

c. VA Form 10–10143b will collect health records of covered Veterans from non-VA health care entities and providers for care authorized under the VCCP, as required by 38 U.S.C. 1703(a)(2)(A), which requires VA to establish a mechanism to receive medical records from non-VA providers. A copy of all medical and dental records (including but not limited to images, test results, and notes or other records of what care was provided and why) related to a Veteran's care provided under the VCCP must be submitted to VA, including any claims for payment for the furnishing of such care.

d. VA Form 10–10143c will collect information from non-VA entities and providers concerning relevant credentials and licenses as required for such entities or providers to furnish care and services generally. This information is authorized by section 133 of the MISSION Act, which requires VA to establish competency standards for non-VA providers, as well as 38 U.S.C. 1703C(a)(1), which requires VA to establish certain standards of quality for furnishing care and services (including through non-VA providers).

e. VA Form 10–10143e will collect secondary authorization requests from non-VA entities and providers to furnish care and services in addition to or supporting the original authorization for care. This information is required by 38 U.S.C. 1703(a)(3), which establishes that a covered Veteran may only receive care or services under the VCCP upon VA's authorization of such care or services.

f. VA Form 10–10143f will allow for the submission of paper documents in support of a non-VA provider claim for emergency care rendered in the community when not accompanied by a paper Health Care Claim form. This Community Care Document Cover Sheet will be used exclusively for the submission of medical documentation for unauthorized emergent services for patients otherwise covered by VA.

g. VA Form 10–10143g will be used to provide 72-hour notification to VA when a Veteran receives emergent care from a non-VA provider. This form should be completed by the non-VA provider within 72 hours of the beginning of treatment.
