Subject: EPA COVID-19 Water Sector Survey (survey ID [survey ID])

Dear Valued Member of the Water and Wastewater Systems Sector,

Thank you for the work you do every day to protect the public health and safety of our nation's citizens during these challenging times. Ensuring that drinking water and wastewater services are fully operational is critical to combating the Novel Coronavirus Disease (COVID-19) and protecting Americans from other public health risks. The United States Environmental Protection Agency (EPA) stands with you in our shared mission of protecting all Americans.

In response to this unprecedented pandemic, EPA is conducting a voluntary survey to learn how COVID-19 has affected and, looking forward, could affect water and wastewater services across the country. You are among the community water systems and wastewater treatment facilities selected to participate.

Your response to the survey will ensure that EPA and other key decision makers from the local to the federal level have accurate information about operational and financial challenges resulting from the pandemic. This information will enable us to better tailor technical assistance that could be valuable to water and wastewater systems over the coming months. EPA recognizes that not all utilities have been similarly affected and so we appreciate the information you can provide no matter what COVID-19's impact has been or could be on your system.

Published results of the survey will not include any information that can be used to identify your specific water or wastewater system. Depending on the level of impact of COVID-19 on your system, the survey should take approximately 45 to 90 minutes to complete.

We ask that you **please complete and submit the survey by [Due Date]**. If you wish to confirm the legitimacy of this survey, please contact Dawn Ison of EPA's Office of Water at [ison.dawn@epa.gov](mailto:ison.dawn@epa.gov). Survey-specific questions should be directed to **[Helpdesk Email Address]**. (Please do not reply to this email.) Please include the survey ID number, which is found in the subject line of this email, in any correspondence. Both the helpdesk address and the survey ID number can also be found in the instructions once you open the survey. For more information on the survey, visit: [www.epa.gov/placeholder](http://www.epa.gov/placeholder).

EPA's 2020 COVID-19 Water Sector Survey

Before you begin--this survey is meant to be filled out for the following organization:

Organization name and (if applicable) identifier: **[Organization Name, followed by PWSID or NPDES number if applicable]**

Organization type: **[ORG TYPE: either community water system, wastewater facility, or American Indian or Alaska Native Village utility]**

Is this your organization?

Note: if you select "No," you will exit the survey. If you are unsure about your answer, please contact EPA's survey contractor at [\[Helpdesk Email Address\]](#) and reference **survey ID [survey ID]**.

Yes

Yes, but there is a problem with the organization name and/or identifier. Correction: **[TEXT ENTRY BOX]**

No

**[Text on terminate page, which appears if the org name or type is incorrect:]** It appears the contact information we had on file (email address **[Email Address]**, associated with **[Organization Name]**, a **[ORG TYPE]**) is incorrect. Please do not complete the survey at this time, but contact us at [\[Helpdesk Email Address\]](#) to let us know what information is incorrect. Be sure to reference the survey ID number, which is **[survey ID]**.

Introduction.

Dear Valued Member of the Water and Wastewater System Sector,

Thank you for the work you do every day to protect the public health and safety of our nation's citizens during these challenging times. Ensuring that drinking water and wastewater services are fully operational is critical to combating the Novel Coronavirus Disease (COVID-19) and protecting Americans from other public health risks. The United States Environmental Protection Agency (EPA) stands with you in our shared mission of protecting all Americans.

In response to this unprecedented pandemic, EPA is conducting a voluntary survey to learn how COVID-19 has affected and, looking forward, could affect water and wastewater services across the country. You are among the community water systems and wastewater treatment facilities selected to participate.

Your response to the survey will ensure that EPA and other key decision makers from the local to the federal level have accurate information about the operational and financial challenges that you are facing or could face as a result of the pandemic. This information will enable us to better tailor technical assistance that could be valuable to water and wastewater systems over the coming year. EPA recognizes that not all utilities have been similarly affected and so we appreciate the information you can provide no matter what COVID-19's impact has been or could be on your system.

Published results of the survey will not include any information that can be used to identify your specific water or wastewater system. Depending on the level of impact of COVID-19 on your system, the survey should take approximately 45 to 90 minutes to complete.

We ask that you please complete and submit the survey by [Due Date]. If you wish to confirm the legitimacy of this survey, please contact Dawn Ison of EPA's Office of Water at [ison.dawn@epa.gov](mailto:ison.dawn@epa.gov). For more information on the survey, visit: [www.epa.gov/placeholder](http://www.epa.gov/placeholder).

Thank you for your efforts to contain and minimize the spread of COVID-19 and for providing the requested information.

Survey Instructions:

1. You were selected to participate in the survey to provide information about [Organization Name]. If you received this survey in error, please contact us at [Helpdesk Email Address] and reference your survey ID number, which is at the top of this page. It is important that we redirect the survey to the correct organization.

2. If you have any questions on the survey, please contact us at [\[Helpdesk Email Address\]](#) and reference your survey ID number.
3. If your organization manages multiple drinking water and/or wastewater systems or facilities, **please respond only on behalf of the [Organization Type] identified at the top of the page.**
4. Every participant in the survey has a unique link. **You may share the link with other members of your organization.** For example: you might fill out some sections of the survey yourself and ask a colleague to fill out other sections. Please do not share the survey link outside your organization. At the end of the survey, we will ask you to identify a primary contact to whom EPA or its survey contractor can reach out if questions arise regarding your responses.
5. To navigate forward and backward through the survey, you can use the buttons at the bottom of the page. You can also use the Table of Contents function (open it up using the icon with three horizontal lines at the top left of the screen) to jump from section to section.
6. You do not need to complete the survey in one session. Your responses will be saved as long as you press the “next” button at the bottom of the page. In addition, you can change your answers as many times as you need to before clicking the “submit” button at the end. **However, once you hit “submit,” the survey will end and you will no longer be able to change your answers.**

This collection of information is approved by the Office of Management and Budget under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq. (OMB Control No. 2040-0301). Responses to this collection of information are voluntary. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The public reporting and recordkeeping burden for this collection of information is estimated to range from 45 to 90 minutes per response. Send comments on the Agency’s need of this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques, to the Director, Regulatory Support Division, U.S. Environmental Protection Agency (2821T), 1200 Pennsylvania Ave., NW, Washington, D.C. 20460. Include the OMB control number in any such correspondence. Do not send the completed survey itself to this address.

## A. **DEMOGRAPHICS**

A. Please start by providing some basic demographic information.

Organization name and (if applicable) identifier: [\[Organization Name\]](#)

Organization type: [\[ORG TYPE: either community water system, wastewater system, or American Indian or Alaska Native Village utility\]](#)

**A1.** Please select the primary location of your operations. [drop-down menu of states and territories]

**A2.** Please tell us the approximate number of customers your [Organization Type] serves (the number of people, not the number of connections). [The next sentence to be inserted only for surveys going to community water systems (not wastewater facilities or AI/ANV utilities)] Include both those you serve directly and (if applicable) those who receive treated drinking water produced by you and resold by other systems. (Enter a number) [FIELD FOR NUMERICAL ANSWER]

**B. SUPPLY CHAIN ISSUES**

B. In this section of the survey, we’d like to know about your experiences and concerns involving COVID-19-related shortages and supply chain disruptions.

**B1.** What kinds of shortages or supply chain disruptions did your [Organization Type] experience from **January 2020 through present day**? (Select all that apply)

<input type="radio"/>	Treatment chemicals (e.g., sodium hypochlorite, lime)
<input type="radio"/>	Personal protective equipment (e.g., masks, gloves)
<input type="radio"/>	Durable goods, other critical equipment and supplies (e.g., pipes, fuel, filter media), and other items
<input type="radio"/>	None

**B1.1.1** [If “Treatment chemicals” was selected in B1] How severe were the treatment chemical shortages or supply chain disruptions that you experienced from January 2020 through present day?

Item	No impact from COVID-19	Slight (did not compromise operations)	Moderate (required operational changes to maintain a constant level of service)	Severe (affected service delivery)
Carbon dioxide	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Ferric chloride	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Fluoride	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Gaseous chlorine	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Liquid oxygen	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Lime	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Orthophosphate	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Polymers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

Potassium permanganate	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sodium hydroxide	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Sodium hypochlorite	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other - 1 [TEXT ENTRY BOX]	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Other - 2 [TEXT ENTRY BOX]	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

## D. FINANCIAL ISSUES

D. Next, please identify any financial impacts that your [Organization Type] has experienced due to the COVID-19 pandemic. As a reminder, you are answering on behalf of [Organization Name].

[This paragraph to be inserted only for surveys going to wastewater facilities (not community water systems or AI/ANV utilities).] (We understand that in some cases a wastewater facility may belong to a larger organization such as a municipality that manages multiple facilities. Please answer specifically for the wastewater facility identified above. If that is not possible, please explain how you are answering the financial questions in your response to question D6, at the end of this section.)

D1.1.1. Let's start with your [Organization Type]'s operational budget from **January 2020 to the present**. Since different organizations have different accounting periods, please tell us the cutoff date you will be using for "the present" when filling out the following table. For example, your cutoff date could be the last day of your most recent accounting month. (Please enter as mm/dd/yyyy) [DATE FIELD]

D1.1.2. Please indicate the state of your [Organization Type]'s operating budget from January 2020 to the present.

**G2.** Thank you for participating in this survey. Is there anything else you would like to tell us? **[TEXT ENTRY BOX]**

**G3.** To whom should any questions regarding your responses to the survey be directed?

1. Name **[TEXT ENTRY BOX]**
2. Title **[TEXT ENTRY BOX]**
3. Email address **[FIELD FOR EMAIL ADDRESS]**
4. Phone number **[FIELD FOR PHONE NUMBER]**

Submittal. Please double-check that you have answered all questions in the survey. (A “check” mark in the Table of Contents indicates that you have reached end of each section of the survey, but not that you have answered all questions in the section. We recommend that you go back to the beginning and page through to ensure all questions are answered.) When you press “Submit,” you will no longer be able to change your answers.
