Carried over to v.20

July 2019
revised August 2019

This appendix is carried over from v. 17 of this package, which described NAEP 2019-2020. Due to COVID-19 school closures in Spring 2020, although LTT 9 and LTT 13 were successfully administered, LTT 17 was not administered on schedule. We now plan to administer LTT 17 in Spring 2021. The materials here represent our best plans for the administration of LTT 17 at this time and will be revised in Materials Update #2 in late 2020.

Description of MyNAEP: The school coordinators are responsible for preparing for the Long-term trend (LTT) assessment in their school using the MyNAEP system, which is an online secure site that provides participating schools with a convenient way to prepare for the upcoming assessment. MyNAEP serves as the primary resource and action center throughout the assessment process. The site also offers school coordinators an electronic way to prepare for the assessment at their own pace. The NAEP field representative will schedule an initial call to pre-review the major areas of the MyNAEP system with the school coordinator. A description of the tasks completed in the MyNAEP system can be found in Part B. The content of the MyNAEP system is included in this appendix.

Complete SD/ELL Student Information

Note: In this section the school coordinator will provide information to determine how students participate in NAEP (i.e., without accommodations, with accommodations, or do not test). The school coordinator will provide the Individuals with Disabilities Education Act (IDEA) disability status, English proficiency, primary language, grade-level performance, and accommodations, using the state-specific NAEP inclusion policies (see Appendices D3-16 and D3-17 for templates of the SD and ELL inclusion policies, which are customized by the NAEP State Coordinators). The purpose of providing this information is to make sure students have appropriate supports to access the NAEP assessment.

Prepare for Assessment

Complete SD/ELL Student Information

To ensure that NAEP reflects the educational progress of all students, **students with disabilities (SD) and English language learners (ELL) must be included to the fullest extent possible.**

NAEP provides accommodations only for SD and ELL. Therefore, this section only includes students whose SD status is "Yes, IEP" or "Yes, 504" or ELL status is "Yes, ELL." **Changes to these status codes can only be made in the Review and Verify List of Students Selected for NAEP section.**

The information that you provide in this section indicates how students will participate in NAEP and the accommodations they will receive.

Complete SD/ELL Student Information

To ensure that NAEP reflects the educational progress of all students, **students with disabilities (SD) and English language learners (ELL) must be included to the fullest extent possible.**

NAEP provides accommodations only for SD and ELL. Therefore, this section only includes students whose SD status is "Yes, IEP" or "Yes, 504" or ELL status is "Yes, ELL." **Changes to these status codes can only be made in the Review and Verify List of Students Selected for NAEP section.**

The information that you provide in this section indicates how students will participate in NAEP and the accommodations they will receive.

Thank Students for Their Participation

Schools have been very creative in the variety of incentives used to encourage students to “show up” for the NAEP assessment. Many of their strategies did not cost the school anything. Examples of incentives that schools implemented include:

- extra credit;
- reduced-price or free school event tickets;
- raffle of gift certificates; and
- certificate for community service (provided by NAEP)

Work with your principal to consider ways to thank students for their participation.

Update Student List

Note: In this section the school coordinator will identify any newly enrolled students since the original list of students was provided in the fall. Schools selected for the age 13 long-term trend assessment will not need to do this task. The school coordinator will upload a current list of students via Excel or review original list and add newly enrolled students. This is meant to ensure all students have an opportunity to be sampled so NAEP can assess a representative sample of students.

Identify Your Columns-USL-SUB-5

NAEP needs to know what student data is in each column of your Excel file.

We have matched your column headings (on the left) with our required categories (on the right). For example, if your file has a column called "FName," the system already matched that to our "First Name" category.

- Review the matches in the table below, making any changes by selecting the drop-down menu.
- If your Excel file contains information that NAEP doesn't need (like homeroom), mark those columns as **Not Applicable**.

Tip: Do the column headings on the left display student data (e.g., Rosa) instead of column headings (e.g., Name)?

- Select the **Back to Beginning** button.
- On the **Upload File** screen, specify that your file does not contain column headers by selecting **No** for question number 1.

Completing Preassessment Activities for NAEP 2019–2020

Thank you for your support of the National Assessment of Educational Progress (NAEP) for 2019-2020. We look forward to working with you to make NAEP a positive experience at your school. This begins with completing activities before the assessment.

For the upcoming assessments, the MyNAEP for Schools website will serve as your primary resource to prepare for the assessment. MyNAEP provides you with an electronic way to complete the preassessment tasks at your own pace. Visit the MyNAEP website at www.mynaep.com to get started. If you have not yet registered for MyNAEP, refer to the School Coordinator Responsibilities: A Guide to MyNAEP brochure you received earlier this fall for instructions, or your NAEP representative can assist you.

Your NAEP representative will follow up with you very soon to review the activities listed in this brochure and answer any questions you may have about completing these tasks. There are short video tutorials for each task, and we recommend reviewing them before completing the tasks.

If you need assistance before then, contact the NAEP help desk at 1-800-283-NAEP (6237) or by email at NAEPHelp@westat.com.

The relevant section from page 88 of the Eligibility Manual for School Meals is shown below:

Because NAEP is a Federal education program, LEAs may disclose, without parent or guardian consent, children's names and eligibility status to persons directly connected to the administration or enforcement of NAEP. Additionally, LEAs may disclose children's names and eligibility status to persons directly connected with the administration or enforcement of State educational assessment programs to the extent the State assessment is part of the NAEP. Other State education programs may access participants' names and eligibility status, without parent or guardian consent. However, in both situations, the program must be established at the State (not local) level.

The term "persons directly connected" for the purpose of disclosure to NAEP includes Federal, State, and local program operators responsible for NAEP administration or compliance, and their contractors. This does not imply that these persons have routine access to participants' eligibility status. There must be a "need to know" relating to the administration or enforcement of a Federal education program or for legitimate NAEP purposes.

The above information is available on the FNS website at <https://www.fns.usda.gov/eligibility-manual-school-meals> and then select, "Eligibility Manual."

Inclusion on NAEP Fact Sheet

Inclusion on NAEP

Students with Disabilities and English Language Learners

WHAT IS NAEP?

The National Assessment of Educational Progress (NAEP) is the largest continuing and nationally representative assessment of what our nation's students know and can do in core subjects such as mathematics and reading.

NAEP is congressionally mandated, and was first administered in 1969 to measure student achievement nationally. Teachers, principals, parents, policymakers, and researchers all use NAEP results to assess progress and develop ways to improve education in the United States.

The Importance of Inclusion

The responses of students with disabilities and English language learners on NAEP represent those of hundreds of other similar students. Without them, information about how to best meet the educational needs of these students would be lost. NAEP incorporates inclusive policies and practices into every aspect of the assessment, including selection of students, participation in the assessment administration, and valid and effective accommodations. Such best practices are essential to ensuring an inclusive assessment that yields meaningful NAEP results for all students with disabilities and English language learners. By representing their peers across the nation on NAEP, students with disabilities and English language learners help to ensure that NAEP results can be used to inform efforts to improve educational programs.

To ensure that the National Assessment of Educational Progress (NAEP) reflects the educational progress of all students, students with disabilities and English language learners must be included to the fullest extent possible.

Selection

Students with disabilities and English language learners are selected to participate in NAEP just like any other student. NAEP is administered to a sample of students who represent the student population of the nation as a whole and of individual states and districts participating in the Trial Urban District Assessment (TUDA). Within each selected school and grade to be assessed, students are chosen at random to participate in NAEP. Regardless of race/ethnicity, socioeconomic status, disability, status as an English language learner, or any other factors, every student has the same chance of being chosen.

For More Information Contact your NAEP State Coordinator with specific questions about including students with disabilities and English language learners. Details of the National Assessment Governing Board's policy on testing and reporting results on students with disabilities and English language learners on NAEP are available at <http://www.nagb.org/publications/inclusion-special-population-naep.pdf>. Current NAEP accommodations and inclusion policies are posted on the website at <http://nces.ed.gov/nationsreportcard/about/inclusion.asp>.

Participation

Many students with disabilities and English language learners are able to participate in the assessment administration alongside their peers.

Participating in NAEP allows students with disabilities and English language learners to experience a large-scale assessment administration without high-stakes consequences. Since NAEP does not produce scores for individual students or results for schools, participation in NAEP is not tied to grades or evaluations of students, teachers, or schools.

Accommodations

Students with disabilities and English language learners are provided with testing accommodations so that they can demonstrate their content knowledge and skills on NAEP. NAEP offers a comprehensive set of accommodations to increase access to testing for students with disabilities and English language learners. To ensure that appropriate accommodations are determined for individual students, NAEP relies on school staff to make inclusion and accommodations decisions for those students selected for the assessment.

The accommodations allowed on NAEP and those allowed in states are often similar, but there may be some differences. Sometimes these differences result from the way that the subject being measured is defined in the NAEP frameworks. For example, NAEP does not allow read-aloud of any part of the NAEP reading test except the instructions, because decoding words is part of what the NAEP framework is measuring.

Your NAEP State Coordinator has developed inclusion guidelines for including students with disabilities and English language learners on NAEP and provided them to schools selected for the assessment. These instructions will highlight any differences between NAEP and your state's policies and provide guidance on how to include and accommodate sampled students.

Letter from Department of Education Encouraging Inclusion

UNITED STATES DEPARTMENT OF EDUCATION

Dear Principal or Administrator:

Thank you for allowing your school to participate in the National Assessment of Educational Progress (NAEP). These assessments are vital to measuring the academic skills and progress of the students in our nation and in each state.

As you know, the Individuals with Disabilities Education Act (IDEA) requires that all students with disabilities participate in state and district wide assessment programs through regular assessments, including with appropriate accommodations when necessary, or alternate assessments. The Elementary and Secondary Education Act (ESEA) likewise requires the participation of students with disabilities in the student academic assessments required under that Act, and also requires that English learners, as well as other groups of students, participate in those state assessments. The law allows for reasonable accommodations on assessments administered to English learners. Although federal law does not explicitly specify similar requirements regarding the participation of students with disabilities and English learners in NAEP, the NAEP program has been working very hard to make its sample of students taking the assessments as representative as possible of all students. We are asking you to ensure that the greatest possible number of students with disabilities and English learners in your school, who are selected to participate, do in fact take the assessments.

Please keep in mind that NAEP does not produce results for individual students or schools, as your state or district tests might. All results are summarized only at the national and state levels (and for a few large urban districts). In other words, the NAEP assessments do not impose consequences for the student or the school, and are instead intended purely to provide a picture of educational performance and progress.

We want to include as many students as possible in the picture NAEP provides for us. For this reason, we ask you to do all you can to help ensure the participation of students who are selected for NAEP whenever possible, including students with disabilities and English learners. Students taking the NAEP are able to use most of the testing accommodations they usually receive in other tests (e.g., extended time, small group testing). Most students with disabilities and English learners are indeed able to participate in NAEP with their fellow students.

NAEP is one of the most visible and important indicators of educational performance in this country, and we very much appreciate your support in making NAEP as inclusive as possible.

The Nation's Report Card: It's More Than Just a Test

Our children take tests for everything, but the National Assessment of Educational Progress (NAEP)—also called The Nation's Report Card—is unique.

The Nation's Report Card is a resource—a national wakeup call—because it offers a window into the state of our education system and what our children are learning. The results provide educators, policymakers, elected officials, and parents across the country with invaluable information regarding how our children are doing compared to other children in participating large urban districts, other states, and the nation.

When our children participate, they are helping to inform decisions about how to improve education in your state and in our country. The participation of your child can and often does lead to change.

NAEP Sparks Change Across the Country

Connecticut

In Connecticut, NAEP survey questionnaire data revealed that grade 12 African American and Hispanic students were less likely than their White and Asian/Pacific Islander peers to take advanced mathematics courses. These data informed early efforts to address uneven opportunity to learn and reduce achievement gaps. Today, Connecticut's accountability system includes an expectation that all students have the chance to experience challenging coursework in high school.

Room Layouts for NAEP Paper Sessions

The following pages contain a series of diagrams that illustrate how NAEP staff may set up a room for paper assessments. The diagrams encompass the following setups:

- Classroom Style
- Library or Media Center
- Cafeteria

Your NAEP representative will determine the best arrangement based on the characteristics of the room you identify. If setting up for the assessment requires rearranging any furniture, the NAEP team will put back the furniture when they are finished.

Classroom Style

Students in rows, facing the same direction
Good for classrooms

Library or Media Center

Good for locations where square or round tables are available

Cafeteria

Good for large rooms with long tables

If space allows, NAEP staff will put more space between students

Update Student List

Student List Requirements and Instructions

Instructions for Preparing a Current List of Students Part I: Requirements

NAEP needs a complete and current list of **all students** in the selected age group to be assessed (**not just new students**).

- The list should reflect current enrollment.
- The list should include the correct age group.
 - **For age 9 assessments:** students who are 9 years old as of 1/1/2020, with birth dates between January–December 2010
 - **For age 17 assessments:** students who are 17 years old as of 10/1/2020, with birth dates between October 2002–September 2003
- The list will help NAEP identify any students that were not included on the original list submitted in the fall of 2019.
- Include all students, even students who are commonly excluded from other testing programs.
- Your student list **must be a Microsoft Excel file** (version 95 or later). If your student information is available in a different format, you can simply copy and paste the data into Excel.
- If you need assistance, call the NAEP Help Desk at 1-800-283-6237.

Include the following information for each student in the selected age group.

- ✓ Student first name
- ✓ Student last name
- ✓ Month of birth
- ✓ Year of birth

If available, please include...

- ✓ Student middle name/initial
- ✓ State unique student ID (**do not use the student's Social Security number**)

Part II: List Format

You will need to answer questions about your Excel file's format during the upload process. Will your file have all student information in separate columns? Good! That means you're using the preferred format, pictured below.

	A	B	C	D	E
1	First Name	Middle Name	Last Name	Month of Birth	Year of Birth
2	Riley	R	Armstrong	3	2006
3	Logan	D	Barker	4	2007
4	Alexander	Michael	Brown	12	2006
5	Austin	Todd	Brown	6	2006
6	Brian	Matthew	Campbell	3	2007

NAEP will also accept student names and birth dates formatted in **single columns**.

- During the upload, you'll tell us how student names and birthdates are formatted.
- You will specify the order of student names, whether or not the student name column includes middle names, and how the names are separated (**by a space, comma, or other character**). Middle names and initials are optional. The example below is **last name, first name**.
- The same idea applies to birth dates, too. The example below is **mm/dd/yyyy**.

	A	B
1	Name	Birthdate
2	Armstrong, Riley	3/18/2006
3	Barker, Logan	4/15/2017
4	Brown, Alexander	12/2/2006

Part III: Pre-upload Checklist

Formatting errors can cause the file upload to fail. Save time by using this pre-upload checklist. If you can check off everything on this list, then you're ready to upload your file.

- The file was prepared after January 1st and contains all currently enrolled students in the selected age group.
- Blank rows do not start until after the last student record. There are no blank cells or rows within the required student information (blanks for middle names and student IDs are ok).
- The file has only one worksheet with data on it. The extra worksheets are blank.
- The file does not have any footers or images at the bottom.
- The header for my file is in a single row, and there are no images at the top.
- The filename ends with **.xls or .xlsx**.
- I understand how student names are formatted in my file.
- I understand how month and year of birth are formatted in my file.

Part IV: Special Situations & Tips

- The first row of data in your file will be read as the column headers. Each succeeding row will be considered a student record.
- Use the most current enrollment information available, so that all students have an equal opportunity to be selected for NAEP.
- If more than one age group is being assessed at your school, submit separate Excel files for each age group.
- Year-round schools with multiple tracks of students should not include any students who will be on break on the scheduled assessment date.
- **If MyNAEP cannot process your file, try selecting the Back button and revising your answers about how the Excel file is formatted.** In the example below, the user checked the wrong box for the number of digits in the birth year. The red text at the top of the screen will display the number of digits in the birth year (in this case, four).

Date: XX/XX/XXXX

FROM: NAEP representative

SUBJECT: National Assessment of Educational Progress (NAEP)

Thank you for the excellent work that you and your students have invested in learning and achievement. We are pleased that students from your school have been selected to represent thousands of students across our country by participating in the National Assessment of Educational Progress (NAEP) assessment.

This assessment monitors what U.S. students know and can do in key subject areas at the elementary, middle, and high school levels. Since 1969, NAEP has provided U.S. educators and the public with reliable profiles of student achievement. This is possible because of dedicated teachers like you who support and participate in this assessment.

Please take note of the attached lists, which contain the names of the selected students and their session numbers. It is critical to the results of the study that all students selected for NAEP attend the correct session on time. We appreciate your assistance.

Each NAEP assessment session will take 90 minutes, including transition time and directions. The sessions are scheduled for:

SESSION	DATE	TIME	LOCATION
DS0401A	Thursday, XX/XX/XXXX		
DS0401B	Thursday, XX/XX/XXXX		

Please contact your school's NAEP coordinator for additional information about the assessment. For additional information, sample questions, NAEP publications, and classroom data tools, visit the NAEP website <http://nces.ed.gov/nationsreportcard/>.

We look forward to working with you. Thank you, again, for helping us show the world the achievement of our nation's students by your support of NAEP - The Nation's Report Card.
