I. Funding Opportunity Description

Purpose of Program: The purposes of the State Tribal Education Partnership (STEP) program are: (1) to promote Tribal self-determination in education; (2) to improve the academic achievement of Indian children and youth; and (3) to promote the coordination and collaboration of Tribal educational agencies (TEAs) with State educational agencies (SEAs) and local educational agencies (LEAs) to meet the unique educational and culturally related academic needs of Indian students.

Background:

The State Tribal Education Program (STEP) was revised under section 6132 of the Elementary and Secondary Education Act, as amended by the Every Student Succeeds Act, to include one-year grants to Indian Tribes or Tribal organizations approved by an Indian Tribe that does not have a TEA (as defined in this notice) to develop Tribal Education Agencies (TEAs). This is distinct from the three-year partnership awards for which the STEP is still authorized. Therefore, in accordance with the U.S. Department of

Education's commitment to engage in regular and meaningful consultation and collaboration with Indian Tribes, a Tribal Consultation was conducted by the U.S. Department of Education, Office of Elementary and Secondary Education (OESE), Office of Indian Education (OIE), and the White House Initiative on American Indian and Alaska Native Education (WHIAIANE) regarding the OIE STEP. Consistent with the Department's trust responsibility to Tribes and our Tribal Consultation Policy, OESE consulted with elected officials of federally recognized Tribes to ensure that their views inform OESE's policy decisions related to the definitions, priorities, selection criteria, and requirements that will govern future competitions, including in FY 2019, under the current statutory authority. A response to the Tribal Consultation will be sent out in a separate correspondence. The Tribal Consultation resulted in highlighting a significant interest in expanding opportunity to Tribes that do not have a TEA, to create one.

Through this notice, OESE is establishing definitions, selection criteria, and requirements consistent with creating a new TEA to promote innovation, streamline education with an increased focus on improving student outcomes and increased value to taxpayers through building partnerships with one or multiple state or local entities, such as schools, local educational agencies or State educational agencies to help meet the goals of the project.

Requirements: We are establishing these program and application requirements for the FY 2019 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition in accordance with section 437(d)(1) of GEPA, 20 U.S.C. 1232(d)(1).

Application Requirements: Each application must contain a plan that includes the following:

- (a) Applicant must describe a plan that includes the activities to be conducted, and the objectives to be achieved to develop a TEA, as defined in this notice, by the end of this grant period.
- (b) Applicants must submit an assurance that they do not have a TEA as defined in this notice.
- (c) Applicants must provide a description of, and evidence of, past collaboration with state and local education entities.
- (d) Applicants must have resources, including at least one full-time staff member assigned to education issues, and may include funding or in-kind resources from the Tribe dedicated to supporting Tribal students' education.
- (e) Applicants must provide a timetable for accomplishing each of the objectives and activities that the applicant will undertake.
- (f) Applicants must provide a description of the method to be used for evaluating the effectiveness of the activities for which assistance is sought and for determining whether such objectives are achieved.

Program Requirements: Applicants that receive grants under this program must meet the following requirements:

- (a) Each grantee must use program funds to create a TEA, as defined in this notice.
- (b) Grantees must engage in collaborative efforts that will allow the TEA to build partnerships with state educational agencies and local educational agencies.

*ISDEAA Hiring Preference:*

(a) Awards that are primarily for the benefit of Indians are subject to the provisions of section 7(b) of the Indian Self-Determination and Education Assistance Act (Pub. L. 93-638). That section requires that, to the greatest extent feasible, a grantee--

(1) Give to Indians preferences and opportunities for training and employment in connection with the administration of the grant; and

(2) Give to Indian organizations and to Indian-owned economic enterprises, as defined in section 3 of the Indian Financing Act of 1974 (25 U.S.C. 1452(e)), preference in the award of contracts in connection with the administration of the grant.

(b) For purposes of this section, an Indian is a member of any federally recognized Indian tribe.

Definitions: We are establishing these definitions for the FY 2019 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition, in accordance with section 437(d)(1) of the General Education Provisions Act (GEPA), 20 U.S.C. 1232(d)(1). The following definitions apply to this competition:

Indian Tribe means a federally-recognized or a state-recognized Tribe.

Relevant Outcome means outcome the key project component is designed to achieve, consistent with the specific goals of the program as defined in this notice.

Tribal educational agency (TEA) means the agency, department, or instrumentality of an Indian Tribe that is primarily responsible for supporting Tribal students' elementary and secondary education. To be considered a TEA, such agency, department, or instrumentality must demonstrate that it has at least one full-time staff dedicated to education issues and has at least three of the following:

(a) a Tribally-sanctioned education code that is informed by available research on improving Indian student outcomes;

(b) Tribally-sanctioned and culturally relevant curricula and professional development strategies focused on culturally relevant instruction;

(c) a partnership with a SEA or LEA that:

(1) promotes Tribal self-determination in education;

(2) improves the academic achievement of Indian children and youth;

(3) promotes the coordination and collaboration of Tribal educational agencies with State educational agencies and local educational agencies to meet the unique educational and culturally-related academic needs of Indian students;

(4) builds capacity to administer and coordinate education programs, and to improve the relationship and coordination between Tribal education agencies and the State educational agencies and local educational agencies that educate students from the tribe;

(5) receives training and support from the State educational agency and local educational agency, in areas such as data collection and analysis, grants management and monitoring, fiscal accountability, and other areas as needed;

(6) trains and supports the State educational agency and local educational agency in areas related to tribal history, language, or culture;

(d) committed resources (e.g., funding, staff, office space) from the Tribe;

(e) autonomy from the Tribe on issues related to Indian students' elementary and secondary education.

Waiver of Proposed Rulemaking: Under the Administrative Procedure Act (5 U.S.C. 553) the Department generally offers interested parties the opportunity to comment on

proposed selection criteria, definitions, and requirements. Section 437(d)(1) of GEPA, however, allows the Secretary to exempt from rulemaking requirements regulations governing the first grant competition under a new or substantially revised program authority. This is the first grant competition for this program under section 6132 of ESEA as amended by the ESSA (20 U.S.C. 7452) and therefore qualifies for this exemption. In order to ensure timely grant awards, the Secretary has decided to forgo public comment on the requirements, definitions, and selection criteria under section 437(d)(1) of GEPA. These requirements, definitions, and selection criteria will apply to the FY 2019 competition and any subsequent year in which we make awards from the list of unfunded applications from this competition.

Program Authority: The program is authorized under section 6132(c)(1) of the ESEA, Grants To Tribes For Education, Administrative Planning, Development, And Coordination, 20 U.S.C. 7452.

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The OMB Guidelines to Agencies on Government-wide Debarment and Suspension (Non-procurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part 3474.

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian Tribes.

a. Quality of the Project Design (Maximum 50 points). The Secretary considers the quality of the design of the proposed project. In determining the quality of the design of the proposed project, the Secretary considers the following factors:

(i) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable and lead to a TEA as defined in this notice. (up to 10 points)

(ii) The extent to which the proposed project will integrate with or build on similar or related efforts to improve relevant outcomes (as defined in 34 CFR 77.1(c)), using existing funding streams from other programs or policies supported by community, State, and Federal resources. 2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit

discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.205, before awarding grants under this program the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently \$250,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards--that is, the risk posed by you as an applicant--before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds \$10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the

requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed \$10,000,000.

## VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This

dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to [www.ed.gov/fund/grant/apply/appforms/appforms.html](http://www.ed.gov/fund/grant/apply/appforms/appforms.html).

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. Performance Measure:
