Appendix C-6. State Director Web Survey Screen Shots

OMB Number: 0584-#### Expiration Date: XX/XX/20XX

INTRODUCTION

The U.S. Department of Agriculture's Food and Nutrition Service (FNS) is conducting a study to obtain information about the administration and oversight of the Summer Food Service Program (SFSP) and to identify potential barriers to ensuring the integrity and effective management of the program. FNS hired Westat to conduct the SFSP Integrity Study to describe how different entities (States, sponsors, and sites) administer and oversee the SFSP, any program integrity challenges, and any resources or training that could better support the effective administration and monitoring of the SFSP.

The first part of the SFSP Integrity Study involves a survey of all State agencies that administer SFSP. The survey will answer questions like:

- · How do States train sponsors?
- · How do States monitor sponsors and sites?
- · What integrity challenges do States face?

Your answers are important, and will help FNS understand more about how the SFSP is administered. There are no right or wrong answers. If you are unsure of how to answer a question, please give the best answer you can.

The survey link may be shared, and other staff in your agency may login to complete the survey. However, the State Child Nutrition Director must approve and submit the completed survey. This survey should take no more than 20 minutes to complete.

Participation in this study is voluntary, and the information collected will be used to determine resources, develop training, and provide technical assistance. Refusal to participate will not have any impact on your position, your State agency, or child nutrition programs. You may also skip questions that you do not wish to answer.

Under the Privacy Act of 1974 and the System of Record Notice FNS-8 USDA/FNS Studies and Reports, any personally identifying information obtained will be kept private to the extent provided by law. We will use all data we collect only for the purposes we describe. In the final report we will present the aggregated survey data, and will not link individual States to their responses. The raw survey data will be submitted to FNS at the end of the study for research purposes, and your responses will not impact your agency, the SFSP, or you or your staff in any way.

You may login to the survey link as many times as you wish in order to complete the survey between now and [DATE]. Simply click "Save and Continue Later" at the bottom of the screen before logging out to save your answers. The survey will close on [DATE].

Please answer the questions in the survey based on your State's current policies or procedures.

If you need additional information, please call [study phone number] or email us at [study email]

Thank you.

The Food and Nutrition Service (FNS) is conducting this study to obtain information about the administration and oversight of the Summer Food Service Program and to identify potential barriers to ensuring the integrity and effective management of the program. Participation in this study is voluntary and the information collected will be used to determine resources, develop training, and provide technical assistance. Under the Privacy Act of 1974 and the System of Record Notice FNS-8 USDA/FNS Studies and Reports, any personally identifying information obtained will be kept private to the extent provided by law. According to the Papenwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-XXXX. The time required to complete this information collection is estimated to average 20 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Policy Support, 3101 Park Cleater Drive, Room 1014, Alexandria, VA 22302 ATTN: PRA (0584-xxxx).

SECTION L: SUBMIT SURVEY (State Child Nutrition Director only)

I, [State CN Director Name], have reviewed the information in this survey and confirm that it is an accurate accounting of the administration of SFSP in my State.

Thank you for participating in this USDA study.

FNS anticipates the study results will be published in [DATE 2021] on the FNS website, located here: https://www.fns.usda.gov/ops/child-nutrition-programs.
