

obsolete rule text would promote clarity to the Fee Schedule and reduce confusion to ETP Holders as to which fees and credits are applicable to their trading activity on the Exchange. The Exchange believes it is reasonable to delete the obsolete fees and credits from the Fee Schedule and thereby, streamline the Fee Schedule, to promote clarity and reduce confusion as to the applicability of fees and credits that ETP Holders would be subject to. The Exchange believes deleting obsolete fees and credits would also simplify the Fee Schedule.

The Exchange believes that deleting obsolete fees and credits from the Fee Schedule is equitable and not unfairly discriminatory because the resulting streamlined Fee Schedule would continue to apply to ETP Holders as it does currently because the Exchange is not adopting any new fees or credits or removing any current fees or credits from the Fee Schedule that impact ETP Holders. All ETP Holders would continue to be subject to the same fees and credits that currently apply to them.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹² the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Intramarket Competition. The Exchange's proposal to delete obsolete fees and credits from the Fee Schedule will not place any undue burden on intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because all ETP Holders would continue to be subject to the same fees and credits that currently apply to them. To the extent the proposed rule change places a burden on competition, any such burden would be outweighed by the fact that a streamlined Fee Schedule would promote clarity and reduce confusion with respect to the fees and credits that ETP Holders would be subject to.

Intermarket Competition. The Exchange believes the proposed rule change does not impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange operates in a highly competitive market in which market participants can readily choose to send their orders to other exchanges and off-

exchange venues if they deem fee levels at those other venues to be more favorable. Market share statistics provide ample evidence that price competition between exchanges is fierce, with liquidity and market share moving freely from one execution venue to another in reaction to pricing changes.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹³ of the Act and subparagraph (f)(2) of Rule 19b-4¹⁴ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁵ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (“Paperwork Reduction Act”) (44 U.S.C. 3501–3520), the Securities and Exchange Commission (the “Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information discussed below.

Rule 30b1–8 under the Act [17 CFR 270.30b1–8], entitled “Current Report for Money Market Funds,” provides that every registered open-end management investment company, or series thereof, that is regulated as a money market fund under rule 2a–7 [17 CFR 270.2a–7], that experiences any of the events specified on Form N–CR [17 CFR 274.222], must file with the Commission a current report on Form N–CR within the time period specified in that form. The information collection requirements for rule 30b1–8 and Form N–CR are designed to assist Commission staff in its oversight of money market funds and its ability to respond to market events.

It also provides investors with better and timelier disclosure of potentially important events. Finally, the Commission is able to use the information provided on Form N–CR in its regulatory, disclosure review, inspection, and policymaking roles. The rule imposes a burden per report of approximately 8.5 hours and \$1018.5, so that the total annual burden for the estimated 6 reports filed per year on Form N–CR is 51 hours and \$19,839.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act. The estimate is based on communications with industry representatives, and is not derived from a comprehensive or even a representative survey or study.

The collection of information on Form N–CR is mandatory for any fund that holds itself out as a money market fund in reliance on rule 2a–7. Responses will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
