CONTINUE TO MORE DETAIL.

MORE DETAIL: FNS is sponsoring a new study to better understand how SNAP agencies are providing case management in their SNAP E&T programs, conducting assessments, and delivering participant reimbursements and other supports after participants are referred to E&T. FNS has contracted with Mathematica to conduct a survey of all 53 SNAP agencies. The information you provide in the survey will be used to inform best practices and support SNAP E&T programs across the country. It will also be included in a [State/territory name] profile as part of the study's final report.

As a reminder, participation in this study is voluntary. Be assured that there will be no penalties if you decide not to respond, either to the information collection as a whole or to any particular questions. The information you provide will be private and will not be maintained or disclosed in identifiable form to anyone, except as otherwise required by law.

To participate, we are asking you to complete a 45-minute online survey. The survey includes four sections. When you complete the introductory section, you may assign other staff to complete sections 1, 2, and 3. Section 1 asks about case management, Section 2 asks about assessments, and Section 3 asks about participant reimbursements and support services. You may complete those sections yourself, if you prefer. We ask you to please complete at least the introductory section as soon as possible.

Would you like me to ask you the questions from the introductory section now, as we're already on the phone? It will only take a few minutes.

IF YES: Great! Give me one moment to pull up your survey. For quality assurance purposes, do you mind if I record the interview?

IF RECORDING OKAY: Okay, I'm going to place you on hold briefly to set up the recording. *[Instructions: In Jabber window, click Meet Now icon. Have WebEx meeting call you. Join the meeting by pressing 1. In your Jabber window, click the three dots, then select Merge and the caller name/number. After the calls are merged, click record.]*

IF RECORDING NOT OKAY: Okay, I understand.
