that month under other leases for which that tribe is the

lessor. See 30 CFR 1218.53(b). The payor must provide ONRR with a copy of the tribe's written permission. *Id.*

(4) *Processing Refund Requests:* FORGMA authorizes a Federal oil and gas lessee to request a refund for an overpayment in certain situations. See 30 U.S.C. 1721a(b). FOGMA requires the lessee to supply certain information to support its refund request. *Id.* ONRR collects certain banking information from the refund recipient in order to disburse the overpaid amount to the correct account.
