

Attachment 3b Contact Information Form

**Assessing the acceptability and adoptability of HIV-1 pre-exposure prophylaxis (PrEP)
technologies with and without contraceptive formulation among African American women in the
southeastern United States**

Public reporting burden of this collection of information is estimated to average 2 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-1091).

SECTION 2: PHONE SCHEDULING - ONCE RESPONDENT IS DETERMINED TO BE ELIGIBLE

Thank you again for your interest in our study. I am calling back about the 2ADoPT research study we are conducting in order to gain input on medical advancements in women’s health. You have been selected to participate in the study, if you would still like to.

POINTS TO COVER:

- The interview takes about 70 minutes.
- An interview is a like a conversation where someone on our team will serve as the interviewer. The interviewer will ask you questions and you will provide your thoughts, experiences, and feelings related to each of the questions. At the end, we will ask you a short set of questions so that we better understand you.
- The interview needs to be in person. We’ll have an interviewer in
- [AREA] at
- [LOCATION] on
- [DATES]
- You will receive \$40 cash following the interview.

Do you have any questions?
