OMB #2900-0660

**A. JUSTIFICATION:**

- 1. Explain the circumstances that make the collection of information necessary. Identify legal or administrative requirements that necessitate the collection of information.**

The Department of Veterans Affairs (VA), through its Veterans Benefits Administration (VBA), administers an integrated program of benefits and services established by law for veterans, service personnel, and their dependents and/or beneficiaries. 38 U.S.C. 5502 and 38 U.S.C. 5711 provide that VA has the authority to make investigations and examine witnesses upon any matter within the jurisdiction of the Department, including determining whether a fiduciary of a VA beneficiary is properly executing his/her duties.

- 2. Indicate how, by whom, and for what purposes the information is to be used; indicate actual use the agency has made of the information received from current collection.**

Form Letter 21P-30 is used to locate a fiduciary, beneficiary, claimant, or witness when a field examination is necessary in order to gather information that is needed to maintain program integrity. The form is used only when contact information cannot be obtained by other means, or when travel funds may be significantly impacted (e.g., when the individual resides in a remote location and has a history of not being home during the day or when visited).

- 3. Describe whether, and to what extent, the collection of information involves the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses, and the basis for the decision for adopting this means of collection. Also describe any consideration of using information technology to reduce burden.**

The collection of information does not involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. The information is obtained by telephone and internet map and directory sites whenever possible. Form Letter 21P-30 is partially completed by VA with claimant-specific information before it is mailed to certain individuals. To avoid improper use by claimants who are not required to submit this form, the form is not available on the VBA website for downloading. Currently, there has been no consideration of using other information technology. The Department will reconsider using other information technology when the resources become available, and usage of this form increases.

- 4. Describe efforts to identify duplication. Show specifically why any similar information already available cannot be used or modified for use for the purposes described in Item 2 above.**

Program reviews were conducted to identify potential areas of duplication; however, none were found to exist. There is no known Department or Agency which maintains the necessary information, nor is it available from other sources within our Department.

**5. If the collection of information impacts small businesses or other small entities, describe any methods used to minimize burden.**

The collection of information does not involve small businesses or entities.

**6. Describe the consequences to Federal program or policy activities if the collection is not conducted or is conducted less frequently as well as any technical or legal obstacles to reducing burden.**

Form Letter 21P-30 is used to locate a fiduciary, beneficiary, claimant, or witness when a field examination is necessary in order to gather information that is needed to maintain program integrity. The form is used only when contact information cannot be obtained by other means, or when travel funds may be significantly impacted (e.g., when the individual resides in a remote location and has a history of not being home during the day or when visited).

If the collection were not conducted, VA would have no means of obtaining the contact information needed to interview individuals who are difficult to locate. Without this information, VA could not effectively administer its benefit programs and misuse of funds and fraud could continue.

**7. Explain any special circumstances that would cause an information collection to be conducted more often than quarterly or require respondents to prepare written responses to a collection of information in fewer than 30 days after receipt of it; submit more than an original and two copies of any document; retain records, other than health, medical, government contract, grant-in-aid, or tax records for more than three years; in connection with a statistical survey that is not designed to produce valid and reliable results that can be generalized to the universe of study and require the use of a statistical data classification that has not been reviewed and approved by OMB.**

There is no special circumstance requiring collection in a manner inconsistent with 5 CFR 1320.6 guidelines.

**8. If applicable, provide a copy and identify the date and page number of publications in the Federal Register of the sponsor's notice, required by 5 CFR 1320.8(d), soliciting comments on the information collection prior to submission to OMB. Summarize public comments received in response to that notice and describe actions taken by the sponsor in responses to these comments. Specifically address comments received on cost and hour burden.**

**9. Explain any decision to provide any payment or gift to respondents, other than remuneration of contractors or grantees.**

No payments or gifts to respondents have been made under this collection of information.

**10. Describe any assurance of privacy to the extent permitted by law provided to respondents and the basis for the assurance in statute, regulation, or agency policy.**

The records are maintained in the appropriate Privacy Act System of Records identified as "Compensation, Pension, Education, and Vocational Rehabilitation and Employment Records-VA (58VA21/22/28)," published at 74 FR 29275 on June 19, 2009, and last amended at 84 FR 4138 (February 14, 2019).

**11. Provide additional justification for any questions of a sensitive nature (Information that, with a reasonable degree of medical certainty, is likely to have a serious adverse effect on an individual's mental or physical health if revealed to him or her), such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private; include specific uses to be made of the information, the explanation to be given to persons from whom the information is requested, and any steps to be taken to obtain their consent.**

There are no questions of a sensitive nature.

**12. Estimate of the hour burden of the collection of information:**

- a. Number of Respondents is estimated at 5,000 per year.
- b. Frequency of Response is once.
- c. Annual burden is 1,250 burden hours.
- d. The estimated completion time of 15 minutes.
- e. The respondent population for Form Letter 21P-30 is composed of individuals who are required to locate a fiduciary, beneficiary, claimant, or witness when a field examination is necessary in order to gather information that is needed to maintain program integrity. VBA cannot make further assumptions about the population of respondents because of the variability of factors such as the educational background and wage potential of respondents. Therefore, VBA used general wage data to estimate the respondents' costs associated with completing the information collection.

OMB #2900-0660

The Bureau of Labor Statistics (BLS) gathers information on full-time wage and salary workers. According to the latest available BLS data, the mean hourly wage is \$25.72 based on the BLS wage code – “00-0000 All Occupations.” This information was taken from the following website: [https://www.bls.gov/oes/current/oes\\_nat.htm](https://www.bls.gov/oes/current/oes_nat.htm).

Legally, respondents may not pay a person or business for assistance in completing the information collection. Therefore, there are no expected overhead costs for completing the information collection. VBA estimates the total cost to all respondents to be \$30,900 (1,250 burden hours x \$25.72 per hour).

**13. Provide an estimate of the total annual cost burden to respondents or recordkeepers resulting from the collection of information. (Do not include the cost of any hour burden shown in Items 12 and 14).**

This submission does not involve any recordkeeping costs.

**14. Provide estimates of annual cost to the Federal Government. Also, provide a description of the method used to estimate cost, which should include quantification of hours, operation expenses (such as equipment, overhead, printing, and support staff), and any other expense that would not have been incurred without this collection of information. Agencies also may aggregate cost estimates from Items 12, 13, and 14 in a single table.**

Estimated Costs to the Federal Government:

Grade	Step	Burden Time	Fraction of Hour	Hourly Rate	Cost Per Response	Total Responses	Total
7	3	5	0.08	\$19.26	1.605	5,000	\$ 8,025.00
Overhead at 100% Salary							\$ 8,025.00
9	3	5	0.08	\$23.55	1.963	5,000	\$ 9,812.50

Processing / Analyzing Costs							\$ 59,425.00
Printing and Production Cost							\$ 660.28
Total Cost to Government							\$ 60,085.28

Overhead costs are 100% of salary and are the same as the wage listed above and the amounts are included in the total.
